

Math 1342.135H1
Elementary Statistical Methods
Spring 2025
Steam Building, Room 103
MW 12:30-1:50 PM and F 11:30 AM-12:20 PM

Instructor Information: Sandra Coleman, scoleman11@com.edu, 409-933-8211

Student hours and location: MW 2:00-3:00 PM and TTH 11:00 AM-12:15 PM in the STEAM Bldg., Room 325-09, T 2:00-3:00 PM in [TEAMS](#), MW 3:00-4:00 in the Tutoring Center (Industrial Careers Building, Room 109), or by appointment

Required Textbook/Materials: You have purchased the access code for *MyMathLab*, software which includes access to the eText for the textbook and to all course assignments, with your tuition. A hard copy of the textbook is not required.

ISBN 10: 0-13-578018-7

ISBN 13: 978-0-13-578018-3

Title: Statistics: Informed Decisions Using Data with Integrated Review with Pearson eText

Author: Michael Sullivan III

Edition: 6

Copyright: 2021

Publisher: Pearson

Course Description: This course includes collection, analysis, presentation, and interpretation of data and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals, and hypothesis testing.

Course requirements:

- **Homework:** Homework assignments will be given each week for every section covered in the course. Homework assignments will count as 14% of your final grade.
- **Videos:** Videos for each section covered in the course will be assigned. These count as 1% of your final grade.
- **Unit Exams:** Four exams will be given, and you will be provided with a review to prepare for each exam. Each test will count as 16% of your grade.
- **Final Exam:** The comprehensive final exam will be given at the end of the course. The final exam will count as 16% of your grade and will replace your lowest exam grade if it is higher.
- **Discussion Forums:** Participation in discussion boards will count as 5% of your grade, cumulatively.

Required Technology: A TI-84 Plus graphing calculator is required for this course. A TI-89 or higher or a TI-Nspire are not permitted. Internet capability is also required to gain access to course materials and online assignments in Brightspace D2L.

Determination of Course Grade/Detailed Grading Formula:

Grading Formula:

$$\text{Final Average} = .64(\text{Exam Average}) + .16(\text{Final Exam}) + .14(\text{Homework}) + .01(\text{Videos}) + .05(\text{Discussions})$$

Grading Scale:

The course grade will be determined using the following scale:

Grade A: Final Average [89.5, 100]

Grade B: Final Average [79.5, 89.5)

Grade C: Final Average [69.5, 79.5)

Grade D: Final Average [59.5, 69.5)

Grade F: Final Average [0, 59.5)

Late Work, Make-Up, and Extra-Credit Policy: Your final exam grade will replace your lowest test grade. If you neglect to take a test by its due date, this grade will be the one replaced unless you have prior instructor approval to makeup this test at an alternate time. The late penalty for past due assignments is 20% of your grade. Occasionally, extra credit points will be offered to the entire class; however, individually, extra credit assignments will not be available.

Attendance Policy: Students at COM are expected to attend and participate in every session of all classes for which they are registered. When students are not actively participating (e.g., attending class and completing weekly online homework), the faculty member will alert their advisor using the Early Alert system described below.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.

Table Mapping SLO's and Core Objectives

Student Learner Outcome	SLO Assessed via this Assignment	SLO Maps to Core Objective	Core Objective Assessed via this Assignment
1. Explain the use of data collection and statistics as tools to reach reasonable conclusions	Quiz 1		

Student Learner Outcome	SLO Assessed via this Assignment	SLO Maps to Core Objective	Core Objective Assessed via this Assignment
2. Recognize, examine, and interpret the basic principles of describing and presenting data	Quiz 1	Empirical and Quantitative Skills (EQS)	Question on Exam 1
3. Compute and interpret empirical and theoretical probabilities using the rules of probabilities and combinatorics	Quiz 3	Critical Thinking Skills (CT)	Question of Exam 2
4. Explain the role of probability in statistics	Quiz 3		
5. Examine, analyze, and compare various sampling distributions for both discrete and continuous random variables.	Quiz 4		
6. Describe and compute confidence intervals	Quiz 5		
7. Solve linear regression and correlation problems	Quiz 2		
8. Perform hypothesis testing using statistical methods	Quiz 6		

*The core objective, Communication Skills, will be assessed this semester.

