

WLDG-2413 112CL Welding Using Multiple Processes SPRING 2024 TTH- 1:30pm-4:50pm

Instructor: Rico Brown, rbrown@com.edu, 409-933-8380

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via D2L or other LMS)

Student hours and location Mon-Thur 11:00 am-1:00 pm Welding Technology Office

Required Textbook: Welding Principles and Applications (Larry Jeffus)

(ISBN-13: 978-1-305-49469-5) (ISBN-10: 1-305-49469-5) (ISBN-13: 978-1-305-49470-1) (ISBN-10: 1-305-49470-1)

The Hard back and Lab book is required.

Course Description

Instruction using layout tools and blueprint reading with demonstration and guided practices with some of the following welding processes: oxy-fuel gas cutting and welding, shield metal arc welding (SMAW), gas tungsten arc welding (GTAW), or any other approved welding process

Course requirements:

| Student Learner Outcomes 2413 | Performance Rating | Date | Instructor initials | Student Initials |
|---|-----------------------|------|---------------------|---------------------|
| Identify proper safety equipment and tools and identify and select the proper welding process for a given application. SPOL | | | | |
| Demonstrate skills training using more than one approved welding process. SPOL | | | | |

| 3. Demonstrate ability to analyze situations | | |
|--|--|--|
| and make decisions using skills as | | |
| taught concerning safety and electrode | | |
| selections. | | |
| SPOL | | |
| 4. Select the most economic and practical | | |
| welding process for the given task. | | |
| SPOL | | |
| 5. Make a 5G on 6" pipe using GTAW. | | |
| ER70S2 -1/8" diameter filler rod on | | |
| Root Pass, Hot Pas, Filler Pass, and Cap | | |
| 6. Make a 6G on 6" pipe using GTAW. | | |
| ER70S2 -1/8" diameter filler rod on | | |
| Root Pass, Hot Pas, Filler Pass, and Cap | | |
| 7. Make a 5G on 6" pipe using GTAW. | | |
| ER70S2 -1/8" diameter filler rod on | | |
| Root Pass, Hot Pas, E 7018 3/32 Filler | | |
| Pass, and Cap | | |
| | | |
| 8. Make a 6G on 6" pipe using GTAW. | | |
| ER70S2 -1/8" diameter filler rod on | | |
| Root Pass, Hot Pas, E7018 3/32 Filler | | |
| Pass, and Cap | | |
| 9. Make a 5G on 6" pipe using GTAW. | | |
| ER309 -1/8" diameter filler rod on Root | | |
| Pass, Hot Pas, Filler Pass, and Cap | | |
| | | |

Determination of Course Grade/Detailed Grading Formula:

65-69 Plus student must complete Lab Objectives 1-6 =D

70-79 Plus student must complete Lab Objectives 7 = C

80-89 Plus student must complete Lab Objectives 8=B

90-100 Plus student must complete Lab Objectives 9=A

Late Work, Make-Up, and Extra-Credit Policy:

Make-up exam dates are specified in the course outline schedule, it is the student obligation to make sure he or she arranges for a makeup exam.

Attendance Policy: Attendance will be taken each class period.

| Student Learner Outcome | Maps To Competency | Assessed Via This Assignment | | |
|---|--------------------|--|--|--|
| Identify proper safety equipment and tools and identify and select the proper welding process for a given application. SPOL | Critical thinking | Homework, Written Exams, Lab | | |
| Demonstrate skills training using more than approved welding process. SPOL | Critical thinking | Homework, Written Exams, Lab Manual Assignment. 26-Welding Quiz.32 | | |
| Demonstrate ability to analyze situations and make decisions using skills as taught concerning safety and electrode selections. | Critical thinking | Homework, Written Exams, Lab Manual Assignment 29-Welding Quiz. | | |
| Select the most economic and practical welding process for the given task. | Critical thinking | Homework, Written Exams, Lab Manual Assignments, 22-1, 22-2, 22-3, and 22 Welding Quiz. Student will demonstrate the most efficient use of material to instructor for a given process | | |

Academic Dishonesty: Any incident of academic policy will be dealt with in accordance with college policy and the Student Handbook. Academic dishonesty – such as cheating on exams is an extremely serious offense and will result in a **grade of zero** on that exam and the student will be referred to the Office of Student Conduct for appropriate discipline action.

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Derrick Lewis Department Chair 409-933-8607 dlewis22@com.edu

| Week# | Day/Date | Topic | Reading Assignments & Homework Due Dates |
|-------|---------------|--|---|

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact Kimberly Lachney at 409-933-8919 or klachney@com.edu. The Office of Services for Students with Disabilities is located in the Student Success Center.

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 28. The last date to withdraw from the 16-week session is April 22. The last date to withdraw for the 2nd 8-week session is May 1. The last date to withdraw for spring mini session is May 29.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here https://www.com.edu/community-resource-center/. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at <a href="maintenance-deanoft-de

5G GTAW/SMAW(Combo) Checklist

| | Needs Improvement | Standards Met |
|--|----------------------|---------------|
| Root Pass | | |
| Root Penetration $-1/16 - 3/32$ penetration, no cold wire | | |
| Weld porosity/undercut – no excess undercut, no porosity | | |
| Weld Tie In (Restarts) – uniform with no undercut, cold wire | | |
| Shield Gas settings – Proper gas flow settings | | |
| Cover Pass | | |
| Size – each weld bead should not exceed twice the size of the welding | | |
| rod | | |
| Weld Undercut – no undercuts (if there are undercuts the weld is being | | |
| made too fast or with too much heat) | | |
| Weld Porosity – no pin holes in weld | _ | |
| Continuous Welding Bead – straight uniform beads | _ | |
| Cold Lap – need to run at proper temperature | | |

SYLLABUS CHANGES:

The instructor reserves the right to make changes to this syllabus during the semester as needed to facilitate instruction and/or course needs.

The Speaking, Reading and Writing Center provides free tutoring services to students, staff and faculty seeking assistance for writing, reading and oral presentations for academic and non-academic assignments/projects. Located in the Technical Vocational Building 1306, the center provides face to face and online tutoring sessions in a welcoming environment. Appointments can be made in person, or on the center scheduler at com.mywconline.com, or by clicking the SRWC icon on the COM website.

- 1. No Horseplay of any kind
- 2. No lighters or matches in the weld lab
- 3. Safety glasses(Z87) or prescription glasses with Z87 frame and lens MUST be worn at all times in labs and outside when students are working, sun glasses are NOT acceptable
- 4. Shaded cutting googles or shaded cutting face shield must be worn when cutting with safety glasses
- 5. Never use machinery or equipment unless instructed by faculty instructor or lab assistant
- 6. Proper fitting clothing must be warn at all times in the lab (100% cotton, FRC)
- 7. Report all accidents immediately
- 8. Grinding shields must be worn when grinding with safety glasses
- 9. No tobacco of any type in the welding building
- 10. No spitting anywhere in the welding labs
- 11. Welding hood with a shade of 9,10,11 or 12 must be worn while welding
- 12. Tool rest for tungsten grinder must be maintained at 1/16 distance from wheel
- 13. Gloves are required while welding, cutting and handling metal in the weld lab
- 14. FAILUE TO FOLLOW SAFETY RULES WILL RESULT BEING REMOVED FROM CLASS
