

Course Number and Section EMSP 2330
Name, of Course, Special Populations
Course Semester Spring 2025

Instructor Information: Vanessa Murphy, BS, LP
Email: vmurphy@com.edu

Course hours, days, and location: Wed & Fri 800 - 1700

Required Textbook/Materials:

**Paramedic Care Principles and Practice Vol 1 & Vol 2 + MyLab Brady w Pearson eText
ACC for Paramedic Care ISBN-13:9780138210243**

Course Prerequisites & Co-requisites:

EMSP: 2434 Medical Emergencies

EMSP: 2306 Emergency Pharmacology

EMSP: 2561 Clinical – EMT Clinical Practice

1. Must hold current Texas EMT-Basic certification
 - Or proof of current enrollment in an EMT-Basic class
 - Or eligible for the National Registry exam.
2. Students must be 18 years old prior to the first day of class – No exceptions.
3. Students must show proof of immunizations
4. Students must be recently certified in BLS Health Care Provider CPR through AHA or HSI
5. Students must pass a criminal background check.

Course Description: Students will gain the knowledge and skills necessary to assess and manage ill or injured patients in diverse populations, including neonatology, pediatrics, geriatrics, and related topics. At completion, students will.

After this unit, the student will be able to Integrate pathophysiological assessment findings to formulate a field impression, implement a treatment plan for diverse patients of special populations, and integrate multiple determinants of such conditions into clinical care.

Course Rationale: Knowledge and skills necessary to assess and manage ill or injured patients in diverse populations, including neonatology, pediatrics, geriatrics, and other related topics. After the course, each student will be able to Integrate pathophysiological assessment findings, formulate a field impression, and implement a treatment plan for diverse patients of special populations.

Course Semester Spring 2025**

Course Student Learning Objectives/Outcomes:

Upon completion of the course, the student will be able to:

Student Learner Outcome	Maps to Core Objective	Assessed via this Assignment
1. Students will be able to integrate the pathophysiological principles and assessment findings to formulate a field impression of an emergency medical patient.	Critical Thinking: to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information	Final Exam
2. Students will be able to implement an acceptable treatment plan of a medical patient	Empirical and Quantitative Skills: to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.	Final Pt Assessment Skills Exam
3. Students will demonstrate the proper attitude expected of an AEMT	Personal Responsibility: to include the ability to connect choices, actions and consequences to ethical decision-making	Other: Affective Domain Tool

Specific Tasks Accomplished: Students must gain competency in skills during skills practice and lab sessions.

Course requirements: A “B” is required to pass any advanced EMSP course. For AEMT and Paramedic courses, a “C” is not passing and, therefore, must be repeated. A student will not be allowed to test out of a course.

Determination of Course Grade/Detailed Grading Formula:

Quizzes	30%	A = 93-100%
Homework	30%	B = 80-92%
Mid Term:	15%	C = 75-79%
Final Exam:	15%	D = 65-74%
Affective:	10%	

Affective Grade: All EMS courses have a cognitive, psychomotor, and affective grading domain, and to pass the course, a passing grade must be achieved in all of those domains. If all three domains are passed, the letter grade will be assigned based on the performance in all three domains. Failure of any domain below the "C" range (as determined by the section) will constitute failure of the course regardless of the grades earned in the other two domains. Remember, it takes an actual "80" to pass the course in all sections & domains.

Name, of Course, Special Populations
Course Semester Spring 2025

Affective Domain	Exceeds Expectations (A)	Meets Expectations (B)	Minimally Met Expectations (C)	Minimum Expectation Not Met (D)
1. Quality of cognitive components				
2. Course of action in behaviors				
3. Articulation of feelings, values, Ethics, and moral obligations				
4. Congruency with professional ethics and values demonstration				

Attendance Policy: Your attendance and *active class participation* are an integral component of your educational experience and that of your classmates. Because of this, it is critical that you attend all classes and labs. All lecture classes, labs, and clinical rotations require mandatory attendance. Class/Lab attendance is checked daily.

A student is allowed to miss no more than 10% of the total course hours of class/lab time combined. As the program manual outlines, absences must be excused, and the program director must approve unexcused absences. The student must make up any hours beyond the 10% allowed to be missed. If they cannot make up hours, the instructor or program director can assign additional assignments based on the content covered during the missed time to be completed outside of class time. **Additional absences will result in a review of the student’s enrollment status, and they may be dropped from the course.**

Skills Lab Time Missed

When any skills time is missed, the student will do the following to allow continuation in the program. This will not serve as “make-up” time—time missed is time missed.

- Six hours missed (one day) = three hours of skills make-up with a COM adjunct instructor; additional work may be assigned at the instructor or program director’s discretion
- Three hours missed (1/2 day) = 1.5 hours of skills make-up with a COM adjunct instructor; additional work may be assigned at the instructor’s or program director's discretion.
- The completion date of the above requirements is at the discretion of the Lead instructor, but it **MUST** be before the clinical start date.
- Students will start clinical rotations once the requirements are completed.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via D2L or other LMS)

Academic Dishonesty: Academic dishonesty will not be tolerated within the College of the Mainland EMS Program. Disciplinary action will include, but is not limited to, recording a “0” for the assignment. Dismissal is likely in incidents of cheating or falsification of clinical documents. *NOTICE: Falsification of any program document is grounds for immediate dismissal and may result in a report of all personnel involved under Texas Administrative Code RULE §157.3*

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Sarrissa Ryan/Program Director at 409-933-8256 / sryan4@com.edu.

Course Description:

Due to circumstances beyond our control, for example, a pandemic, hurricane, or flooding, classes, labs, and clinical rotations could be converted from face-to-face to remote learning or be disrupted, resulting in an Incomplete for the course that was disrupted or possibly delay in graduation. In that event, when courses can resume, the days and times to make up the content may be different from those originally designated. All efforts will be made to provide adequate notice of any changes. Students must attend those adjusted days/times to complete the curriculum requirements.

Course outline: see end of syllabus. A more in depth schedule will be provided in class.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf. An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor’s professional judgment of the quality of the student’s work and performance is also not an admissible basis for a grade appeal.

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact:

Kimberly Lachney, Student Accessibility Services Coordinator

Phone: 409-933-8919 Email: AccessibilityServices@com.edu

Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 26. The last date to withdraw from the 16-week session is April 21. The last date to withdraw for the 2nd 8-week session is April 30.

FN Grading: The FN grade is issued in cases of failure due to a lack of attendance, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been

asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the

Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

Revised 10/2024

Course Number and Section EMSP 2330
