Question:	What did you think were the best things about this course?
Response Rate:	75.00% (15 of 20)

1	the class discussions to get perspective from others	
2	the amount of work was reasonable mostly	

3	When we got to talk to our peers and have them read our essays, so we can get any feedback in real-time.	
4	This course allowed me to practice writing different styles of essays. There were alternatives if you missed class so you were never behind on learning.	
5	The very first essay was a good intro to the class and the expectations of the course	
6	The professor was really nice and very helpful!	
7	The professor is extremely nice and positive. I really like the reading journals that she does follow by class discussions about them. Those class discussion helped me get a better understanding on literary concepts and find "deeper meaning" in certain topics. She also does little PowerPoint lectures were she explains things that might help us on our essays.	
8	The professor, was amazing, understanding and had a great teaching style.	
9	That we have in class discussions where we all get to share our take and opinions on what we are doing in class.	
10	I thought the best things about this course was the ability to communicate via discussion boards with fellow classmates.	
11	I really enjoyed how we had so much time to complete assignments and how we didn't have to attend class as long as we did face-to-face alternative work.	
12	I liked that we had the opportunity to go online or in person every week.	
13	I liked having the option to do the course online, even though I believed I only perform well in in-person class. I liked the descriptions and examples Dr. Childs provided for us; for example, she gave us examples of good and bad reading journal responses. The class was technically an in-person class, but I think she provided good resources and directions for the alternative assignments if you decided to stay home.	
14	Earning the College credit after passing the class.	
15	Dr. Childs created an environment where everyone had the potential to become a great writer. She would always critique our homework fairly and her feedback would help improve our work.	

Question: What were the course's weaknesses and areas in need of improvement?		
Response Rate: 70.00% (14 of 20)		
1	n/a	
2	maybe not require the papers to be so long	
3	We sometimes go off on something that we do not necessarily need to spend time on because everyone wants to share their opinion. It should still be about the task we are doing though, so that we receive good grades.	
4	The dual credit system is what's flawed. You can not excel effectively when doing Highschool and college at once.	
5	Some of the assignment sheets were a little confusing or hard to understand.	
6	Nothing.	
7	Maybe post the reading journals earlier so students can have more time to do them.	
8	I wish that we could have at least read one more book for our class. I feel as though we should spend our first two essays on us and then spend our last essays on different books. This would give us a better chance of success on our final essay.	
9	I think the criteria for in-class participation need to be more clearly stated.	
10	I think it relies on the essays too much.	
11	I often did not feel prepared for essays given in this course.	
12	I didn't really like doing the essays back-to-back because it got really overwhelming at times. At times, we would have to do other assignments on top of having to work on our essays; maybe that was just for the kids who did it online but i'm not sure.	
13	A few of the required readings were difficult to understand but overall they were understandable

Question: Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):

Response Rate: 70.00% (14 of 20)		
1	the content was by the week	
2	all	
3	Very nice building.	
4	The school had good computers, and was easy enough to find.	
5	The new COM facility is very nice and the computers are very helpful.	
6	The computers worked great and the projector was very effective.	
7	The campus facilities are great besides the air conditioner malfunctioning.	
8	I don't have an opinion about this.	
9	I did like that we had the computer in front of us, so if we wanted to view an assignment or pull up a document immediately, we could do so with the computer.	
10	From my online and in-person interactions with Dr. Childs, she was always very helpful and very positive!	
11	Everything was set up in a way the benefits the students	
12	Classroom is okay. you can mostly see everything.	
13	Blackboard was later out and organized very clearly. Dr Childs did a very good job with organization and clear deadlines.	
14	Always felt welcome by the front desk workers, technology was updated and easy to use.	

Question: Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):		
Response Rate: 75.00% (15 of 20)		
1	nothing	
2	not enough details for essays	
3	none.	
4	n/a	
5	n/a	
6	blackboard was iffy	
7	The school felt cramped.	
8	The room was kind of in an obscure place and I constantly was found walking into the wrong classroom.	
9	NA	
10	N/A	
11	Many of the computers in the classroom had issues	
12	I don't have anything negative to say.	
13	I don't have an opinion about this.	

