Course Description: This course will provide an overview of human development, from conception to birth. We will explore how people change over time in small ways and large. We will learn about three major domains of human development (biosocial, cognitive and psychosocial) at each life stage (infancy, toddlerhood, preschool, school-aged, adolescence, early adulthood, middle adulthood and late adulthood). Finally, we will deal with the topic of death and how we cope with the end of life in this society.

There is the possibility of earning 1000 points from assignments and assessments. You are held accountable for completing all assignments on time. - **Introduction Post 25 points:** You will write a discussion posting introducing yourself to your classmates. The post should read like a short autobiography. You can include any details about yourself that will allow your fellow students to “put a person to the name”. Try to focus on details that make you unique.

All quizzes are timed, taken on Blackboard and must be submitted BEFORE 11:59pm on the deadline date. Once you begin the quiz, you must complete the quiz in one timed session.

All assignments are time-stamped in Blackboard and Email. Work submitted after the due date deadline will not be graded. Please allow time for your assignments to upload. If your network server is slow, make sure you allow extra time and do not wait until the last minute to submit assignments. Follow your schedule in your syllabus and do not rely on Blackboard to tell you when something is due. There are computers available for students to use at COM in the library, tutoring center and computer labs if you need a computer and/or internet access.

Attendance Policy: Attendance is taken by the instructor calling roll at the beginning of the class period. If you arrive late to class, it is your responsibility to let the instructor know you are tardy. If you forget to tell your instructor that you arrived late, you will still be marked absent. The instructor may withdrawal a student for excessive absences.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Part 2- a reference to a news cast, article, video, or book that pertain to the current world issues, and Part 3- input from your own personal experiences and/or beliefs. Upload your presentation to Blackboard and then respond to one of your peers presentations.

For example: If I wanted to use bullying for my presentation (you cannot use this one) my presentation would include the following:

Part 1: I would discuss that bullying is talked about in Chapter 6. I would discuss the different types of aggression, maltreatment, and types of bullying. I may even talk about parenting styles and how one style may actually encourage children to bully.

Part 2: I may find a YouTube video showing a child being bullied by his peers and talk about the triggers or outcomes of the participants in the video

Part 3: I may discuss a time in my life when I was once bullied and how that made me feel and affected me later in life.

Part 1- Relate to the textbook- YOU MUST USE VOCABULARY WORDS

1. What textbook chapter is your video related to?
2. What terms from the textbook relate to this topic?
3. How does your video selection relate to the information in the textbook?

Part 2- Relate to current events- YOU MUST INCLUDE A LINK FOR US TO WATCH or READ

2. What video did you watch pertaining to this subject?
3. What news station reported on this subject?

Part 3- Relate to your personal experiences, opinions or beliefs

1. What is it about this topic that interests you?
2. Do you have personal experiences related to this topic?
3. What do you want your fellow classmates to learn from your video?

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. <https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.* https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf
