Determination of Grade:

Course Work Requirements: This is a course that requires the student to attend lecture in person, there is also work that is required on Blackboard. Each lecture contains material that is not available in the textbook, material that the student is responsible for and will be tested upon; therefore, it is essential that students make a concerted effort to attend and understand the material. Rigorous note taking and studying of lecture notes is expected if the student is to succeed in the class. In addition to attending the lectures, students are expected to read the textbook.

Exams: There will be **four exams** during the semester with a value of **100** points each. Exams will be take home tests with multiple essays. Exam material will be drawn from both lectures and assigned readings. Students should pay particular attention to terms in the study guides, which will be distributed prior to each exam. Each exam will consist of multiple-choice questions, short answer, map questions as well as a take home essay question. **There will be NO makeup tests given. If you miss a test your lowest test score for the semester will count twice. If you miss more than one test the other will be a 0. Exams address the following Core Objective: Critical Thinking.**

Assessment Quizzes: In addition to the four exams, there will be pop quizzes during the semester. Quizzes will be posted on BB or in person. The lowest **two** quiz scores will be dropped. Quizzes will be given in order to identify at-risk students. Once at-risk students are identified, a plan will be developed in conjunction with the student with the goal of improving their performance in the class. Quizzes will count for a total of 100 points. **Quizzes cannot be made up. Quizzes address the following Core Objective: Critical Thinking.**

Discussion Posts: Each week you will be responsible for reading primary documents and posting comments on the discussion boards on BlackBoard. These discussions will address the readings and will incorporate reading and class discussion. Each week there will be a different question posted that you will need to respond to. This will account for 100 points or 10% of your total grade.

You will be given a packet of primary documents on the first day of class, these will be uploaded to BB. These are the documents that you need for the discussion posts. You will read the documents for that discussion and post a comment (needs to be about a paragraph) on the documents, what did the document say, what was its purpose and how did it fit into our class discussions.
