Qualitative

What did you think were the best things about this course? -

- everything

What were the course's weaknesses and areas in need of improvement? -

- some of the work
- Where I needed to go to complete assignments and how to complete them wasn't clear. All of my attempts were not captured by the system, caused repeating some sections multiple times.

Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.). -

- Forcing the use of actions from the ribbon/menus when shortcuts such as right clicking or using shortcut are used in real life was challenging and a waste of time. This course could be completed in a fraction of the time instead of being forced to click through materials that didn't add value. It was a lot of busy work for people who don't have a lot of extra time.

Please add any additional comments you may have about this course: -

- This course was very time consuming and the way the technology is set up is confusing. It is a waste of time for people who use these tools every day to be forced to work for hours clicking through content for what? They'll probably move the functionality to a different area in the next release or two but Ctrl + C will still be "copy".

I found this course evaluations system easy to use. -

- yes
- yes kinda

Based on my experience with this course evaluation system, I will be more likely to complete all my evaluations in the future. -

- yes
- If they are like this class, I will. Possibly consider a different school.
