

**EMSP 2243-101CL**  
**Assessment Based Management**  
**Monday**  
**0800 – 1200 (Lec)**  
**1300 – 1700 (Lab)**

**Instructor Information:** Karl L Moore, AS, LP, NRP, F/CCP-C  
**Contact information:** 713 – 489 – 1472, [kmoore19@com.edu](mailto:kmoore19@com.edu)

**Course Objective:** A summative experience covering comprehensive, assessment-based patient care management for the paramedic level. Instructor approval required. At the completion, students will integrate pathophysiological principles and assessment findings to formulate a field impression and implement a treatment plan at the paramedic level.

**Student hours and location:** All didactic classes and skills labs will be conducted in a Face-to-Face format in the COM (College of the Mainland) Public Service Careers Building, room 123. The class will be held every Monday and Wednesday from 0800-1700. Other dates and times may be added as needed.

**Notice to Students Regarding Licensing:** *Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify potential or enrolled students that a criminal history may make them ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements:*  
<http://www.dshs.state.tx.us/emstraumasystems/qicriminal.shtm?terms=criminal%20background>

*Should you wish to request a review of the impact of criminal history on your potential EMT Certification prior to or during your quest for a degree, you can visit this link and request a “EMS Criminal History Pre-Screening”:*  
<http://www.dshs.state.tx.us/emstraumasystems/formsresources.shtm>

*This information is being provided to all persons who apply or enroll in the program, with notice of the requirements as described above, regardless of whether the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.*

### **LockDown Browser + Webcam Requirement**

This course may require the use of LockDown Browser and a webcam if online exams are utilized. The webcam can be the type that is built into your computer or one that plugs in with a USB cable.

Watch this brief video to get a basic understanding of LockDown Browser and the webcam feature.

<https://www.respondus.com/products/lockdown-browser/student-movie.shtml>

### **Download Instructions**

Download and install LockDown Browser from this link:

<https://download.respondus.com/lockdown/download.php?id=138331997> **Once Installed**

- Start LockDown Browser
- Log into Blackboard Learn
- Navigate to the test

Note: You will not be able to access tests with a standard web browser. If this is tried, an error message will indicate that the test requires LockDown Browser. Simply start LockDown Browser and navigate back to the exam to continue.

### **Guidelines**

When taking an online test, follow these guidelines:

- Ensure you are in a location where you will not be interrupted.
- Turn off all other devices (e.g., tablets, phones, second computers) and place them outside of your reach.
- Before starting the test, know how much time is available for it and that you have allotted sufficient time to complete it.
- Clear your desk or workspace of all external materials not permitted - books, papers, other devices.
- Remain at your computer for the duration of the test.
- If the computer, Wi-Fi, or location is different than what was used previously with the "Webcam Check" and "System & Network Check" in LockDown Browser, run the checks again prior to the exam.
- To produce a good webcam video, do the following:
  - Avoid wearing baseball caps or hats with brims.
  - Ensure your computer or device is on a firm surface (a desk or table). Do NOT have the computer on your lap, a bed, or other surface where the device (or you) is likely to move.
  - If using a built-in webcam, avoid readjusting the tilt of the screen after the webcam setup is complete.
  - Take the exam in a well-lit room, but avoid backlighting (such as sitting with your back to a window)
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted.

### **Getting Help**

Several resources are available if you encounter problems with LockDown Browser: • The Windows and Mac versions of LockDown Browser have a "Help Center" button located on the toolbar. Use the

"System & Network Check" to troubleshoot issues. If an exam requires you to use a webcam, also run the "Webcam Check" from this area.

- You may submit a ticket request if you are having issues either via the Blackboard home page by clicking on the "Technical Support" option at the top of the page or by selecting Blackboard Support Request under Technical Support box on your Dashboard if you are logged in to your Blackboard account. It may be helpful to have the results of the "System & Network Check" and the "Webcam Check" available before they are contacted.
- Respondus has a Knowledge Base available from support.respondus.com. Select the "Knowledge Base" link and then select "Respondus LockDown Browser" as the product. If your problem is with a webcam, select "Respondus Monitor" as your product.
- If you are still unable to resolve a technical issue with LockDown Browser, go to support.respondus.com and select "Submit a Ticket". Provide detailed information about your problem and what steps you took to resolve it.

