Question:	What did you think were the best things about this course?	
Response Rate:	80.00% (4 of 5)	
1	while there were deadlines, there was alot of flexibility and understanding if you couldn't turn in on time without harm to my grade	
2	The videos and interactive games and activities.	
3	I learned about the various health care settings and their requirements regarding documentation, accreditation, and payment.	
4	Everything about this course was perfect.	

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	80.00% (4 of 5)	
1	n/a	

2	This textbook should have been used with the MindTap portion from Cengage. MindTap activities are very helpful for students.	
3	I am someone who learns better in person. I find it tough to read on my own.	
4	Group projects are terrible, they are inefficient determinants of group work ethic, especially in an online format. You either wind up doing the whole thing yourself or risk your grade by letting someone else lead. This course would have been perfect if it weren't for the group project. Independent semester projects are fine, group projects, not so much.	

<b>Question:</b>	<b>Positive aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):</b>
<b>Response Rate:</b>	<b>80.00% (4 of 5)</b>

1	I love the COM campus. our him building is really pretty and reminds me of a JJ Abrams movie...	
2	I appreciated that the book had an online version. I also liked that Ms. Smith participated in the discussions, encourage discussion, and posted the class modules all at once.	
3	Everything.	
4	Blackboard was excellent	

<b>Question:</b>	<b>Negative aspects of the facilities (classroom arrangements, computer hardware/software/support, etc.):</b>
<b>Response Rate:</b>	<b>80.00% (4 of 5)</b>

1	n/a	
2	N/A	
3	I found it difficult at times to find motivation to complete the work since it was an online class.	
4	Every time I tried to find Mrs. Frieze's office I got lost. The fire map was backwards in the hall. Moving around the beautiful campus should be intuitive. lets bring back those color coded walking stripes.	

<b>Question:</b>	<b>Please add any additional comments you may have about this course:</b>
<b>Response Rate:</b>	<b>80.00% (4 of 5)</b>

1	n/a	
2	Three projects is excessive for 1 class. The instructor is slightly tone deaf and myopic.	
3	This was a great course. Thank you for your time	
4	The class is set up for you to succeed if you do your reading.

Question:	What were the course's weaknesses and areas in need of improvement?	
Response Rate:	50.00% (5 of 10)	
1	Sometimes the information that was needed was not always up to date	
2	Our classes were overlapping with another class I had.	
3	None	
4	Managing my time with certain thing and keeping everything together.	

5	Everything needs improvement. Nothing was organized. We had the wrong assignment several times. Most of the time I had no idea what was going on and neither did the professor. She assigned assignments and we would do them and it ended up being the wrong assignment. She gave us the correct one that needed to be turned in the same day.
