**Course Description:** **Music Theory II** is the second course in a sequence designed for music majors to deepen their understanding of the fundamental principles of Western art music. This course focuses on diatonic harmony, voice leading, harmonic progression, and an introduction to chromaticism. Students will explore the practical application of theoretical concepts through analysis, composition, and aural skills. Topics include non-chord tones, seventh chords, modulation, and small musical forms such as binary and ternary structures. This course aims to strengthen students' musicianship by integrating written theory with listening and performance practices. Concurrent enrollment in **MUSI 1116** is required. **Prerequisite:** A TSI Reading score of 342 or successful completion of an equivalent developmental course with a minimum grade of "C."

**Prerequisite:** Successful completion of Music Theory I or equivalent with a grade of "C" or higher. Concurrent enrollment in MUSI 1116 is required.

**Course Requirements:** **Students must purchase a textbook.** Students are required to do all assignments assigned in the textbook (online learning) or given as a handout and required to take all tests. Failure to attend class on the day a quiz is given may forfeit the opportunity to take that test unless you have contacted me prior to class about your absence for that day. Software assignments will be submitted as required.

**Determination of Course Grade/Detailed Grading Formula (methods of evaluation to be employed to include a variety of means to evaluate student performance):** The student must complete assignments as they are given online, in the text, and in the workbook. Tests will be taken at the end of each chapter or as often as the instructor feels they are needed. A mid-term and final exam may be given as well as ongoing quizzes. All points on homework, pop quiz, and exams are weighted the same and the following percentage is used to determine the grade. The instructor reserves the right to make alternate formulas and materials available for students who want to do more work.

Grading on all tests use the following percentages

90 % accuracy = A

80 % accuracy = B

70 % accuracy = C

60 % accuracy = D

### **Grading Scale:**

A Superior achievement of course objectives

B Outstanding achievement of course objectives

C Achievement of minimum course objectives (Not recommended for music majors)

D Marginal achievement of course objectives

I A temporary grade given to indicate that, in the instructor's judgment, the student can complete the course objectives within a specified extension of time.

F Failure to achieve course objectives

W Withdrawal on or before the "W" date as specified in the College Calendar

FN The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor.

**Late Work, Make-up Policy:** Any homework that is to be turned in for a grade and is late may have **10 points deducted** for every class period it is not turned in. The instructor will not accept late work during the last three weeks of the course (WEEKS 14-16).

**Attendance Policy:** Students are required to attend and participate in every session of all classes for which they are registered. Regular attendance is a critical component to being successful in courses. Attendance guidelines are outlined in each course syllabus. Students should consult with their instructors when it is necessary to miss a class. COM recognizes no excused absences other than those prescribed by law: religious holy days and military service. For more information, see FC (Legal). [http://pol.tasb.org/Policy/Download/497?filename=FC\(LEGAL\).pdf](http://pol.tasb.org/Policy/Download/497?filename=FC(LEGAL).pdf)

**Communicating with your instructor: ALL electronic communication** with the instructor must be through your **COM email**.

**Important Notice Regarding Communication and FERPA Compliance**

Per FERPA (Family Educational Rights and Privacy Act), I cannot share any information regarding class performance through electronic means. While I generally respond to all inquiries within 24 hours, please be aware that during weekends (Friday through Sunday), I may be out of town for performances or workshops.

For urgent concerns, you may text my phone, but you must send a copy of the text via email for my response. I will make every effort to follow up between classes. However, please note that my schedule may limit my ability to check emails while teaching hands-on music classes that require active instrument participation.

**Student Learner Outcome**

**1 Course Objectives:**

1. To develop a deeper understanding of diatonic harmony and voice leading, with an emphasis on real-world applications in analysis and composition.
2. To strengthen students' ability to recognize, analyze, and compose music using fundamental theoretical concepts, including modulation, non-chord tones, and small formal structures.
3. To foster critical listening skills and the ability to relate theoretical principles to musical examples from various genres and styles.
4. To integrate written theory with aural and keyboard skills for a comprehensive approach to musicianship.

---

**Learning Outcomes:**

By the end of this course, students will be able to:

1. Analyze harmonic progressions and cadences within diatonic and early chromatic frameworks.
2. Compose and harmonize melodies using proper voice-leading techniques and part-writing conventions.
3. Identify and apply the use of non-chord tones in music, including passing tones, suspensions, appoggiaturas, and neighbor tones.
4. Understand and execute modulations to closely related keys, using pivot chords effectively.
5. Recognize and analyze common musical forms, such as binary and ternary structures, and their role in compositional practice.
6. Apply theoretical concepts to aural skills, connecting what is seen on the page with what is heard in performance.

**Academic Dishonesty:** Disciplinary actions will be taken for students who exhibit disorderly conduct, cheat on exams, submit plagiarized work, or are involved in collusion (helping others cheat or plagiarize) as defined in the Student Handbook under the heading, “Discipline and Penalties.” The maximum penalty imposed for violations will be an F in the course. The student will also be referred to the Associate Vice President of Student Success and Conduct for further disciplinary action. Please read through the “Standards of Student Conduct” in the Student Handbook for a more complete discussion of these issues and your rights and responsibilities

**Student Concerns:** If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Fine Arts Chairperson: Dr Kristina Jantz, at [kjantz@com.edu](mailto:kjantz@com.edu) 409-933-8255; FAB 122

**Plagiarism:** Plagiarism is using someone else’s words or ideas and claiming them as your own. Plagiarism is a very serious offense. Plagiarism includes paraphrasing someone else’s words without giving proper citation, copying directly from a website and pasting it into your paper, using someone else’s words without quotation marks. Any assignment containing any plagiarized material will receive a **grade of zero** and the student will be referred to the Office of Student Conduct for appropriate disciplinary action.

### **Institutional Policies and Guidelines**

**Grade Appeal Process:** Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [https://www.com.edu/student-services/docs/Student\\_Handbook\\_2024-2025\\_v2.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
