Participation:

You are expected to log into the course a **minimum of 5 times per week** and you should expect to spend at least 5-6 hours a week in the course reviewing lessons and other course material.

The discussion component of the course requires you to engage your fellow students in “conversation,” which requires you to regularly read and respond to posts. Due to the online nature of this course, it is up to the student to provide thoughtful and elaborate responses to discussion posts for the instructor to measure the students’ understanding of the material. In addition, any aggressive, rude, degrading, etc., posts may be deleted without notice to the student. All such responses will receive a grade of 0 for the deleted thread.

Please understand that minimal participation will result in minimal points.

More information about expectations in regards to your postings and replies is provided below in the Grading Rubrics.

Method of Instruction:

This course primarily consists of online lessons and discussions provided by the instructor. Additionally, videos and other supplementary articles may be used to emphasize key issues. The online lessons parallel and reinforce assigned readings; therefore it is essential that students keep up to date with their online work. The online lessons will be open for one week, giving you plenty of time to complete the required materials.

Coursework Policy:

All coursework will be assigned and opened online at the start of the semester.

For this course, you may begin working on the coursework beginning at 12:00am on that MONDAY (MAY 13th) through 12:00pm (NOON) on THURSDAY (MAY 30th) of the final week.

Responses will only be deleted if the instructor determines them to be aggressive, rude, degrading, etc., and they may be deleted without notice to the student. All such responses will receive a grade of 0 for the deleted thread. Please refer to the syllabus for more information regarding student conduct and expectations.
