

MATH 1314-002I1
College Algebra
Spring 2025
Online

Instructor Information: Gabriela Peña, gpena3@com.edu
Office: **STEAM 325-07**
Office Phone #: 409-933-8182

Student hours and location: Schedule your time via <https://calendly.com/gpena3>

Monday	12:00pm – 2:00pm & 5:15pm – 5:45pm	STEAM 325-07
Tuesday	2:00pm – 4:00pm	STEAM 325-07
Wednesday	11:00am – 12:00pm	Tutoring Center
Wednesday	4:45pm – 5:45pm	STEAM 325-07
Thursday	2:00pm – 3:00pm	Online

Required Textbook: College Algebra, by Beecher, Penna, Bittinger, fifth edition, published by Pearson. Textbooks and/or courseware will be available through VitalSource digitally. Cost of the course materials: \$105.25, **which has already been paid for with your tuition**. The course materials will be available on the first day of class and you will be given the opportunity to opt-out of the e-book prior to the census day of the class. If you choose to opt out then you will not be able to submit any of your assignments, which will lead to not being successful in the class. You will receive an email with more information about the use of the course materials closer to the start of the semester. The homework and quizzes as well as the e-text and videos for this course are online at mymathlab through Brightspace.

Textbook Purchasing Statement: E-Book via MyLab Math in Brightspace - D2L
(No Purchase Necessary, unless you Opt Out)

Course Description: This course is designed to develop skills and understanding in the following areas: relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations. This course does not transfer.

Delivery of Course: This course is fully online, meaning all coursework will be completed remotely. You are responsible for watching all online lectures, which can be accessed on D2L-Brightspace. Each lecture will have an accompanying MyLab Math assignment.

Course requirements (including description of any special projects or assignments):

1. Four Chapter Tests
2. Comprehensive Final Exam
3. *MyLab Math (MML)* Online Assignments
4. Quizzes Assignments

Determination of Course Grade/Detailed Grading Formula (methods of evaluation to be employed to include a variety of means to evaluate student performance):

<u>MyLab Math</u> Homework	10%
Quiz Average	10%
Chapter Exam (Each Exam is 16%)	64%
Final Exam	16%

Homework Assignments on MyLab Math: There is a homework assignment for each section covered in class or online lecture video. These are listed on the course outline beginning on **page 4** of this syllabus. Twenty percent will be deducted from the score of a homework assignment if it is not finished by its due date. Although the homework is online at mymathlab.com, and the answers are entered online, you should write your work on paper, neatly showing all steps, and keep it in your notebook with your lecture notes for future reference. Both may serve as an aid for preparing for quizzes and exams, and as a place to begin when seeking assistance from your instructor, the math lab tutor, or from your peers. You will have several attempts to answer a question correctly on the homework assignments.

Quizzes on MyLab Math: There are four quizzes which relate to the student learning outcomes. They are to be done on MyLab Math. Unlike homework assignments, the quizzes must be taken in **one sitting**, they are timed, and the student only gets **one attempt** to answer each question. The quizzes can only be taken twice. If not taken by its due date 20% will be deducted. The higher of the two grades will be used to determine the student's quiz average on MyLab Math.

Four Chapter Exams & Final Exam: There are four exams that cover the chapters in the textbook, scheduled on the dates listed in the Course Outline. Each exam is allotted one hour and twenty minutes. Make-up exams are not allowed unless you notify the instructor in writing **prior** to the exam, and the instructor determines the reason to be legitimate. If approved, the make-up exam must be completed by the assigned deadline. Failure to meet this deadline will result in a score of zero. Only one make-up exam is permitted per semester, provided all required documentation is submitted.

Online exams require the use of **Lockdown Browser**. If your device does not support Lockdown Browser, it is your responsibility to secure a compatible device. Additionally, you must **upload your work in PDF format to Brightspace-D2L within 20 minutes of completing the exam**. All work must be shown, problems must be numbered, and submissions must meet these requirements to avoid a 20% deduction from your exam grade.

Exams cannot be retaken.

If the Final Exam grade is higher than your lowest chapter exam grade, the Final Exam score will replace your lowest exam score, provided that you have submitted ALL required work for ALL your Online Exams.

Grading Scale:

Grade A: Final Average is [89.5, 100]

Grade B: Final Average is [79.5, 89.5)

Grade C: Final Average is [69.5, 79.5)

Grade D: Final Average is [59.5, 69.5)

Grade F: Final Average is [0, 59.5)

Grade I: Given unforeseen circumstances that result in the inability to successfully complete the course objectives, an I-Contract can be requested from the instructor assuming you meet the following criteria:

1. Have a passing overall average (70 or higher)
2. All work completed except for The Final Exam

Attendance Policy: Students at the College of the Mainland (COM) are expected to attend and actively participate in every session of their registered classes. Regular attendance is crucial for success, as excessive absences strongly correlate with failing grades. COM does not recognize excused absences except as required by law. Consistent attendance is vital for succeeding in this course, and students with excessive absences may be referred to Student Services. Remember, you are still responsible for completing any work due for the next section.

Completing your assignments on time confirms your attendance.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.

