Question:	What did you think were the best things about this course?	
Response Rate:	85.71%	(6 of 7)
1	Working with clients	
2	The best thing about this course was being able to rely on my classmates to teach the material.	
3	Nothing	

4	Nothing	
5	Nothing. Didn't learn anything.	
6	It's hard to say because I really didn't learn much in this course unfortunately	

<b>Question:</b> What were the course's weaknesses and areas in need of improvement?		
<b>Response Rate:</b> 100.00% (7 of 7)		
1	This course lacked structure. The syllabus was not followed. There was confusion and miscommunication throughout the class.	
2	This class is a 16 week class we have not seen any grades communication is horrible this is our longest class of spring semester and I feel it shouldn't have even been this long for the amount of knowledge we've learned .	
3	The instructor	
4	Learned very little throughout the entire 16 week course. The instructor was very unprofessional and full of attitude 99% of the time. Always had the class teach each other. And much more	
5	It's way to long for no reason it shouldn't take 16 weeks to lean this. We were thought nothing and manged to make it work on our own. Teacher has a MAJOR attitude problem	
6	Instructor acted like she didn't want to be there. Her attitude towards each of us was horrible. She didn't teach. She had all the grades in the wrong places when she showed us the grade book. Didn't follow the syllabus. Didn't follow dress code. I didn't learn anything at all. Waste of time.	
7	I feel like the instructor needs more help in learning how to teach a class and the materials as well as following course schedule	

<b>Question:</b> Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):		
<b>Response Rate:</b> 57.14% (4 of 7)		
1	She's literally never positive	
2	Nothing....a/c doesn't work.	
3	None we didn't have A/c or door handles the whole semester almost	
4	It's hot	

<b>Question:</b> Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):		
<b>Response Rate:</b> 71.43% (5 of 7)		
1	The building's AC is was broken for almost the entirety of the class with made it difficult to focus.	
2	Power went out, floor tiles pop up, no door handles till end of semester, bathroom smells weird, no a/c	
3	It's hit	
4	Attitude, dresses unprofessional, acts unprofessional, has little to no respect for students, doesn't teach at all, and much more	
5	A/c doesn't work. Instructor is a miserable person to be around and made the entire class not want to be there. Not professional at all. Never prepared for class. Most the time we sat there waiting on her to decide what we were gonna do for the day. The only teaching was us teaching each other.	

<b>Question:</b> Please add any additional comments you may have about this course:		
<b>Response Rate:</b> 85.71% (6 of 7)		
1	When bringing in new teachers have them go through an evaluation process or something. This was a waste of money and time. I will not be signing up for anymore classes with Com if she is the instructor. I pay for an education not an unorganized, sloppy person who doesn't know what she is teaching.	
2	The instructor was a big factor in the negative aspects of the class environment. They often gave an attitude or made a bunch of uncalled decisions and did not follow the rules that were in place by the school. I wish I could say this course was enjoyable but in reality it just made me rethink on if I was actually learning anything or if I was even going to pass.	

3	Na	
4	I learned nothing in this class unfortunately	
5	I have a lot to say but would definitely prefer a meeting with someone about this instructor	
6	I do not believe Ms. Cruz is a bad teacher. She is wonderful person but I do not believe chemical reformation is a class she should be teaching. I don't know if it was because she was not prepare to teach the class but it took about 8 weeks into the class to get the syllabus and a skills sheet.
