Question:	What did you think were the best things about this course?	
Response Rate:	100.00% (5 of 5)	
1	Time management.	
2	The opportunity to express your artistic visions and interpret things in your own way.	
3	N/a	
4	I learned SO MUCH!! Professor Bowes allowed me to have creative freedom but was very clear/realistic about what would work.	
5	Creating things with different clays and techniques.	

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	100.00% (5 of 5)	
1	The schedule was quite tight, I didn't mind going in extra days but I wish that it would have been clearly stated at the beginning that extra class time would be expected of us.	
2	Overall I enjoyed this class and would not change anything.	
3	N/a	
4	I'd say little time, i had to go in extra days and stay late to finish my assignments.	

5	I feel that it would be beneficial for the instructor to not only show the tutorials but to be more approachable when asking questions during the process of trying to learn afterwards. Sometimes examples while a student is in the process of trying to do what the instructor told them some guidance in the moment could be helpful.

2	The classroom itself was awesome. However, it was always a drastic temperature. When it was warm outside, it was freezing inside. I didn't mind that too much but it was pretty bad when it was chillier outside. The classroom was HOT and stuffy. But I am sure that's an easy fix and just needs to be communicated. (:

4	It can become very warm at times
