Course Description:

English 1302 requires intensive study of and practice in the strategies and techniques for developing research-based argumentative, expository, and multigenre texts. The emphasis of this course is on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of visual, verbal, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions. Activities and assignments include blogs, discussions, essays, research, and a group project. Note that this course is themed around absurdity and social epidemics. *All assignments must have proper MLA formatted works cited pages attached and peer workshopping or tutor email to receive a score.*

Course Prerequisite:

English 1301

Note: You will not receive credit for this course unless you have already completed English 1301 with a grade of “C” or higher. Students are not allowed to take English 1301 and English 1302 at the same time. If you have not passed 1301, you must inform your professor immediately to avoid further problems.

Determination of Course Grades:

Follow your Weekly Calendar and be aware of due dates on homework assignments. You *may not* use an essay or topic from a previous course as work in this class.

*Class Attendance Policy

If face-to-face, attendance is taken each class meeting. If hybrid/online, attendance is taken weekly when class folders open.

Grading Scale

90 - 100% = A

80 - 89% = B

70 - 79% = C

60 - 69% = D

Below 60% = F

Grade I: Given unforeseen circumstances that result in the inability to successfully complete the course objectives, an I-Contract can be requested from the instructor. Students must be current with coursework and must have an emergency situation to qualify.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor.

Grade Appeal Process

Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf

Make-Up Policy and Late Work Policy

At instructor's discretion and to follow college guidelines. Fifteen points off each class period missed for all late assignments.

About Blackboard My Grades, Overall Score, and Weighted Column

The Overall Score is your final grade for the course. The Weighted Column is for the top assignments in the highest weighted category only and is not an overall score for the class. Do NOT use the Weighted Column to determine your average or grade within the class. In addition, Blackboard does not factor in any assignment column with a null or – score. Once a null or – score changes to a numerical score, your grade may increase or decrease drastically. To avoid this and to see your actual grade, you must turn all work in on time.

COM Tutoring Center

The COM Tutoring Center provides free tutoring services to students, staff and faculty seeking assistance for writing, reading and oral presentations for academic and non-academic assignments/projects. Located in the Technical Vocational Building, Room 1306, the center provides face-to-face and online tutoring sessions in a welcoming environment. Appointments

can be made in person, or on the center scheduler at com.mywconline.com, or by clicking the WC icon on the COM website.

Submitting Assignments

Submit assignments, essays, and work through Blackboard only by using the "Write Submission" tab to copy and paste to turn in assignments, essays, and quizzes. Note that failure to follow correct submission rules and due dates may result in a lower grade. Do NOT email your completed assignments, essays, or work to your professor.

***Teamwork Projects**

Essay Projects, Peer Review Workshoppings, and Revisions

Essays use the writing process and peer workshopping teamwork approach. Two peer reviews or one COM Tutoring Center tutor /other tutoring services, etc... proof is required to be turned in with each major essay project. If in a face-to-face class you do not show up for or participate in your peer review workshopping with your teammates, you must visit the COM Tutoring Center (WC) for revision and get emailed/signed documentation for your visit. **No major project will receive a score higher than 50 unless a proper MLA Works Cited page and Peer Workshopping/Tutor email is submitted. No exceptions will be made.**

COVID Exceptions for Workshopping:

During COVID, flexibility is needed, so there are other options for workshopping:

1. Peers/qualified family & friends/former teachers, etc... Be sure to use the Peer Workshopping Handout. You must upload peer/tutor workshopping documentation to Blackboard before your essay will be scored.

Or

2. Professional Tutor, such as COM tutor, NetTutor, etc.. Be sure to keep either an email, comment sheet, etc... as documentation to upload to Blackboard so your essay can be scored.

In addition, some assignments may be adjusted due to COVID.

Revisions: Students who score below a "C" are allowed to revise each project one time only for a grade no higher than an 80, a "B" grade. Peer Workshoppings may be completed by peers within the class and/or by WC tutors or another tutoring service or qualified professional (see Teamwork Projects section). One session with a WC tutor, which may be completed online, is required on either Project 1 or Project 2. Proper MLA Works Cited page must be turned in to your professor for major projects to be scored. **No major project will receive a score higher than 50 unless a proper MLA Works Cited page and Peer Workshopping/Tutor email is attached.**

Final Essay Research Project Blog

You will publish your final research essay components to WIX.

Make-Up and Late Work Policy

At professor's discretion and to follow college guidelines: fifteen points off each class period missed for late assignments. For online courses, one week constitutes one class period. A reminder that technology issues are not valid excuses for late assignments. Three or more missed assignments may result in being dropped from the online course.

Disaster Preparedness: In case of a disaster, check the COM webpage for college updates and your Blackboard course for class updates. Continue your work for the class since every attempt will be made to follow the weekly outline.

Online Activities, Materials, and Participation:

Class activities and homework are accessed by logging into Blackboard a minimum of **three times** per week. The approximate time of completion will vary per learner, but you should allow plenty of time for mastery of online materials, which are counted as participation points for the course. Allow time to review new information, participate in discussions, take quizzes, finish writing assignments, and complete other activities listed in the syllabus course outline and calendar as scheduled by the professor. Full participation in all course activities is required to earn credit for graded assignments.

Attendance Policies:

Did you miss a class?

