Response Rate:	54.55% (6 of 11)

2	the pearson site used for additional assignments was not as organized as I seen other courses use it. All courses were on due on the same day June 6, so I had to consistently go back to this day to access the courses. I would of liked it better if the assignments were linked to the dates they were due. I would have also liked the arrangement of the assignments in sequence of review. ex: the guide should have been first to access with the exam review last.
