Late Work, Make-Up, and Extra-Credit Policy:

Tests/quizzes must be taken in class on the scheduled date for FULL CREDIT. A student may coordinate with professor to take a test EARLY for FULL CREDIT if needed. If students miss a quiz for any reason, it can be taken late for up to one half credit. Study guides will be due at the time of the quiz unless turned in early. Any quiz, assignment or other student work turned in after the due date and time will be considered for UP TO ONE HALF CREDIT. If a student is absent when an assignment is due, it should be turned in by hand, another trusted student, or email at, or BEFORE, the time it is due. Failure to do so will result in the assignment being late and eligible only for up to one half credit. This policy is subject to professor discretion for any emergency circumstances.

Attendance Policy: Attendance is highly recommended due to class discussions and lectures. It is the student's responsibility to acquire any information missed. Students having serious issues affecting attendance should discuss them with their professor. College of the Mainland recognizes **no excused absences** other than those prescribed by law. It is also important that students are **actively engaged** during class and cell phones/devices are put away to avoid distraction. **Each absence, engagement issue, or electronic device violation will affect points awarded for professionalism on that day.** If tardiness is an issue, professionalism points will be affected by this.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.

A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
