

ENGR 1304.101C3 Engineering Graphics 1 Spring 2025 Tuesday, Thursday 2:00 pm-4:50 pm

Instructor Information: Dr. E. Carl McIntyre, emcintyre1@com.edu, (337)693-2624

Student hours and location: Monday, Wednesday 12:00 pm to 2:00 pm STEAM 325-28 Tuesday Thursday 1:30 pm to 2:00 pm STEAM 325-28 Friday 10:00 am to 12:30 pm via Zoom

Required Textbook/Materials:

Textbook

Technical Drawing 101 with AutoCAD 2022: A Multidisciplinary Guide to Drafting Theory and Practice with Video Instruction Douglas Smith, Antonio Ramirez, Ashleigh Congdon-Fuller SDC Publications 1st edition (2021) ISBN: 978-1-63057-430-7

Materials

• Drafting kits, Drafting boards and T-squares (supplied)

Online Resources

• COM BrightSpace: <u>https://com.brightspace.com/d21/home</u>

Course Description: (LECTURE 2, LAB 4). CREDIT 3. ACGM

Introduction to computer-aided drafting using CAD software and sketching to generate two and threedimensional drawings based on the conventions of engineering graphical communication; topics include spatial relationships, multi-view projections and sectioning, dimensioning, graphical presentation of data, and fundamentals of computer graphics.

Prerequisite: MATH 1314, minimum grade "C" or better.

Course requirements:

Quizzes

• There will be ten (10) Chapter quizzes.

Exams

• There will be no exams.

Chapter Projects / Exercises

• These projects / exercises will be linked to the course material to help reinforce the information covered in lecture.

Lectures

• Lectures will cover textbook material.

Projects

• There will be two final projects.

Policy on Electronic Devices

• Once students enter the classroom, all electronic devices should be silenced and put away such that they are not visible. These include cell phones, headphones, ear buds, etc. Students may only use electronic devices if authorized by the instructor.

Determination of Course Grade/Detailed Grading Formula:

Task	Total Points	% of Final Grade
Attendance (8 points each)	200	11%
Quizzes (20 points each)	200	11%
Chapter Projects / Exercises (25 points each)	625	34%
Projects (400 points each)	800	44%
Total	1825	100%

Late Work, Make-Up, and Extra-Credit Policy:

Any deviations from the policies described below are at the sole discretion of the instructor. *Chapter Projects / Exercises*

• Late work will be accepted ONE WEEK late ONLY and given HALF CREDIT. *Projects*

• There will be NO late work accepted for the final project.

Attendance Policy:

COM recognizes no excused absences other than those prescribed by law: religious holy days and military service. Students are expected to attend all class sessions as listed on the course calendar.

- Attendance will be taken at the beginning of each class.
- IF you do have to miss class, it is your responsibility to obtain notes from a classmate.
- Missing lectures may affect your overall class performance.
- Should you anticipate an absence, you must contact your instructor by email PRIOR to the absence.
- Each situation will be evaluated independently.
- You must provide legitimate proof for your absence.

Attendance Points per Class:

- Entire class (full points): 8
- Partial (late or leaving early): 4
- Absent: 0

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via D2L or other LMS)

Student Learner Outcome	Maps to Core Objective	Assessed via this Assignment
1. Discuss the basic steps in the design process.	Communication Skills	Quizzes
2. Demonstrate proficiency in freehand sketching.	Critical Thinking Skills	Assignments
3. Demonstrate proficiency in geometric modeling and computer aided drafting and design (CADD).	Critical Thinking Skills	Assignments
4. Communicate design solutions through sketching and computer graphics software using standard graphical representation methods.	Communication Skills	Projects and Assignments
5. Solve problems using graphical geometry, projection theory, visualization methods, pictorial sketching, and geometric (solid) modeling techniques.		
6. Demonstrate proper documentation and data reporting practices.	Communication Skills	Assignments
7. Complete a project involving creation of 3D rapid prototype models.	Empirical and Quantitative Skills	Project
8. Function as part of a design team as a team leader and as a team member.	Teamwork	Project

Academic Dishonesty:

College of the Mainland is committed to a high standard of academic integrity. In becoming a part of the academic community, students are responsible for honesty and independent effort. Incidents of academic and scholastic

dishonesty (including cheating, plagiarism, and collusion) will be dealt with in a manner consistent with College Policy and the Student Handbook.

Violations may result in a penalty. The maximum penalty will be a grade of "F" for the course. Violations may also be reported to the Judicial Coordinator as instances of Inappropriate Behavior.

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact the department chairperson, Professor Sheena Abernathy, either in person, by telephone at 409-933-8330, or by email at <u>sabernathy@com.edu</u>.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook <u>https://www.com.edu/student-services/docs/Student Handbook 2024-2025 v2.pdf</u>. An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact: Kimberly Lachney, Student Accessibility Services Coordinator Phone: 409-933-8919 Email: AccessibilityServices@com.edu Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 26. The last date to withdraw from the 16-week session is April 21. The last date to withdraw for the 2nd 8-week session is April 30.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here https://www.com.edu/community-resource-center/. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.

Nondiscrimination Statement:

The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.
