<b>Question:</b>	What did you think were the best things about this course?	
<b>Response Rate:</b>	63.64% (7 of 11)	
1	The powerpoints and labs	
2	The lectures.	

3	The labs were easy to understand. Both quiz's and exams challenged me to try my best. I learned skills I will likely use in the future. I really liked the labs where students were able to work with practice patients in virtual retail settings and hospitals. I now know the importance of effectively applying both customer service skills and general knowledge of insurance policies in healthcare.	
4	Learning the history of pharmacy	
5	I think that Ms. Lisa was the best part of the course. Coming in to this with no knowledge of the subject at all she made it feel very easy.	
6	I feel that the labs help me learn more, therefore it is my favorite aspect of not only this course, but others as well.	
7	Everything, the teacher makes it really easy to understand the class.	

<b>Question:</b>	<b>What were the course's weaknesses and areas in need of improvement?</b>	
<b>Response Rate:</b>	<b>63.64%</b> (7 of 11)	
1	n/a	
2	None	
3	N/a	
4	N/A	
5	Many of the course's weaknesses were in blackboard. Some of the software we used for the course required the student to write answers in a specific way. However, this did not prevent me from learning in this course. The learning software we used was not connected to blackboard. However, both were necessary to use for submitting assignments.	
6	I don't have much comments, I know this is the first semester in the building, so it's way better than what I expected.	
7	I am happy with the way the lessons are set up.	

<b>Question:</b>	<b>Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):</b>	
<b>Response Rate:</b>	<b>63.64%</b> (7 of 11)	
1	versatility of class environments such as the classroom, computer room, model pharmacy, and model compounding room.	
2	The powerpoints were very clear and went over everything we needed for the exam.	
3	The classrooms were great, They were very comfortable.	
4	Some computer lab computers did not let me log in. However, the classrooms and labs were very clean and easy to work in.	
5	N/a	
6	Clean, it's very nice, but they should put some healthy food or a cafeteria.	
7	Classroom arrangements.	

<b>Question:</b>	<b>Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):</b>	
<b>Response Rate:</b>	<b>63.64%</b> (7 of 11)	
1	We have trouble logging on to computers for exams or regular coursework	
2	Some of the computers in the lab area had log in issues.	
3	None	
4	No variety in food, and really expensive food, we're students, I don't think is very intelligent to put those prices when they know students struggle with money.	
5	N/a	

6	N/A	
7	I don't have anything negative to say.