**Co-Requisite:** EMSP 2169 Practicum - Emergency Medical Tech (Paramedic)

**Core Objectives:**

- **Critical Thinking:** to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.
- **Empirical and Quantitative Skills:** to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
- **Personal Responsibility:** to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learner Outcome	Maps to Core Objective	Assessed via this Assignment
Students will be able to integrate the pathophysiological principles and assessment findings to formulate a field impression of an emergency medical patient.	Critical Thinking: to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information	Final Exam
Students will be able to implement an acceptable treatment plan of a medical patient	Empirical and Quantitative Skills: to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.	Final Pt Assessment Skills Exam
Students will demonstrate the proper attitude expected of an AEMT	Personal Responsibility: to include the ability to connect choices, actions and consequences to ethical decision-making	Other: Affective Domain Tool

**Course requirements:** Your computer must meet the technical requirements as stated in this link: <https://www.jblearning.com/TechSupport> You must have a functioning webcam and reliable high-speed internet. THIS CLASS IS BEST TAKEN ON A DESKTOP OR LAPTOP COMPUTER. Skills lab will require a student to be able to move about easily, kneel, bend, stoop, lift, etc. Please refer to the **Texas DSHS Functional Position Description** on page 14 of this syllabus.

**Co-Requisite:** EMSP 2169—Paramedic Clinicals (must maintain didactic grade of 75% to attend).

**Determination of Course Grade:**

**Exams: 30% of grade**

- most are noted on the class schedule; however, notice will be given at least 1 class period prior to any supplemental exams.
- Exams will cover the material of the week prior.
- There will be 5 weekly exams.
- 25 – 50 Questions.

**Final Exam: 20% of grade (cumulative)**

- eligible for retake if overall average of 75% prior to Final AND Exam Avg of 75%.
- Will be cumulative.
- 100 Questions

**Quizzes: 20% of grade**

- There will be a quiz for each chapter.
- Must be completed prior to the day of class.
- 10 - 20 Questions
- Will be worth 10 points.

**Homework/Preparation: 20% of grade**

- All Homework assignments will be given one week of the due date.
- Must be submitted via Brightspace.

**Activity/Participation: 5% of grade**

- Participation will be assessed by the daily attendance roster.
- Activity will be assessed by FISDAP entries of at least one skill and one patient contact.

**Professionalism: 5% of grade**

- all at the discretion of the instructor—see Affective Domain Evaluation Tool
- timeliness/attendance
- appearance
- general demeanor (respectfulness, willingness to help other classmates, etc.)

**Grading Scale:**

90-100	A
80-89	B
75-79	C
**below 75	F

\*\*Requirements to pass class—**75% overall and 75% on Final** (regardless of overall grade) *and* successful completion of skills testing *and* completion of minimum contact hours.

If a student fails to meet the 75% overall and 75% on the final, the student will receive an “F” for the course. If the student has an overall grade above 80%, but got below 75% on the Final Exam, they will be allowed one make-up Final Exam. The make-up final exam will have to be completed prior to the end of the semester.

Additional notes: failure of any paramedic course which necessitates the re-taking of that class when it is offered again. On successful completion of the course, you must take and pass a Comprehensive Exam from all the class(es) you originally passed to get a Course Completion and Authorization to Test.

**Methods:** You are expected to enter this class with the skills and knowledge of an EMT-Intermediate/AEMT. We will build upon this foundation. Lecture, demonstration, discussion, and class activities will be utilized to reinforce information and concepts.

One of the main focuses of this course is to build critical thinking skills. Homework is assigned to ensure sufficient preparation is completed prior to class. Students are expected to *actively participate* in the learning process. Group projects facilitate team interactions and the understanding of various approaches to one problem.

Quizzes are used both as evaluation and teaching tools. Exams focus on the development of knowledge base and application of that knowledge. Discussion, again, is a tool by which progress is measured.

To be a Paramedic, you must also learn to *do* what EMT-P's do. Instructors will provide an initial demonstration of each skill and guidance during practice. Multiple skills sessions are provided to ensure students' comfort and proficiency—do not waste them! Only *perfect* practice, practice, practice will allow the student to perform under pressure.

Students must demonstrate proficiency in skills during “Skills Testing” sessions. This is an extremely important process. If a skill is failed on the first attempt, the student will be allowed to retest—not necessarily on the same day. *A failure on the second attempt results in dismissal and a course grade of “F.”*

**Methods Disclaimer: Public** service careers of any type require exceptional mental clarity and stability. To develop those skills, there will be various scenarios and exposure to a multitude of topics, images, and videos which would be distasteful or even disturbing to the average college student. If you believe you may have a problem with this, see the Program Director as soon as possible for more information and guidance.

