**Course Description:**

This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity's accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation.

**Course requirements:**

1. The student will correctly respond in writing to the total of 5 objective, and quantitative - problem exams given throughout the semester. The exams will be taken in class or online without the use of

books or class notes unless otherwise specified. The student's response will demonstrate his/her proficiency in the course material.

The exams will address **Core Objectives: Empirical and Quantitative Skills and Critical Thinking Skills.**

2. The student will complete 90% of the problem assignments using the Lyryx software platform. These assignments are due at the beginning of the class on the date assigned.
3. Lyryx: The student will complete several problems/labs/homework and cases utilizing Lyryx Accounting online platform. The student will analyze the case facts given and design an algorithm (or complete a template) to produce the information necessary to satisfy the accounting applications. These can be completed in the Tutoring center or at home. The instructor will issue these assignments on a weekly basis. The directions to complete the assignments will be provided by the instructor.

NOTE: No passing grade can be awarded in the course if the student fails to complete the minimum number of problems/labs/homework assignments.

### **Determination of Course Grade/Detailed Grading Formula:**

1. The final grade will be based on the exams given during the semester and completion of the minimum number of Lab and homework assignments.

(a) 5 Chapter exams	338 points
(b) 5 Problems/Labs/Homework assignments	311 points
(c) Case Study	51 points
Maximum points for course	<b>700 points</b>

**Extra credit:** Completion of the course evaluation will result in 20 points being added to one exam.

## **Institutional Policies and Guidelines**

### **Institutional Policies and Guidelines**

**Grade Appeal Process:** Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [https://www.com.edu/student-services/docs/Student\\_Handbook\\_2023-2024\\_v2.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf). An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor’s professional judgment of the quality of the student’s work and performance is also not an admissible basis for a grade appeal.

**Academic Success & Support Services:** College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

**Withdrawal Policy:** Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 28. The last date to withdraw from the 16-week session is April 22. The last date to withdraw for the 2nd 8-week session is May 1. The last date to withdraw for spring mini session is May 29.

**FN Grading:** The FN grade is issued in cases of failure due to a lack of attendance, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in

required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.
