

CHEM 1411.102HY
General Chemistry 1
Spring 2024
Mondays from 2:00 PM – 4:50 PM in STEAM 403
Online through D2L Brightspace

Instructor Information: Luke Turner | lturner16@com.edu | 832-352-6222

Student hours and location:

Monday	08:00 – 10:30	STEAM 325-23 & Virtual
Tuesday	11:30 – 12:15	STEAM 325-23 & Virtual
Wednesday	08:00 – 10:30	STEAM 325-23 & Virtual
Thursday	11:30 – 12:15 13:30 – 14:30	STEAM 325-23 & Virtual
Friday Saturday Sunday	**Virtual Office Hours by Appointment**	

Required Textbook/Materials: Links to the free online textbook and other open educational resources will be provided in the course materials in D2L Brightspace. Additionally, links to the [Aktiv Learning](#) homework system and [Beyond Labz](#) virtual laboratory activities (including enrollment instructions) will be accessible in D2L Brightspace (D2L) at the start of the semester.

Required Textbook: Averill, B.; Eldredge, P. [General Chemistry: Principles, Patterns and Applications](#) [Online]; Saylor Foundation, 2011. [ISBN-13 9781453322307]

Course Description: Catalog course description: <http://tinyurl.com/mr3ckcb6>

Course Requirements: Apart from completing **5** of **6** scheduled exams and 70% of the lab experiments, all other forms of assessment are completely optional.* If you complete all (**6**) exams, the lowest score will be dropped. A missed exam will be dropped, but additional missed exams will require completion of a comprehensive final exam.

Assessment	Approximate Point Value	Overall Average	Grade
5 Exams	500 pts	≥89.5%	A
Class Activities*	} 0 - 200 pts	79.5-89.4%	B
Quizzes*		69.5-79.4%	C
Homework*		59.5-69.4%	D
Lab (Drop Lowest 3)	100 - 150 pts	<59.5%	F

*Optional components; no penalty for missed assignments or incomplete submissions unless otherwise indicated at the time of administration.

Other grade assignments:

- **FN** —assigned at the discretion of the instructor in accordance with college policy.
- **I** — “*incomplete*” assigned at the discretion of the instructor in accordance with college policy.
- **W** — “*withdrawal*” assigned in accordance with college policy.

Late Work, Make-Up, and Extra-Credit Policy: Since this course is designed with a significant portion of content that is optional and penalty-free with flexible deadlines, no make-up or extra credit assignments will be offered. A missed exam will be dropped from the total, and a comprehensive final exam will be taken if more than one exam is missed.

Attendance Policy: Generally, the attendance policies prescribed in the current College Catalog (<http://tinyurl.com/43vjb8sx>) will be applied as far as Census Day reporting is concerned.

Communicating with your instructor: If you need to reach me, I am available by email (lturner16@com.edu) and phone (call or text me at 832.352.6222). ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.

Student Learner Outcome	Maps to Core Objective	Assessment(s)
1. Define the fundamental properties of matter.	Critical Thinking	Selected Exam Questions
2. Classify matter, compounds, and chemical reactions.	Critical Thinking Communication Skills	Selected Exam Questions Presentation
3. Determine the basic nuclear and electronic structure of atoms.	Critical Thinking	Selected Exam Questions
4. Identify trends in chemical and physical properties of the elements using the Periodic Table.	Critical Thinking	Selected Exam Questions
5. Describe the bonding and the shape of simple molecules and ions.	Critical Thinking	Selected Exam Questions
6. Solve stoichiometric problems.	Empirical and Quantitative Skills	Selected Exam Questions
7. Write chemical formulas.	Critical Thinking	Selected Exam Questions
8. Write and balance equations.	Critical Thinking	Selected Exam Questions
9. Use the rules of nomenclature to name chemical compounds	Critical Thinking	Selected Exam Questions
10. Define the types and characteristics of chemical reactions.	Critical Thinking	Selected Exam Questions
11. Use the gas laws and basics of the Kinetic Molecular Theory to solve gas problems.	Empirical and Quantitative Skills	Selected Exam Questions
12. Determine the role of energy in physical changes and chemical reactions.	Critical Thinking	Selected Exam Questions
13. Convert units of measure and demonstrate dimensional analysis skills.	Empirical and Quantitative Skills	Selected Exam Questions
14. Use basic apparatus and apply experimental methodologies used in the chemistry laboratory.	Team Work	Selected Experiment Grades
15. Demonstrate safe and proper handling of laboratory equipment and chemicals.	Critical Thinking	Selected Experiment Grades
16. Conduct basic laboratory experiments with proper laboratory techniques.	Team Work	Selected Experiment Grades
17. Make careful and accurate experimental observations.	Empirical and Quantitative Skills	Selected Experiment Grades
18. Relate physical observations and measurements to theoretical principles	Empirical and Quantitative Skills	Selected Experiment Grades
19. Interpret laboratory results and experimental data, and reach logical conclusions.	Critical Thinking	Selected Experiment Grades
20. Record experimental work completely and accurately in laboratory notebooks and communicate experimental results clearly in written reports.	Communication Skills	Laboratory Report Grade
21. Design fundamental experiments involving principles of chemistry.	Critical Thinking	Selected Experiment Grades
22. Identify appropriate sources of information for conducting laboratory experiments involving principles of chemistry.	Critical Thinking	Selected Experiment Grades
23. Demonstrate the ability to work effectively with others.	Team Work	Lab Grade

Academic Dishonesty: Any incident of academic dishonesty will be dealt with in accordance with college policy and the Student Handbook (<http://tinyurl.com/v8yztjp>).

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Ms. Sheena Abernathy, Science Department Chair, at 409-933-8330/sabernathy@com.edu.

Tentative Course outline: The course schedule will be updated weekly in D2L and should be your primary resource for accessing learning materials and class scheduling. A *tentative* outline is tabulated below:

Weeks	Topics	Exam Date
1-3	Atomic Structure & Periodic Trends	02.05.24
3-6	Chemical Bonding, Electron Configuration & Lewis Dot Symbols	02.26.24
6-9	Molecular Shapes, Polarity, Formal Charges & Lewis Structures	03.25.24
10-13	Formulas, Equations, Moles & Stoichiometry	04.15.24
13-16	Classifying Reactions & Thermochemistry	05.06.24

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact Kimberly Lachney at 409-933-8919 or klachney@com.edu. The Office of Services for Students with Disabilities is located in the Student Success Center.

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and

consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 28. The last date to withdraw from the 16-week session is April 22. The last date to withdraw for the 2nd 8-week session is May 1. The last date to withdraw for spring mini session is May 29.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here <https://www.com.edu/community-resource-center/>. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.