Student Learning Outcomes

Student Learner Outcomes	Maps to Core Objective	Assessed via this assignment
1. Demonstrate and apply knowledge of properties of functions, including domain and range, operations, compositions, and inverses.	Critical Thinking Skills (CT)	Exam
2. Recognize and apply polynomial, rational, exponential and logarithmic functions and solve related equations.	Critical Thinking Skills (CT)	Exam
3. Apply graphing techniques.	Visual Communication Skills (CS)	Quiz
4. Evaluate all roots (zeros) of higher degree polynomials and rational functions.	Critical Thinking Skills (CT)	Quiz
5. Recognize, solve and apply systems of linear equations using matrices.	Empirical and Quantitative Skills (EQS)	Exam

Academic Dishonesty: College of the Mainland is committed to a high standard of academic integrity. All students are responsible for honesty and independent effort. Incidents of academic and scholastic dishonesty (including cheating, plagiarism, and collusion) will be dealt with in a manner that is consistent with College Policy and the Student Handbook. Any student found to have been academically dishonest on a quiz or test will receive a zero on that quiz or test and forfeit the chance to retake. In addition, he or she will be referred to the Office of Student Conduct for further disciplinary action. For the second offense, students will be given an “F” for the class. Please read the sections on *Standards of Student Conduct and Discipline and Penalties* in the on-line Student Handbook. A graphing calculator is needed for this course. A Texas Instruments TI 83 Plus or TI 84 Plus is recommended. A TI 89 or higher cannot be used in this course.

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact the Department Chair, Mr. Leslie Richardson at (409)933-8329.

Course outline:

(Due dates are the last day that the assignment can be submitted, it's suggested to be completed before.)

Week	Dates	Math 1314-00211	Due Dates by 11:59pm
1	January 13-17	Watch the Online Lectures and Complete MML Assignment by Due Date Syllabus Quiz on D2L 1.1 Introduction to Graphing 1.2 Functions and Graphs 1.3 Linear Functions, Slope, and Applications 1.4 Equations of Lines 1.5 Linear Equations, Functions, Zeros, Applications Quiz 1 (Sections 1.1-1.5) Practice Lock Down Browser	1/16/2025 1/16/2025 1/17/2025 1/18/2025 1/19/2025 1/19/2025 1/20/2025 1/20/2025
2	January 21-24	Watch the Online Lectures and Complete MML Assignment by Due Date 2.1 Increasing, Decreasing, and Piecewise Functions 2.2 The Algebra of Functions 2.3 The Composition of Functions 2.5 Transformations Test 1 Review (Watch the Online Video before taking the Exam) Test 1 (Chapters 1 & 2) [Available from 1/25 - 1/27]	1/23/2025 1/23/2025 1/24/2025 1/25/2025 1/27/2025
3	January 27-31	Watch the Online Lectures and Complete MML Assignment by Due Date 3.2 Quadratic Equations, Functions, Zeros, Models 3.3 Analyzing Graphs of Quadratic Functions 4.1 Polynomial Functions 4.2 Graphing Polynomial Functions 4.3 Remainder and Factor Theorems	1/30/2025 1/30/2025 1/31/2025 2/2/2025 2/2/2025
4	February 3-7	Watch the Online Lectures and Complete MML Assignment by Due Date 4.5 Rational Functions 4.6 Polynomial Inequalities Quiz 2 (Sections 3.2, 4.3 & 4.5) Test 2 Review (Watch the Online Video before taking the Exam) Test 2 (Chapters 3, 4) [Available from 2/8 - 2/10] 5.1 Inverse Functions	2/6/2025 2/6/2025 2/7/2025 2/10/2025 2/10/2025
5	February 10-14	Watch the Online Lectures and Complete MML Assignment by Due Date 5.2 Exponential Functions and Graphs 5.3 Logarithmic Functions and Graphs Quiz 3 (Sections 5.1-5.3) 5.4 Properties of Logarithmic Functions 5.5 Solving Exponential and Logarithmic Equations	2/13/2025 2/14/2025 2/14/2025 2/16/2025 2/16/2025
6	February 17-21	Watch the Online Lectures and Complete MML Assignment by Due Date 5.6 Applications Test 3 Review (Watch the Online Video before taking the Exam) Test 3: Chapter [Available from 2/19 – 2/21] 6.1 Systems of Equations in Two Variables 6.2 Systems of Equations in Three Variables	2/19/2025 2/21/2025 2/23/2025 2/23/2025
7	February 24-28	Watch the Online Lectures and Complete MML Assignment by Due Date 6.3 Matrices and Systems of Equations Quiz 4(6.1-6.3) Exam 4 Review (Watch the Online Video before taking the Exam) Test 4: Chapter 6 [Available from 2/28 – 3/2]	2/27/2025 2/27/2025 3/2/2025
8	March 3-7	Watch the Online Lectures and Complete MML Assignment by Due Date Review for Final Exam (Watch the Online Video before taking the Exam) Final Exam [Available from 3/3 -3/5]	3/5/2025

PLEASE NOTE: The syllabus is subject to change at the discretion of the instructor.

Census Day – January 21, 2025

W-Day – February 26, 2025

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact: Kimberly Lachney, Student Accessibility Services Coordinator
Phone: 409-933-8919
Email: AccessibilityServices@com.edu
Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 26. The last date to withdraw from the 16-week session is April 21. The last date to withdraw for the 2nd 8-week session is April 30.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here <https://www.com.edu/community-resource-center/>. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at deanofstudents@com.edu or communityresources@com.edu.

Nondiscrimination Statement:

The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.
