### Career Project Part 1 (25 points)

Visit the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) and complete all the information below. Be specific and thorough.

	Career Option 1	Career Option 2
Career Title		
What they do		

Work Environment		
How to Become One (Education, Certification)		
List 3 skills that need strengthening (Important Qualities)		
Pay		
Job Outlook (Increasing or Declining?)		
List 3 similar occupations		
Your Career Choice	<b>After analyzing the above data, indicate which career is the best fit for you:</b>	

**Career Project Part 2 (25 points) Submit in D2L**

Based upon the information you collect on the two careers (from Part 1), type a 2 full page double-spaced Times New Roman (MLA Style) paper elaborating on the pros and cons of each career. Be thorough and provide details from the Occupational Outlook Handbook as well as other sources. Conclude with a paragraph stating how the career you chose is the best fit for you. Your paper should be at least three paragraphs.

- ¶ 1: Introduction (explain what two careers you are considering and why)
- ¶ 2: Second career choice (describe pros & cons and explain why you didn't choose this career)
- ¶ 3: Chosen career (describe the pros & cons and explain why you chose this career)

**Career Project Part 3 (25 points) Submit in D2L**

The idea of social responsibility is built on a system of ethics, in which decisions and actions are evaluated before proceeding. If the action or decision causes harm to society or the environment, then it would be socially irresponsible. Every individual has a responsibility to act in a manner that is beneficial to society and not solely to the individual.

In 5-10 sentences, describe in detail how your chosen career plays a role in social responsibility. Be sure to start your paper by stating your chosen career.

Talking to individuals in your career choice, researching common problems, and looking at current events may help you formulate your ideas but is not required.

### **Career Project Part 4 (25 points) Submit in D2L**

Indicate how you will use each of the following habits in your chosen career. Be very specific and use examples.

My Career Choice:

Be Proactive:

Begin with the End in Mind:

Put First things First:

Think Win-Win:

Seek First to Understand then to be Understood:

Synergize:

Sharpen the Saw:

Example:

Put First things First: I will prioritize and achieve my most important goals instead of constantly reacting to urgencies. To do this I will prioritize my qualified buyers, document deadlines and meetings and prioritize goals that propel my career. My job will require me to complete many tasks on a regular basis. I will keep an electronic calendar so I will always have a clear idea of what each week will look like and demands that must be met.

### **Career Project Part 5 (100 points)**

Using the information from the previous parts of this project, prepare a 5-minute presentation about your career choice. Describe your career and how you will obtain a position in that career. Refer to Career parts 1-4 while building your slideshow. Get creative! Ex: props, dress the part, tell a relevant story, reference current events, audience interaction, etc.

Build a PowerPoint Presentation of 5 slides using bullet points only.

Slide 1: Your Name with Chosen Career and various pictures of career

Slide 2: OOH information on your chosen career. Bullet the following:

- What they do

- Work environment

- Training/education

Pay  
 Job outlook  
 Fun Facts

Slide 3: Indicate what career you chose and why.

State what personal strengths you have that will support your career choice.

Slide 4: List 3 bullet points describing how your career positively impacts society.

Slide 5: Bullet point each habit and how it pertains to your career. See example below:

College Professor

Be Proactive: colleagues

Begin With the End in Mind: syllabus

Put 1<sup>st</sup> things 1<sup>st</sup>: grading

Think Win-Win: student conferences

Seek 1<sup>st</sup> to Understand then to be Understood: Discussions

Synergize: Class activities

Sharpen the Saw: Professional development

Presentation selection will be random. Be prepared.
