

ITSC-2325-001IN-FA2023
Advanced Linux
Fall 2023
Internet Course – Online Only

Instructor Information: Paul Chance, pchance1@com.edu

Student hours and location: By appointment (Email to confirm availability)

Required Textbook:

Navigate 2 eBook Access for Security Strategies in Linux Platforms and Applications with Cloud Lab Access
Second Edition
ISBN: 9781284188554

<https://www.jblearning.com/catalog/productdetails/9781284188554>

Course Description: Provides instruction in advance open-source Linux operating system. Develops directory services for clients, support users remotely, and install and configure network services.

Course requirements: Student will need to utilize the most currently supported version of the Microsoft Office suite to include Office 2010 or later. Student will need to have access to the Internet with a minimum bandwidth speed of 1MB/768KB (standard DSL or faster).

Determination of Course Grade/Detailed Grading Formula:

	Points
Discussion Topics	200
Chapter Exams	450
Cloud Labs	200
Final Exam	150
Total	1000

Grading Scale:

- A: Final Average of 895-1000
- B: Final Average of 795-894
- C: Final Average of 695-794
- D: Final Average of 595-694
- F: Final Average of 0-594

Late Work / Make-Up Policy: Late work will be accepted for one week after the due date with a points deduction of -20%. Assignments are then removed from Brightspace and a grade of 0 is assigned.

Attendance Policy: Students are expected to attend all lectures (online or on-ground) and labs (online or on-ground). Students not able to attend a session are required to notify the instructor no later than 2 hours prior to the start of the session. Students that miss more than 35% of the total session times will be considered for student referral and possibly being dropped from the course. Students will need to log into the Brightspace system at least 1 time per week.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.

Student Learner Outcome	Maps to Core Objective	Assessed via this Assignment
Install, administer, and manage advanced network environment using a Linux system	Critical Thinking Skills	Chapter 3,4,5 Exams
Demonstrate advanced skills and proficiency with Linux utilities and configurations	Critical Thinking Skills	Chapter 11, 12, 14 Exams
Deploy secure networks	Critical Thinking Skills	Chapter 6,7 Exams
Integrate Linux networks with existing networks	Critical Thinking Skills	Chapter 8,9 Exams

Academic Dishonesty: Any incident of academic policy will be dealt with in accordance with college policy and the Student Handbook. Academic dishonesty – such as cheating on exams is an extremely serious offense and will result in a **grade of zero** on that exam and the student will be referred to the Office of Student Conduct for the appropriate discipline action.

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact the Math Department Chair, Leslie Richardson, at lrichardson@com.edu or 409-933-8244.

Course Outline:

Week	Chapter – Topic
1	Chapter 1 – Security Threats to Linux
2	Chapter 2 – Basic Components of Linux Security
3	Chapter 3 – Starting Off: Getting Up and Running
4	Chapter 4 – User Privileges and Permissions

5	Chapter 5 – Filesystems, Volumes, and Encryption
6	Chapter 6 – Securing Services
7	Chapter 7 – Networks, Firewalls, and More
8	Chapter 8 – Networked Filesystems and Remote Access
9	Chapter 9 – Networked Application Security
10	Chapter 10 – Kernel Security Risk Mitigation
11	Chapter 11 – Managing Security Alerts and Updates
12	Chapter 12 – Building and Maintaining a Security Baseline
13	Chapter 13 – Testing and Reporting
14	Chapter 14 – Detecting and Responding to Security Breaches
15	Chapter 15 – Best Practices and Emerging Technologies
16	Final Exam

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor’s professional judgment of the quality of the student’s work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact Kimberly Lachney at 409-933-8919 or klachney@com.edu. The Office of Services for Students with Disabilities is located in the Student Success Center.

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is October 11. The last date to withdraw from the 16-week session is November 28. The last date to withdraw for the 2nd 8-week session is December 7.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here <https://www.com.edu/community-resource-center/>. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.