1. Contact your classmate study/email buddy.
2. Review syllabi, Power Points/Presentations, and other class information on Blackboard.
3. See the reading/writing tutor as needed. Free peer and professional tutor help is available.
4. Lastly, contact your professor by phone, email, or text (preferred method).

Class Attendance Policy

If face-to-face, attendance is taken each class meeting. If hybrid/online, attendance is taken weekly when class folders open.

Withdrawal Policy

Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are only permitted to withdraw six times during their college career by State law.

Hybrid/Online Attendance Policy

About a Hybrid vs. Online Class

A hybrid class combines one class per week of face-to-face classroom instruction with one class per week of online materials as opposed to an online class that has no face-to-face classroom instruction. An online course meets solely online with no formal whole class meeting times. Be aware an online class is not self-paced. Online class meetings will be used for discussions, activities, reviews, and peer review workshopping. The online (Blackboard) portion of this class will consist of chapters, blogs, discussions, videos, and related activities. You must keep up with both aspects of the class to be successful, get the most benefit from the materials, and pass the course.

Hybrid/Online: You must log into this course for your class each week. You must log in no less than **three times per week**. Failure to do so will result in loss of activities and participation points. The estimated amount of time to complete weekly online activities is approximately equal to Homework Folder minutes. The approximate time of completion will vary per learner, but you should allow plenty of time for mastery of online materials, which are counted as participation points for the course. The time frame could be anywhere from one plus hours.

Allow time to review new information, participate in discussions, take quizzes, finish writing assignments, and complete other activities listed in the syllabus course outline and calendar as scheduled by the professor. Full participation in all course activities is required to earn credit for graded assignments. If in doubt about homework, work ALL activities within the weekly assignment folder to ensure success. College of the Mainland recognizes no excused absences other than those prescribed by law (military service and religious holiday). When, in the judgment of the faculty, students have missed so many assignments (**three or more in this course**) that they are unlikely to complete the objectives of the course, the faculty member can initiate steps to drop them by notifying the Admissions and Records Office. The student will then receive a “W” for the course.

Withdrawal Policy

Failure to participate, complete assignments in class, log into an online class will NOT constitute an official or automatic withdrawal. It is the student’s responsibility to acquire and complete the drop form when the student has decided to drop the class. Any student who fails to withdraw will receive a grade of “F” for the class. The professor is not responsible for dropping students. Please visit <http://www.com.edu/admissions/drop-notification> to obtain more information regarding the consequences of dropping a class multiple times.

Reminder: There are **NO excused absences** in college courses! You are either absent or present. Regardless of attendance, work must be turned in on time and according to the syllabus. Missing class is not an excuse for late work! **A student with more than three or more missed assignments may be dropped at the professor’s discretion.**

Technology and This Course

Technology is everywhere! COM is a Wi-Fi campus. Academic writing assignments and essays in all college courses are typed. Businesses expect employees to use technology. Therefore, this course includes lectures, PowerPoints, materials, and social media websites that can be accessed easily from any computer, smartphone, or tablet. If Internet usage is unavailable off-campus, please use time management skills to download materials while on campus. If a high grade in this course is your goal, then practice reading and writing, apply new skills learned in class, and peer workshop all essays. Make good use of campus resources, such as free tutors in COM's Tutoring Center. Lastly, communicate with your professor!

Technology Outage Policy

Students are responsible for completing all course work by the due dates stated in the syllabus. Occasionally the College may experience emergency campus-wide technology outages. Should this occur during a Quiz or submission of an Assignment, you will need to notify the professor to reset the Quiz or extend the assignment due date. This will occur once the campus-wide outage is confirmed by Informational Technology. An Announcement will be sent to all students relaying the information about the new due date for the assignment or quiz.

In case of a personal technology issue, or if you have questions about an assignment or need clarification of requirements, you are expected to contact the professor using the contact information above in the syllabus. The College has a number of [computer labs](#), so access to requisite technology needed to complete assignments should not be an issue.

Problems with Blackboard and other Technical Problems

Technology problems are **not** a valid excuse for missing deadlines. If you are experiencing difficulties with Blackboard, you are advised to contact the Technical Support Team for troubleshooting and solutions. Every semester students experience total or near-total computer failures. If this happens to you, you have three options: use a backup process such as cloud or email, or use a second computer, or drop the class. Computer labs are available on campus if your personal computer becomes disabled during the semester. Always make a backup of each assignment as you create or edit it—always use a cloud service (preferred method), email, and/or USB jump drive. Do not depend on the “original”, whether it’s on your hard drive or elsewhere.

Reminder

There are **NO excused absences** in college courses! You are either absent or present. Regardless of attendance, work must be turned in on time and according to the syllabus. Missing class is not an excuse for late work! A student will receive no higher than a “C” grade if five absences in F2F classes or three absences in HY classes are accumulated during the semester. A student **missing three or more assignments may be dropped in an online course at the professor’s discretion**. Students are also expected to be on time to class and to stay until the professor dismisses the class. Coming in late or leaving early constitutes a partial absence or tardy. Remember, three tardy marks equal one classroom absence.

Classroom Conduct Policy

College of the Mainland requires that students enrolled at COM be familiar with the Standards of Student Conduct, which can be found in the on-line Student Handbook.

<http://www.com.edu/student-services/student-handbook> . Students should act in a professional manner at all times. Disruptive students will be held accountable according to college policy. Any violations of the Code of Conduct will result in a referral to the Office for student Conduct and may result in dismissal from this class.
