## Course Grade Breakdown

■ Discussion Board Posts ■ Quizzes ■ Exit Tickets ■ Midterm Exam ■ Final Exam ■ Research Paper ■ Presentation

**HOW TO CALCULATE YOUR GRADE:** (Points Earned / Points Possible) X 10

**Example:** You have earned 180 out of 200 possible points so far in the class. You would calculate your current numeric grade by dividing 180 by 200 and then multiplying the result by 100:

$180/200 = 0.9 \times 100 = 90 \rightarrow$  Your current numeric grade would be 90%

- **Discussion Board Posts (14):** Each discussion board post assignment will require students to: (1) submit an original post addressing the given prompt (20 points) and (2) submit a reply to another student's post (5 points). See grading rubric on D2L.
- **Quizzes (10):** Each quiz will consist of 20 multiple-choice questions. Students may have two attempts to complete each quiz. There is no time limit. Students are encouraged to use the textbook, any provided learning materials, and class notes to complete quizzes.
- **Exit Tickets:** At the end of each class, students will be instructed to (1) summarize the main takeaways of the day's class and/or answer a specific question and (2) write a question about the topic of the next class. Each missing exit ticket will result in -5 from the 100-pt total.
- **Exams (2):** The Midterm Exam will assess mastery over weeks 1-2 content (textbook chapters 1-6, 9), while the Final Exam will assess mastery over weeks 3-4 content (textbook chapters 7-8, 10-12, 14-16). Each exam consists of 35 multiple-choice questions and 3 short answer questions and are not open book/open note.
- **Research Paper:** Students will complete a 2-4-page research paper formatted according to APA style about a relevant topic of their choice using a peer-reviewed research article (full instructions are on D2L Brightspace).
- **Presentation:** Students will prepare and present a brief 5–8-minute oral/visual presentation summarizing the contents of their research paper (full instructions are on D2L Brightspace).

**Assignment Submission & Extra Credit Policies:** **Assignments must be submitted to D2L as .doc/.docx (Word), .pdf, or .jpeg files.** It is good practice to double-check after submitting an assignment (resubmit the correct document if needed). It is ultimately your responsibility to submit work in the proper format on time. Extra credit opportunities are available on D2L.

**Late Work & Make-Up Policies:** Assignments submitted after the deadline will incur a 10% deduction per day late (e.g., 2.5 points will be deducted each day for a late discussion board post). **At 10 days late, assignments will become an automatic zero.** If for any reason the college closes, continue to work on the assignments as instructed in your syllabus and on D2L. Missed exams will result in a zero and cannot be made up. In the event of illness or emergency, late work may be accepted without penalty at the discretion of the instructor, *if students contact the instructor as soon as possible (preferably before the deadline or exam date)*. Technological issues are not an acceptable excuse for a late assignment. **Late work will NOT be accepted after Tuesday, July 2<sup>nd</sup> – no exceptions.**

**Attendance & Classroom Conduct Policies:** Regular attendance and participation are critical to being successful in this course. Exit tickets cannot be made up and will result in a 5-point deduction for each missing exit ticket (after two “free passes”). If you miss class, you are responsible for checking the syllabus and studying the textbook, borrowing notes, or visiting office hours to learn the content.

It is expected that everyone treats each other with mutual respect. Students demonstrate respect to their instructor by arriving on time, staying for the duration of class, participating in class discussion and activities, and listening attentively while the instructor is speaking. The instructor will demonstrate respect to students by arriving on time, being prepared with quality learning materials and activities, and listening attentively while students are speaking. Class discussions may include sensitive topics. It is ok to disagree with others, but it is not ok to verbally attack another person.

**Communicating With Your Instructor:** **ALL electronic communication with the instructor must be through your COM email.** Due to FERPA restrictions, faculty cannot share information about performance in the class through other electronic means. Students are expected to check their COM email and D2L course page regularly. Communicate with your instructor in a timely manner so that your instructor can best help you. Your instructor should respond within 24-48 business hours.

**Academic Dishonesty:** Plagiarism includes, but is not limited to, deliberately copying word-for-word another person’s work without proper quotation and attribution (direct plagiarism), submitting your own work from another class (self-plagiarism), and failing to correctly cite sources or unintentionally using the same groups of words as another source without proper quotation and attribution (accidental plagiarism). Academic dishonesty also includes the unauthorized use or attempted use of material, information, devices/technology (e.g., Artificial Intelligence), or communication during an academic exercise (i.e., an assignment, paper, or exam). **Any form of academic dishonesty may result in a reduction of points (up to a zero with no make-up) at the discretion of the instructor.** Additionally, an academic dishonesty report may be filed.

**Student Concerns:** If you have questions or concerns about any aspect of this course, contact the instructor ([kobrien4@com.edu](mailto:kobrien4@com.edu)). If, after discussing your concern with the instructor, you continue to have questions, contact Department Chair, Shinya Wakao at 409-933-8107 or [swakao@com.edu](mailto:swakao@com.edu).

**Grade Appeal Process:** Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [https://www.com.edu/student-services/docs/Student\\_Handbook\\_2023-2024\\_v2.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
