Course requirements (including description of any special projects or assignments):

Chapter Work:

For each chapter, do the following:

1. Carefully read the chapter in your textbook and take notes.
2. Read the Learning Objectives.
3. Watch the PowerPoint presentation for the chapter.
4. Watch the chapter video.
5. Do the chapter discussion forum
6. Do any written assignments as you encounter them in the chapter
7. When you have mastered the chapter, take the chapter exam (two attempts).

Late Work/Make-Up, and Extra Credit Policy

Late work is generally not accepted. If late work is accepted, the grade may be lowered or given a 0 at the discretion of the instructor.

Determination of Course Grad/Detailed Grading Formula

Orientation (Quiz - 5 points, Introductory Discussion – 5 points):

After you have carefully read the Read Me First menu item, then do the orientation items.

Chapter Exam (420 points):

There are 14 chapter exams each worth 30 points. The format for each exam is "open book" and each exam has a time limit of 30 minutes. Utilize the PowerPoint chapter presentations, the eFlashcards, as well as the textbook to prepare for each exam.

Each student will have two attempts per exam, so study hard before you attempt to take an exam. Exam questions are pulled from a larger group of questions. By design, there is not enough time to look up each and every question, so study prior to taking the exam. The higher grade will be recorded and the grade will post immediately after submission.

You must be prepared for each exam by reading the assigned chapter. Do not procrastinate; give yourself time to complete each exam in sequence as you progress through the chapters and the units. You may, of course, move at your own pace ahead of each deadline.

On rare occasions, there may be an issue with the exam questions. Please let me know if that is the case. I always appreciate help in catching errors in the exam. Always feel free to check the answers against the book – if you have a question about an answer marked wrong, just email me with the question and your evidence (a pic) from the book.

Unforeseen glitches during an exam attempt can occur from time to time. There are several steps you can take to ensure you do not have a problem during an attempt. Go ahead and contact me if you have any problems with the exam, if it is a tech support problem, consult tech support.

Written Projects (260 points):

There are five written projects for the course.

- Texas Rights Project (25 points)
- Legislative Profiles (35 points),
- Governor Profiles (50 points),
- State and Local Government (50 points)
- Texas Interest Group Project (50 points)

See instructions for each assignment in Blackboard. There will be an attached rubric given with the grade on the written assignment. Be sure to answer all questions for each assignment. Questions that require more work are always worth more points. Do not skip questions that require paragraph summaries or extended replies, you're grade on the assignment will suffer greatly if you do. Incomplete written assignment may not be accepted and may be given a 0, so do not turn in half-completed work or skip any of the questions. Do not cut and paste any answers for the written assignments unless otherwise indicated. That is plagiarism. Students who plagiarize will get a 0 on the assignment and may fail the course and be reported to the college.

Discussion Forums (280 points)

There are 14 discussion forums each worth 20 points. To get the full credit, write a 250-300-word response (include the word count at the end of your post). Your response should carefully address all parts of the question in a coherent, organized, and professional manner. You must also respond to someone else's post with a 100-word response (use word count again). Your responses should be your own words. Do not cut and paste - this is plagiarism. If you do quote the textbook or other sources, be sure to use parenthetical citation or footnotes for proper attribution. Use proper grammar and spelling – posts with excessive grammar and spelling errors may receive a lowered grade or a 0.

Facebook Group (25 points):

There is a Facebook group assigned to your class. See the Facebook menu item on Blackboard for instructions.

Grading Scale/Formula:

A = 900-1000 points

B = 800-899 points

C = 700-799 points

D = 600-699 points

F = 0-599 points

Late Work, Make-Up, and Extra Credit Policy:

Late work may or may not be accepted at the discretion of the instructor. If the work is accepted, the grade may be lowered. Make-Up work may or may not be allowed at the discretion of the instructor. Extra credit may or may not be offered at the discretion of the instructor.

Attendance Policy:

You should login to the course a minimum of three times per week. You are welcome to work ahead, but do not turn in work late, it may not be accepted

A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [Student Handbook 2023-2024 v2.pdf \(com.edu\)](#). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