### Late Work, Make-Up, and Extra-Credit Policy:

#### Make-Up Policy:

- All work may be turned in before the due date. If a student gives notice at least 2 prior class sessions to a planned absence, any work missed will be turned in the class period just after the absence.
- **Quizzes:** MUST be turned in on or before the due date. Makeup quizzes may be taken by written request before the absences.
- **Homework:** Accepted late up to 1 class date past the original due date with a 20% off.
- **Exams:** By written request prior to the exam date, exams can be made up the following class date of the original exam date. You will need to notify Karl L Moore to have the make-up exam.
- **Skills:** If a student is absent during skills labs and/or skills testing times, the program is under no obligation to make any special training arrangements. **Specific skills days will NOT be set up for those students that have missed the regularly scheduled skills days.** Students can attend open lab to make up skills days.
- **Hours:** To make up for missed hours a student may attend . For *consideration* of make-up work, submit in writing:
  - Dates of absence(s)
  - Your plan to replace missed time.
  - How much time your proposed work should count.
  - When you expect to do/turn in that work.

**Attendance/Tardiness Policy:** mandatory; decrements will be noted in ½ hour segments. Students may not miss more than **8 hours** during the entire Summer Semester (Jun - Aug). It is the *student's responsibility* to sign in each day as verification of attendance. Failure to do so constitutes an absence for the entire class period.

Additionally, students who are tardy will be given 1 DAV (Demonstrated Affective Violation) (see below) for the first offense, then 2, 4, and finally 6 for the fourth and any subsequent tardies.

Lead instructors will make every effort to provide verbal and written warnings, but it is the student's ultimate responsibility to keep track of their absences.

Should the class have to move to a virtual format, students must participate in virtual discussions and **MUST** have a functioning webcam and it must be turned on and working during all virtual sessions. Failure to do so may result in a tardy or absence from class for said day.

**Withdrawal Policy:** If the student does not complete the proper withdrawal form in the Registrar's Office, the student will receive the associated grade achieved in the course. Withdrawals must be completed prior to the

semester “W-Day” to avoid a grade. The date can be found in the College Academic Calendar (<https://www.com.edu/admissions/academic-calendar.html>).

**Communicating with your instructor:** ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via Blackboard or other LMS)

**EMS Program Statement--Academic Dishonesty:** Any incident of academic policy will be dealt with in accordance with college policy and the Student Handbook. Academic dishonesty – such as cheating on exams is an extremely serious offense and will result in a **grade of zero** on that exam and the student will be referred to the Office of Student Conduct for the appropriate disciplinary action, which may include dismissal from the EMS Program.

*NOTICE: Falsification of any program document (including online skills sheets) is grounds for immediate dismissal and may result in a report of all personnel involved under Texas Administrative Code RULE §157.36.*

**Plagiarism: Plagiarism** is using someone else’s words or ideas and claiming them as your own. Plagiarism is a profoundly serious offense. Plagiarism includes paraphrasing someone else’s words without giving proper citation, copying directly from a website, and pasting it into your paper, using someone else’s words without quotation marks. Any assignment containing plagiarized material will receive zero, and the student will be referred to the Office of Student Conduct for appropriate discipline action.

**Concerns/Questions Statement:** If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. Students have the right to expect their issues to be addressed. Using the method outlined here will ensure that problems are properly documented and, therefore, properly addressed.

**Required Syllabus Reference: The EMSP faculty encourage students to problem-solve, work as a team, and utilize available resources.** Additionally, the Course Syllabus is SPECIFICALLY written FOR STUDENT REFERENCE. Do NOT ask a course-related question without first checking the syllabus.

**EMS Chain of Command:** To develop workforce-related professional skills, we employ Chain of Command policies like those seen in the workplace.

1. If you have a problem or question, first consult the syllabus.
2. Verbally discuss the issue with the Lead Instructor.
  - a. Follow up with an email TO the LEAD INSTRUCTOR summarizing the meeting and your understanding of the outcomes.
  - b. If you were dissatisfied with the outcome, proceed to Step 3.
3. Forward your summary of initial meeting to the Program Director (Michael Cooper [mcooper18@com.edu](mailto:mcooper18@com.edu)), 409-933-8198) and Lead Instructor. You should also state your desired outcome and justifications for that outcome.
  - a. You will be asked to meet in person with the Program Director.
  - b. As before, prepare a follow-up email summarizing the outcome of the meeting.
  - c. If you are dissatisfied with the outcome, you should proceed with Step 4.
4. Forward your summary of initial meeting to the Department Chair, Dr. RE Davis ([rdavis@com.edu](mailto:rdavis@com.edu), 409-933-8313) the Program Director and the Lead Instructor. You should also state your desired outcome and justifications for that outcome.
  - a. You will be asked to meet in person with the Dean.
  - b. As before, prepare a follow-up email summarizing the outcome of the meeting.
  - c. If you are dissatisfied with the outcome, you should refer to the Student Handbook for the next steps. <https://www.com.edu/student-services/student-handbook.html>.