14	Blackboard did go down quite often, but would usually be up by the next day.	
15	Air conditioner

5	My dream is to become a journalist, and because of this class I believe I can achieve my dream. Dr. Childs is the best Composition teacher a student needs. She is nice, stern, fair, and actually cares about if students are struggling or not. She has pushed me to become a better writer and I love that. I am very thankful that I was able to join her class.	
6	I think she's a great professor and seems very worldly and down to earth.	
7	I really enjoyed the course and how well informed the teacher was.	
8	I am sorry for my unsatisfactory performance, I just am having a hard time adjusting.

5	The best things in this course was how it helped show me how to read something and write about it but in even more depth than I usually would have. It helped me write more in detail.	
6	The best thing about course was that she posted assignments the weekend before the next weekend they were due.	
7	The availability to do assignments from home. As well as how the essay prompts related to our future goals.	
8	Professor Childs was very understanding when my health affected my school work and graded everything fairly.	
9	I really enjoyed how interactive and enthusiastic Professor Childs is. I always felt really comfortable and important while in her classroom, seeing she made it a point to speak to every student entering and exiting her room.

Response Rate:	28.57% (4 of 14)

Question:	What did you think were the best things about this course?
Response Rate:	66.67% (4 of 6)

1	The best thing was that there were before class assignments which really helped me to better understand what we are doing in class and already have questions and their answers I would look for in class discussions.	
2	I think the best things about the course were the instructional videos that were posted and the feedback from the essays. I believed that's how I learned the best in this course.	
3	I liked how the BB page was very organized and easy to find my assignments.	

4	Getting personalized help with the professor	
---	--	--

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	83.33% (5 of 6)	
1	none	
2	There is not as much of the in person conversations to share ideas between students. It is present through responding on other students responses through blackboard but it does not have that same interaction as it would if it took place in person.	
3	Maybe sometimes to work in class on major papers would help with procrastination	
4	I found it hard to know what the expectations were for the participation grade, especially since there is no certain criteria.	
5	I believe the course's biggest weakness was the lack of diversity in the assignments.	

Question:	Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):	
Response Rate:	66.67% (4 of 6)	
1	Very clean facility, easy to get to.

Question:	What did you think were the best things about this course?
Response Rate:	83.33% (15 of 18)

1	learning about old British literature which I had a great interest in	
2	it was very organized	
3	Very organized, consistent deadlines	

4	There was not an insane amount of work.	
5	The freedom that we had when expressing how we felt about certain materials.	
6	The different varieties of reads I did, if it was not for this class I would have never read complicated text that were given.	
7	The daily grades were usually very easy to understand and it was nice to know I knew what was expected every week.	
8	The ability to do it whenever during the week and the low workload given.	
9	Reading unique material	
10	It helped with my reading and understanding text skills	
11	I would have to say the student-to-student interactions/feedback. I found it very helpful to hear what other people in my class had to say about what we were reading.	
12	I liked how the assignments were repetitive so I knew what to expect each week, along with the rest of my work load.	
13	I like how structured this class is, and each week the work is easy to find!!	
14	I like how my professor provides detail on each assignment and is fast at responding when I need help.	
15	I enjoyed the discussion aspect of the course, especially being able to read how other students interpreted the text. It was helpful and interesting.	

Question:	What were the course's weaknesses and areas in need of improvement?
Response Rate:	83.33% (15 of 18)

1	nothing, overall a great class!	
2	it wasn't easy and didn't have much help	
3	essays took a long time to receive grades back	
4	We did the same thing every week so by the end it felt more like a chore and not so much like I was learning, just trying to get through it.	
5	The pieces we have to read are very difficult but with the understanding that the course is British literature.	
6	The grading timing	
7	Some things were confusing on the essay	
8	Some amount of work was slightly unreasonable for the time frame	
9	Reading books that can be comprehended easier.	
10	It's hard to say, but I don't think it is ideal to have 3 mini essays all due in 4 days from when the teacher assigned for the final.	
11	I would've liked to see more variety in our assignments, although I did enjoy the lack of unexpectedness, it felt repetitive at times merely doing the same assignment with a different text every week.	
12	I wish all of the content and weekly assignments would be posted from the beginning of the class.	
13	I think the essay weighed a bit too heavy on the grade compared to the daily assignments.	
14	I think the grading would have to be the weakest area in this course, just because some things I feel like aren't looked over properly.	
15	Although we read a lot of different stuff, the way we presented our understandings on the readings each week was the same. Additionally, all the major writing grades we did in this class were essay analysis based, and I wish we got try some different writing techniques.	

