Question:	What did you think were the best things about this course?	
Response Rate:	83.33%	(5 of 6)
1	the fact that the practice quizzes and flashcards weren't accessible.	
2	it was online so that I could go at my own pace	
3	The content	
4	The best thing about this course was the satisfaction and relief I would feel whenever I completed all of the posted material and had to wait for the next module to be posted. The instructor was also very nice. He was reliable and understanding of the issues I will detail in some of the following comments.	
5	Nothing.	

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	83.33%	(5 of 6)
1	some of the work had to be reset due to some issue that were out of the hands of the students	

2	having a professor that doesn't answer emails at 11:00 pm.	
3	The functionality of the website and the timely grading of assignments. The website was an absolute nightmare to use. The first exam I took, I answered 43/43 questions correctly. I was promptly given a 43 on the exam. This was a problem that the instructor would later fix after around 2 months of waiting. As of writing this, 100% of my assignments are not graded. The instructor appears to be waiting until the class closes to grade assignments, resulting in 0 feedback.	
4	None	
5	Almost everything. To be honest, the course was a mess. The commitment to the course by the instructor was minimal at best.	

Question:	Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):	
Response Rate:	50.00% (3 of 6)	
1	nice, accepting and easy to work with	
2	Very organized	
3	The instructor appeared to assist me the best he could throughout the issues with the website. He would often times respond within 10 minutes during a weekday.	

Question:	Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):	
Response Rate:	50.00% (3 of 6)	
1	some tech issue that took very long times to get fixed	
2	Once again, the website, Brightspace, made this course a nightmare. The first 8 quizzes I was supposed to take and took in this class were "faulty" or something of that sort, and I was required to retake all 8. Luckily, my instructor resolved parts of this issue, and I only had to retake 2 of them.	
3	None	

Question:	Please add any additional comments you may have about this course:	
Response Rate:	33.33% (2 of 6)	
1	The course was a disaster. If it was not an automatic grade done by a computer, no grade was entered. Even at this time, I have received no grades on countless assignments that required instructor assessment. Horrible. I don't know what my overall grade might be in this course, because most assignments have not been graded.	
2	I mean no disrespect to the instructor, as he was very helpful and appeared to do the best he could, but this course was a trainwreck. The primary website was awful, and the website we were required to use for a project was terrible, as it would not correctly save one's work half the time (despite manually saving the website). This resulted in me and my group members having to redo around 3-4 hours of extra work to replace the previous work that we did that got "unsaved". I would say that this course was not for me.