Academic Dishonesty: College of the Mainland is committed to a high standard of academic integrity. All students are responsible for honesty and independent effort. Incidents of academic and scholastic dishonesty (including cheating, plagiarism, and collusion) will be dealt with in a manner that is consistent with College Policy and the Student Conduct. Any student found to have been academically dishonest on an assignment, quiz, or exam will receive a zero for that assignment, quiz, or exam, and he or she will be referred to the Office of Student Conduct for further disciplinary action. Please read the section on Standards of Student Conduct and Discipline and Penalties in the online Student Handbook.

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Mr. Leslie Richardson, Math Department Chair, at (409) 933-8329 or at lrichardson@com.edu.

Course outline:

Week	Dates	In-Class Instruction			Independent Study - Online		Due
1	Jan. 13-19	M	1.1	Introduction to the Practice of Statistics	*	Course Syllabus	Jan. 19
			1.2	Observational Studies vs. Designed Experiments	1.6	The Design of Experiments	
		W	1.3	Simple Random Sampling	2.1	Organizing Qualitative Data	
		F	1.4 1.5	Other Effective Sampling Methods Bias in Sampling	2.2 2.4	Organizing Quantitative Data: The Popular Displays Graphical Misrepresentations of Data	
2	Jan. 20-26	M		****MLK Holiday****			Jan. 28
		W	3.1	Measures of Central Tendency	3.4	Measures of Dispersion and Outliers	
		F	3.2 3.3	Measures of Dispersion Measures of Central Tendency and Dispersion from Grouped Data	3.5 *	The Five-Number Summary Boxplots Discussion 1: Boxplots (D2L)	
3	Jan. 27- Feb. 2	M	*	Review for Exam 1			Jan. 29 Feb. 2
		W	*	Exam 1: Ch. 1-3 (in class)			
		F	4.1	Scatter Diagrams, Correlation, and the Coefficient of Determination	4.2	Least Squares Regression	
4	Feb. 3-9	M	5.1	Probability Rules	5.4	Conditional Probability and the General Multiplication Rule	Feb. 9
		W	5.2	The Addition Rule and Complements			
		F	5.3	Independence and the Multiplication Rule	5.5	Counting Principles	
5	Feb. 10-16	M	6.1	Discrete Random Variables	7.1	Properties of Normal Distribution	Feb. 16
		W	6.2	The Binomial Probability Distribution	7.2	Applications of Normal Distribution	
		F	*	Review for Exam 2	*	Discussion 2: Probability (D2L)	
6	Feb. 17-23	M	*	Exam 2: Ch. 4-6 (in class)			Feb. 17 Feb. 23
		W	8.1	Distribution of Sample Mean	9.1	Estimating a Population Proportion	
		F	8.2	Distribution of Sample Proportion	9.2 * *	Estimating a Population Mean Discussion 3: Z Scores (D2L) Review for Exam 3	
7	Feb. 24- Mar. 2	M	10.1	The Language of Hypothesis Testing	*	Exam 3: Ch. 7-8 (online)	Feb. 25 Mar. 2
		W	10.2	Hypothesis Tests for a Population Proportion	11.1	Inference about Two Population Proportions	
		F	10.3	Hypothesis Tests for a Population Mean	11.2 *	Inference about Two Means: Dependent Samples Review for Exam 4	
8	Mar. 3-5	M	*	Review for Exam 4	*	Exam 4: Ch. 9-10 (online)	Mar. 4 Mar. 5
		W	*	Review for Final Exam			
			*	Review for Final Exam Final Exam (in class)			

****W-Day: February 26, 2025****

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [https://www.com.edu/student-services/docs/Student Handbook 2024-2025 v2.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact:

Kimberly Lachney, Student Accessibility Services Coordinator

Phone: 409-933-8919

Email: AccessibilityServices@com.edu

Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 26. The last date to withdraw from the 16-week session is April 21. The last date to withdraw for the 2nd 8-week session is April 30.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty

completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here <https://www.com.edu/community-resource-center/>. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.

Nondiscrimination Statement:

The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.
