1. Required Textbook

Intermediate Algebra, 8th edition, by Tobey, Slater, Blair and Crawford by Pearson. A hard copy of the textbook is helpful but it is optional since the software used, MyMathLab, has the electronic version of the textbook in it.

2. Textbook Purchase

A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

3. Course Description

This course is designed to develop skills and understanding in the following areas: relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial,

radical, rational), with a special emphasis on linear and quadratic expressions and equations.

4. **Technology**

A **TI-30XIIS calculator** is required for this class. The calculator can be used on all homework assignments, quizzes and tests.

5. **Course Requirements**

Homework Assignments

There is an assigned homework for each section to be completed online using MyMathLab.

Quizzes and Exams

There are four quizzes, four chapter exams and a comprehensive final exam. All of the quizzes and exams are to be done online using MyMathlab . You can retake each quiz just once to improve your score; the higher score will be the one that counts.

There are no retakes on any of the exams.

6. **Determination of Course Grade**

Grading Formula:

The course grade will be determined by the following formula:

$$\text{Final Average} = 60\% \text{Chapter Exam Average} + 20\% \text{Final Exam} \\ + 10\% \text{Homework Average} + 10\% \text{Quiz Average}$$

The Final Exam score will replace the lowest Chapter Exam Score when it is larger.

Grading Scale:

Grade A: Final Average in [89.5, 100]
Grade B: Final Average in [79.5, 89.5)
Grade C: Final Average in [69.5, 79.5)
Grade D: Final Average in [59.5, 69.5)
Grade F: Final Average in [0, 59.5)

7. **Make-up policy**

You will be given two days to take a chapter exam and two days to take the final exam. If you are unable to make a scheduled exam within days specified in the course outline, **you will be allowed to make up the exam provided that you notify the instructor before the end of the scheduled exam period and have a legitimate reason for not be able to take the exam.**