Question:	Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):
------------------	---

Response Rate: 83.33% (15 of 18)	
1	very easy and was really just my opinion on the reading material
2	the organization of blackboard was great
3	the online database was easy to work with.
4	blackboard is easy to use
5	The organization
6	I think positive aspects are they cleanness and structure of all of her work
7	I really enjoy using blackboard, as it is super easy to navigate. Furthermore, their technical support team has been very helpful in the past when I was having issues exessing a lockdown browser.
8	I enjoyed how Professor Childs included a weekly checklist with every assignment. It helped me stay organized and she came across as an approachable yet respectable instructor.
9	I enjoy using blackboard.
10	I could do work almost anywhere at anytime and my schedule was flexible.
11	I am online only.
12	I am an online only student but blackboard works very well, but is a little hard to navigate at first.
13	Dr. Childs was very understanding and responded to questions very fast.
14	Computer software was good
15	Amazing arrangements and time given to do assignments

Question: Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):	
Response Rate: 66.67% (12 of 18)	
1	there weren't any.
2	none
3	essay grades took a bit longer, it's better to have those graded first since they make up more of the grade
4	The only "negative aspect" I have to say is when the black board website crashes or is under maintenance.
5	Sometimes I couldn't log into blackboard so i couldn't get my assignments done when i wanted and had to wait until the next day or even the day it was due to turn stuff in.
6	Online
7	None
8	None to report.
9	No issues
10	N/A
11	N/A
12	Hard to understand at first.

Question:	Please add any additional comments you may have about this course:	
Response Rate:	44.44% (8 of 18)	
1	none	
2	This course taught me a lot of new information, I enjoyed the course a lot.	
3	None to report.	
4	N/A	
5	I think she is a good teacher and taught the course well but theres was such little room to improve your grade other than the two essays	
6	I really wish that my teacher chose to believe me over grading based on a standard, but I understand she was just doing her job.	
7	I really like this course and this professor is great!	
8	I have had Professor Childs for two semesters now. Both British Lit and English 1302 and the classes were pretty easy and flexible. She has always seemed helpful and was quick to respond to my emails.

1	the way she taught was very effective and the way she used the time in class and encouraged us to participate was good.	
2	The professor seemed to really love the course she was teaching.	
3	The fact I was able to read many good tales and I was able to enjoy myself and understand the homework	

4	I think the best thing about British Literature is that we also learned the history of the literature and read very important pieces of literature that I would not have read otherwise.	
5	I really personally like the teacher she makes it easy and clear to understand the topics to which she had great knowledge of what she is teaching. Truly can tell she loves literature and what makes this class clear to understand and I really like how organized her blackboard is as well.	
6	I enjoy how Dr Childs seems to like teaching us about British literature and I enjoyed how layed back the atmosphere was throughout the semester.	

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	75.00% (6 of 8)	
1	The way essays are graded need some improvement. I don't really understand how they were really low besides improper mla format	
2	The grading was inconsistent and slow.	
3	Some of the stories we had to read were too strange for us to comprhend sometimes but that makes it fun. Otherwise its fine.	
4	She graded way too hard on essays thinking most of us were Gods at English or something and resulted in a lot of people failing or coming close to that.	
5	I think the prompts for the essays should be more clear, but other than that I enjoyed this course.	
6	I do not have any.

3	The AC unit turning on upstairs is loud and scary sounding lol	
4	No negatives.	
5	N/a	
6	Blackboard has technical problems often which is frustrating.
