Harmonic Materials in Tonal Music, Part 1

9th edition preferred, but you can purchase an earlier one

Be sure if buying used it is advertised as not written in since you do the work in the text.

Required Materials: Pencil, Music Staff Paper, USB Jump Drive

Software Provided: TBA in class

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Course Description: The study of analysis and writing of tonal melody and diatonic harmony, including fundamental music concepts, scales, intervals, chords, 7th chords, and early four-part writing. Analysis of small compositional forms. Optional correlated study at the keyboard. This course is required for music majors. Concurrent enrollment in MUSI 1117 is required.

Course requirements: Students must purchase a textbook/software. Students are required to do all assignments assigned in the textbook or given as a handout and required to take all tests. Failure to attend class on the day a quiz is given may forfeit the opportunity to take that test unless you have contacted me prior to class about your absence for that day.

Determination of Course Grade/Detailed Grading Formula (methods of evaluation to be employed to include a variety of means to evaluate student performance): The student must complete assignments as they are given online, in the text, and in the workbook. Tests will be taken at the end of each chapter or as often as the instructor feel they are needed. A mid-term and final exam may be given as well as ongoing quizzes. All points on homework, pop quiz, and exams are weighted the same and the follow percentage is used to determine the grade. The instructor reserves the right to make alternate formulas and materials available for students who want to do more work online and/or guided individual study during COVID isolations.

Grading on all test use the following percentages

- 90 % accuracy = A
- 80 % accuracy = B
- 70 % accuracy = C
- 60 % accuracy = D

Grading Scale:

- A Superior achievement of course objectives
- B Outstanding achievement of course objectives
- C Achievement of minimum course objectives (Not recommended for music majors)
- D Marginal achievement of course objectives
- I A temporary grade given to indicate that, in the instructor’s judgment, the student can complete the course objectives within a specified extension of time.
- F Failure to achieve course objectives
- W Withdrawal on or before the “W” date as specified in the College Calendar
- FN The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor.

Make-Up Policy: Any homework that is to be turned in for a grade and is late may have **10 points deducted** for every class period it is not turned in.

Attendance “Policy”: Students are required to attend and participate in every session of all classes for which they are registered. Regular attendance is a critical component to being

successful in courses. Attendance guidelines are outlined in each course syllabus. Students should consult with their instructors when it is necessary to miss a class. While the college does not grant a set number of misses, the instructor reserves the right to drop or fail any student who has not shown up or made contact for two weeks for any reason. However, do not assume that you will be automatically dropped: it is up to you to contact Dr. Boyd and/or drop *before* “W” day if you are concerned about your grade. **You will need to fill out the drop form and turn it in yourself.**
