Course requirements:

Exams:

There will be four exams throughout the semester. The exam will cover material from the textbook and class discussion. The format of the test will include multiple choice, true/false and matching. The professor reserves the right to have essays on the test. Students will take the test in person (not online). Students will be required to have a pencil and a scantron for your test. No cell phones, notes, computers, or books will be allowed during test. **If a student is absent for an exam, they are required to contact the professor within 24 hours, or the exam will be a zero. Contracting the Professor means one of the following ways in person, email or through remind 101. Students will be required to show documentation of why they missed the exam upon returning the first class back. Make-up Exams must be taken within one week of the original test unless authorized by the professor to take it later than a week.** Make-up exams will only be given upon reviewing individual situations and will ONLY be under the discretion of the professor. Makeup exams may be different format under the discretion of the professor but must cover the same information. Students are not allowed to retake a test (that is different than make up a test). Students who are NOT exempt from the final and fail to take the final exam will receive a zero for the final exam grade. Reviews for exams will be based on schedule permitting. However, professor does not have to give a review. Your final exam will not be a cumulative final. See schedule for details of what chapters will be on the final exam. **If you are REQUIRED to take the final exam, your quiz average cannot be used for the final exam.** See handout “How to Determine Final Exam Exemptions,” “How to Determine Semester Average” and “Project/Paper Presentation Requirements” for more details

Presentations:

There will be one presentation assignment for this course. For the presentation, you are required to turn in a variety of things. Please refer to handout over presentation requirements for project/paper. Make-up of Presentation of projects/papers will not be permitted unless extreme circumstances occur which will be approved by the professor.

Responsibility Paper: Critical Thinking, Social Responsibility, Personal Responsibility, Communication

Students will pick a person or movement that fits into the time period of HIST 1302 (U.S. History after 1877). Students will write a two-page typed paper on the Social and Personal Responsibility of the subject. The student must include a paragraph in their paper discussing the social and personal responsibility of the individuals involved. Students will use primary and secondary sources for their paper. You must include a works cited page. This is to make sure you choose a topic that falls into the scope of this class. **See handout of details for this assignment.**

Homework:

Students are expected to read each assigned chapter each week. Generally, in college: A student spends 3 hours for every hour in class. For a three hour course (such as History), most students spend about 7-9 hours per week studying and preparing for class. Students are expected to read and prepare prior to coming to class. This will lead to class discussions and a better understanding of the chapters.

Quizzes

As a general rule, there will be weekly quizzes for our course. Students will be expected to take quizzes for the chapters discussed each week. Each quiz is worth 10 points. There is a total of 10 quizzes. We will have our weekly quizzes on the second day of our course prior to the class ending. However, the professor does reserve the right to conduct the quiz during any part of the class time if professor deems it necessary. Students will be required to have a pencil and a scantron for your quiz. Quizzes will include multiple choice, true/false and matching. No cell phones, notes, computers, books etc will be allowed during the quizzes. Students will be allowed to take one make up quiz per semester. A make-up quiz is because you were absent the day of the quiz and would like to take it for the first time. **Make up quizzes must be conducted on Friday of the assigned week unless prior permission from the professor.** A redo is not allowed. A redo is when a student fails and would like to take the quiz again. Students will be expected to only take make up quiz the week they returned to class. If a student is in the hospital and provide documentation, the student will be able to make up two quizzes (only if the quizzes are missed while the student is in the hospital). If a student is quarantine due to COVID and provide documentation, the student will be able to make up two quizzes (only if the quizzes are missed during the student's quarantine). Any further quizzes missed due to COVID may be made up based on professor's discretion. **If a student missed a quiz due to school activity, documentation must be provided from a leader of the school activity.** At the end of the semester, you will add up all your quiz points (up to 100 points). **Quiz average cannot replace a test grade on a test that had not previously been taken.** Quiz average cannot replace the final exam grade if student is required to take the final exam. There are three options that your quiz average will assist you. Quizzes cannot replace project/paper grade or a test grade if student does not attend class on a regular basis throughout the entire semester. See handout "How to Determine Final Exam Exemptions" for details.
