Campus Scavenger Hunt- Fall 2022

Learning about all the resources that COM has to offer is a great way to remove potential obstacles that many students face each semester. For this assignment, you will research several key areas at the college and report your findings.

To begin, open the COM homepage at www.com.edu Next, locate the search bar in the upper right-hand corner and type in each of the areas listed below one at a time. Then click on the appropriate link and begin your research. For each area listed, write down the services/programs that are offered, hours available, location, a contact name or number and any other relevant information.

To earn full credit, be **very detailed** with the information you collect. The goal is to obtain a deep knowledge about each service, who can help you with each area, and when that area is available for you to access.

Career Project Part 1- Occupational Outlook Handbook

Visit the Occupational Outlook Handbook at www.bls.gov/ooh/ and complete all the information below. Be specific and thorough.

	Career Option 1	Career Option 2
Career Title		
What they do		
Work Environment		
How to Become One (education and/or certification)		
Pay		
Job Outlook (increasing or declining by what %)		
List 3 Similar Occupations		
List 3 skills that need strengthening		
	After analyzing the above data, indicate which career is the best fit for you:	

Career Project Part 2- Compare & Contrast Careers

Based upon the information you collect on the two careers (from Part 1), type a 2 full page double-spaced Times New Roman (MLA Style) paper elaborating on the pros and cons of each career. Be thorough and provide details and explanations. Conclude with a paragraph stating how the career you chose is the best fit for you. Your paper should be at least three paragraphs.

- 1: Introduction (explain what two careers you are considering and why)
- 2: Second career choice (describe pros & cons and explain why you DID NOT choose this career)
- 3: Chosen career (describe the pros & cons and explain why you DID choose this career)

Career Project Part 3- Social Responsibility

The idea of social responsibility is built on a system of ethics, in which decisions and actions are evaluated before proceeding. If the action or decision causes harm to society or the environment, then it would be socially irresponsible. Every individual has a responsibility to act in a manner that is beneficial to society and not solely to the individual.

1. In a few paragraphs, describe in detail how your chosen career plays a role in social responsibility. Be sure to start your paper by stating your chosen career.
2. Find an article or video about a real event that has to do with your chosen career and social responsibility and explain how the event is related to your career and social responsibility
 - A. If the event showed social responsibility, explain the key points on how it was beneficial to society.
 - B. If the event was lacking social responsibility, explain what could have been done differently
3. Be sure to include the link to the article or video

Career Project Part 4- Career Analysis of the Habits

Type a paper that indicates how you will use each of the following habits in your chosen career. Be very specific. Each response must be a full paragraph with details and examples

- Be Proactive:
- Begin with the End in Mind:
- Put First things First:
- Think Win-Win:
- Seek First to Understand then to be Understood:
- Synergize:
- Sharpen the Saw:

Career Project Part 5- Presentation

Using the information from the previous parts of this project, prepare a 3-minute presentation about your career choice. Describe your career and how you will obtain a position in that career. Include information about how you chose your career, social responsibilities within your career, education required and any other relevant information. Upload your video to D2L for your peers to view and then comment on one of your peers presentations (100 word minimum reply post)

Build a PowerPoint Presentation of 5 slides using bullet points only.

Slide 1: Your Name with Chosen Career and various pictures of career

Slide 2: OOH information on your chosen career. Bullet the following:

- what they do
- work environment
- training/education
- pay
- job outlook

Slide 3: Indicate what career you chose and why.

State what personal strengths you have that will support your career choice.

Slide 4: List 3 bullet points describing how your career positively impacts society.

Slide 5: Bullet point each habit and how it pertains to your career. See example below:

College Professor

- Be Proactive: Colleagues
- Begin With the End in Mind: Syllabus
- Put 1st things 1st: Grading
- Think Win-Win: Student conferences
- Seek 1st to Understand then to be Understood: Discussions
- Synergize: Class activities
- Sharpen the Saw: Professional development

Habit Chapter Presentations

Directions: Your success group will be required to teach one of the chapters from the text. This will allow each student to get a unique perspective of the teaching/learning process. Every student must equally present information during the presentation. To begin, identify the main learning points of the chapter. Next, include the following components in your group presentation:

1. Identify the main learning points of the chapter
2. Create some type of visual aid that allows each student in the class to gain insight into the course material. If you create a Powerpoint slideshow then limit the amount of information on the slides to concise bullet points
3. Review/Discuss one of the textbook activities from your chapter with classmates
4. Create and play at least 1 original game in class that helps to strengthen the material and be able to explain how this relates to your chapter.
5. Find a video (like TED Talk) pertaining to your topic to show the class (15 min. max)
6. Go to <http://collegeinfo geek.com/> and find helpful topics such as reading tips, writing tips, memorizing study materials, test taking tips, morning routines, habits, increasing energy/focus or productivity or any other topic that is related to your chapter

How your grade will be determined:

(Each person will be graded individually on their contribution to the project, presentation skill, and showing/exhibiting knowledge about the chapter. **This is a group project but not a group grade**)

App Assignment

(Core Objective: Communication Skills)
(SLO 4: express ideas through written communication)

Win-Win happens when you build effective relationships with people by working for their benefit as well as your own. In this assignment you will work on making deposits into other people's emotional bank accounts by introducing them to an app that will make their college career easier.

Find and use an app that is helpful for college students and relate it to at least one of the 7 habits. Assume your classmates are not familiar with the app. Using Microsoft Word or Powerpoint, create a flyer advertising the app.

Your flyer should include the following:

1. A colored image of the app
2. What systems the app runs on (android, apple, etc),
3. Price of the app
4. 5 main features,
5. What habit from the textbook does the app supports
6. How this app has specifically benefited you.

Do your best to find a unique app. YouTube, Google, dating apps, gaming apps, pre-loaded apps on your phone, etc. are not appropriate and will not earn credit. Be creative with your flyer.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. <https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
