There are four modules that comprise this course. For all tasks, please refer to the Schedule of Activities for due dates, point values, and other information.

Tests

Four tests (in Blackboard) will be given (online for IN classes; in the classroom on Thursday as noted for CL classes) covering the chapters in the textbook. These tests will be administered using Blackboard. A list of the chapters covered by each test is provided in the Schedule of Activities. Each test has 50 questions. Once you have started the test it cannot be stopped and restarted no matter what the circumstance. **The test will automatically close at the time shown in the schedule of activities. It is your responsibility to monitor your time while taking the test.** Only one attempt will be allowed per test. No retakes are allowed.

Quizzes

There are **16 Chapter Quizzes (in Cengage)**. You have no time limit on these quizzes, and you are allowed three attempts. Your highest score will be automatically accepted as your grade for that quiz. These quizzes are designed to be a study aid to help you prepare for the tests.

Discussion Boards

Four Peer Review Discussion Boards will be required. You will submit the specified portion of the marketing plan assignment to the discussion board for peer review. You will submit two substantive responses to others as a peer review of their work, offering comments and suggestions.

Assignments

There are **four Assignments** required for this course. Each one is a component of the Final Marketing Plan. Be sure to use the rubric attached within the course. You will be graded on the quality of your work, inclusion of any valid peer review suggestions, and adherence to the guidelines of the assignment.

Rubrics for each assignment are located with the assignment. Please refer to the grading rubric for additional guidance on expectations.

The following list summarizes the tests for the course:

Late work that requires manual grading (Bb assignments with a rubric, generally) will be accepted up until the Sunday prior to the last day of class. Late work that is auto-graded will be accepted up until the day prior to the last day of class.

If you have a personal or emergency situation please contact me as soon as practical (in advance when possible) and I will do my best to work with you in a fair and equitable manner. Supporting documentation may be requested.

Any bonus points, make-up work, or other accommodations beyond those offered by COM are at the sole discretion of the instructor. Generally, bonus points may be offered for attendance and the submission of a course evaluation.

Attendance Policy:

Attendance in this Internet-driven course is based on the timely submission of weekly assignments. Attendance will be taken each week as determined by the reporting functions in Blackboard and Cengage MindTap. Students will receive credit for 'attending' the class each week based upon the timely submission of an assignment. An assignment may be a discussion board post, a quiz, a test, a project, or any other assigned task within the week as noted on the Schedule of Activities. The last date of attendance will be the last date an assignment was submitted. Attendance will be tracked in the gradebook and may be applied as bonus points at the end of the term.

Grade Appeal Process:

Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf.

An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.
