Mason, D. et al. (2021). *Policy & Politics in Nursing and Health Care*, 8th edition. St. Louis: Elsevier, Inc.

American Psychological Association. (2020). *Publication Manual of the American Psychological Association*, 7th edition. Washington, DC: APA

Course Description:

This course explores the policies that influence healthcare in the U.S. and global healthcare delivery systems. Topics include healthcare policy development, quality assurance and quality improvement, legislative advocacy, disaster preparedness, bioterrorism, emerging infectious diseases, environmental health, levels of prevention, and the national health initiatives.

(Credit 3: Lecture 3, Lab 0) (8-week course, 48 contact hours)

Course requirements:

1. Discussion board (8): Assess knowledge and application of incremental course content. Discussion board topics will be from the weekly reading content. Students will post one significant post related to the course content and support post with cited references. Students will reply to two of their peer's/instructor's post with cited references. If a student receives a grade below 70% on any discussion board rubric, the student should schedule a counseling appointment with the instructor to complete remediation. (See Appendix Discussion Board Rubric)

2. Case Study (2): Assesses overall knowledge and application of complete course content. This will enhance students' learning experiences in policy & Politics, leadership, community activism, administration, research, health disparities, and other key issues and trends of importance to this course. Assignments will also meet QSEN/NLN competencies, including teamwork, collaboration and professional identity, evidence-based practice with spirit of inquiry, safety, and nursing judgement. If a student receives a grade below 70% on any assignment, the student should schedule a counseling appointment with the department remediation counselor and/or course facilitator. (See case study Rubric)

3. Legislative Assignment: Assesses overall knowledge and application of complete course content. This will enhance students' learning experiences in policy & Politics, leadership,

community activism, administration, research, health disparities, and other key issues and trends of importance to this course. Assignments will also meet QSEN/NLN competencies, including teamwork, collaboration and professional identity, evidence-based practice with spirit of inquiry, safety, and nursing judgement. If a student receives a grade below 70% on any assignment, the student should schedule a counseling appointment with the department remediation counselor and/or course facilitator. (legislative assignment Rubric)

4. Weekly Participation/Professionalism: Assesses ability to synthesize information when collaborating on a topic with peers. Students will discuss components of evidence-based research on a weekly discussion board. Students will be expected to synthesize content for the weekly discussion post and support their response with cited references. Students will be required to synthesize postings from two of their peers/instructors each week and contribute substantially to the post with new information either supporting the peers/instructors view or offering a different view with supporting references at least 2 days/wk.

Professionalism: Students will receive professionalism points each day for attendance.

a. Attendance – Student is present in the class per institution attendance requirements.

b. Timeliness – student submits assignments on time.

c. Participation and engagement – students participate in class and team activities in a meaningful and engaged way 2ds/wk.

d. Preparedness – student completes all assignments and pre-class assignments.

e. Professional demeanor – Student communicates in a professional manner throughout the course period.

f. Objectives Application – students will apply the objectives of this class to all classwork and assignments.

g. Teamwork – student participates in teams in a collaborative and professional manner.

5. Term Paper: The term paper written assignment aims to help student explore the problems that impede health in our nation and globally, learn the best evidence available about policy options that are likely to successfully address these problems, and develop their political and policy acumen. The students will also develop an in-depth view of the issues that impact nurses and suggest a variety of opportunities for nurses to engage in the policy issues about which they care deeply. If a student receives a grade below 70% on this assignment, the student should schedule a counseling appointment with the department remediation counselor and/or course facilitator (See Appendix C: Term Paper Rubric).

Academic Dishonesty:

Any incidence of academic dishonesty will be dealt with in accordance with college policy and the Student Handbook. Academic dishonesty, such as cheating on exams, is an extremely serious offense. See Behavior/Conduct policy in the Nursing Student Handbook.

Student Concerns:

If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact [insert name and title of direct supervisor] at [phone number/email address].

Plagiarism

Plagiarism is using someone else’s words or ideas and claiming them as your own. Plagiarism is a very serious offense. Plagiarism includes paraphrasing someone else’s words without giving proper citation, copying directly from a website and pasting it into your paper, using someone else’s words without quotation marks. Any assignment containing plagiarized material will receive a grade of zero and the student will be referred to the Office of Student Conduct for appropriate disciplinary action. Also see the Behavior/Conduct policy in the Nursing Student Handbook.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact:

Kimberly Lachney, Student Accessibility Services Coordinator

Phone: 409-933-8919

Email: AccessibilityServices@com.edu

Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is October 2. The last date to withdraw from the 16-week session is November 15. The last date to withdraw for the 2nd 8-week session is November 26.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been

asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here <https://www.com.edu/community-resource-center/>. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.

Nondiscrimination Statement:

The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.