**\*\*NOTE:** This process is not meant to be a barrier to you, but instead to provide the following benefits:

- preparation for the workforce
- proper complaint/incident process
- practice in professional documentation
- ensures that issues are managed as close to the source as possible

**“Incomplete” Contract (or exception to any Syllabus guideline):** Barring extraordinary circumstances, all students should complete requirements as scheduled. If you would like to request an exception to this or any other guideline in the syllabus, submit:

- A written request for the contract at least 2 business days prior to the stated deadline
- Justification for the contract is stated (with supporting documents/evidence as appropriate)
- The request details what you HAVE done to avoid needing the contract
- The request states/illustrates why you “deserve” the contract
- The request gives your proposed completion deadline and why that one will be achievable
  - **IMPORTANT NOTE:** once you are more than 60 days (about 2 months) past your class Final Exam (for ANY reason), **you will be required to successfully pass a Competency Exam** to prove you have retained the information **prior to being awarded a Course Completion**

**QEP (Quality Enhancement Plan):** This class has been selected to include oral communication in its curriculum, as part of College of the Mainland’s Quality Enhancement Plan (QEP) on oral communication across the curriculum. A small percentage of classes will also be video recorded for institutional purposes.

**Run/Hide/Fight:** In case of an active shooter--

- Our plan: running, hiding, and fighting to survive.
- Lock the classroom door and improvise barricades to block the door.
- Improvise weapons to take down the shooter/aggressor.
- If you must fight, COMMIT to the fight.
- Concealed carry folks: NEVER go seek out the shooter/aggressor. If you have a handgun and must use it, use caution to avoid friendly fire on those seeking refuge and the police.
- Call the campus police as soon as you can do so safely. **409-933-8599 (Program number in your phone)**
- When the police arrive, have your hands up and follow all commands.
- Never hesitate to make the call and report suspicious people or activity to the campus police.

### Success Tips for Students

Success in one’s career is as dependent on *professional* behavior as on one’s academic knowledge and abilities. Therefore, students are expected to exhibit professional behavior in the classroom and all activities with this course. Professional behavior includes:

- **Attends class and is punctual** – The student attends every class period, arrives on time for class activities or informs the instructor in a timely manner of unavoidable situations that cause the student to be late or miss class.
- **Dependable** – The student meets assignment deadlines and follows through to completion of responsibilities.
- **Effective interpersonal and team skills** – The student relates well to people, shows respect to others, deals tactfully and effectively with others, influences as opposed to directs, provides constructive criticism without altering others, negotiates or mediates when appropriate, exhibits openness to innovative ideas, and demonstrates a positive attitude.
- **Effective communication skills** – The student listens, speaks using correct grammar and without excess fillers, e.g., um, you know, like
- **Ethical conduct** – The student maintains honesty, integrity, and confidentiality of patient provider, fellow student, and college information.

## Institutional Policies and Guidelines

**Grade Appeal Process:** Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook.

[https://www.com.edu/student-services/docs/Student\\_Handbook\\_2021-2022\\_v3.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2021-2022_v3.pdf) *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.* [https://www.com.edu/student-services/docs/Student\\_Handbook\\_2021-2022\\_v3.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2021-2022_v3.pdf)

**ADA Statement:** Any student with a documented disability needing academic accommodations is requested to contact Kimberly Lachney at 409-933-8919 or [klachney@com.edu](mailto:klachney@com.edu) The Office of Services for Students with Disabilities is in the Student Success Center.

**Counseling Statement:** Any student needing counseling services is requested to please contact Holly Bankston in the student success center at 409-933-8520 or [hbankston@com.edu](mailto:hbankston@com.edu). Counseling services are available on campus in the student center for free and students can also email [counseling@com.edu](mailto:counseling@com.edu) to set up their appointment. Appointments are strongly encouraged; however, some concerns may be addressed on a walk-in basis.

**Textbook Purchasing Statement:** A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**Early Alert Program:** The Counseling Center at College of the Mainland has implemented an Early Warning Program. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If referred to the Early Warning Program, someone in the Counseling Department will contact you. As student success and retention is important to us, someone from the Counseling Department will schedule a meeting with you to see what assistance they can offer to meet your academic goals.

**F<sub>N</sub> Grading:** The F<sub>N</sub> grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The F<sub>N</sub> grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. Issuing the FN grade is at the instructor's discretion. The last date of attendance should be documented for submission of an F<sub>N</sub> grade.

**Early Alert Program:** The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are especially important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program, someone in the Student Success Center will contact you to schedule a meeting to see what assistance they can offer to meet your academic goals.

**COVID-19 Statement:** All students, faculty, and staff are expected to familiarize themselves with materials and information contained on the College of the Mainland's Coronavirus Information site at [www.com.edu/coronavirus](http://www.com.edu/coronavirus). In compliance with Governor Abbott's May 18 Executive Order, face coverings/masks will no longer be required on COM campus. Protocols and college signage are being updated. We will no longer enforce any COM protocol that requires face coverings. We continue to encourage ALL members of the COM community to distance, when possible, use hygiene measures, and get vaccinated to protect against COVID-19. Please visit [com.edu/coronavirus](http://com.edu/coronavirus) for future updates.

## Additional Guidance—EMSP Courses

\*\*\***Exceptions to ANY guideline or policy:** If you would need to request an exception to any guideline in the syllabus, a student must submit:

- A written request for an exception or variance via email
- Justification—why should you get an exception? The request states/illustrates why you “deserve” the exception
- The request details what you HAVE done to avoid needing the exception
- If you are requesting a deadline exception, give your proposed completion deadline and why that one will be achievable.

## EMSP Conduct Requirements

**Warning/Dismissal:** A professional attitude and dress are always expected. Students should approach their courses with the same expectations of a job. If a student repeatedly acts in an unprofessional manner, does not wear the proper uniform and / or is late, that student can be “fired” in the form of receiving a failing grade for the course.

1. Failure to act in a *professional manner* will result in dismissal from the site and, depending on the infraction, either a written warning or dismissal from the course.
2. Accumulation of 15 DAVs (Demonstrated Affective Violation) results in clinical suspension. Twenty DAVs constitute grounds for dismissal.
3. Students may be dismissed from the course for:
  - Any behavior/action that is unsafe.
  - Performing interventions without proper authority.
  - Forging documents.
  - Any behavior judged “unbecoming” of an EMS Professional.
  - Failure on the part of the student to correct unacceptable behaviors may result in dismissal. The Program Director has final departmental authority on all decisions.

*Students in disagreement with any disciplinary action may follow the Grievance Policy outlined in College of the Mainland’s Catalog.*

**Dress Code:** Clinical uniform — be prepared for inspection.

- **Hair:** clean, neatly groomed, of a color that could occur in nature.
- **Hats:** **NONE** in building or in the presence of helicopter rescue
- **Tattoos/Piercings:** not allowed; cover tattoos.
- **Shoes:** Black with regular clinical uniform; any single-color on days scrubs are allowed (usually skills days)

**Conduct--Lab Rules:** The lab is provided as a place for hands-on learning. Unless a problem develops, the lab will be open/unlocked any time the building is. Please be respectful of other students and classes that also use the space.

- Treat equipment as if someone’s life depended on it.
- Put things back where you found them.
- Realize that we occasionally have unannounced visitors—DO NOT place rescue mannequins in inappropriate poses.
- DO NOT TOUCH SIMMAN without qualified instructor present.

**Conduct-Communication Devices:** Violations of this guidance may result in DAV citation and removal from the learning environment. Keep electronic devices in “silent” mode during lectures and be respectful of

instructors and other students should you need to answer a call. Students should refrain from using a cell phone during class, lab, or clinical time except as specifically allowed (project research, etc.) and during breaks. Due to cheating in the past, we cannot allow any wireless devices to be on during tests. In an emergency, you may be reached by contacting **Campus Police** at **409-933-8403** or **x8599 (emergencies)** and directing them to the PSC Building. NO department response pagers/radios allowed.

### **Conduct - Demonstrated Affective Violation (DAV) System:**

- **Purpose:** To record and track student's overall performance as reflected in the affective domain. Behavioral violations related to those listed in the Professional Behavior Evaluation will cause a DAV citation.

#### **Guidance**

- DAV must specifically relate to one of the 11 categories of the Behavioral Evaluation tool—hence the term, “Demonstrated.” DAV’s do not eliminate other penalties. Rather, they present the overall picture of student behavior in all venues: in class, in lab, and at clinical locations.
  - Person administering the DAV should indicate which category the infraction reflects.
  - If Adjunct or Clinical Supervisor submits a DAV form, it is the responsibility of the Lead Instructor to assign the proper number of DAV’s based on prior events (I.e., doubling where necessary). The Lead Instructor will also complete a Professional Behavioral Counseling Record and have face-to-face session with student to fully communicate details of infraction and follow-up (include specific expectations, clearly defined positive behavior, actions that will be taken if behavior continues, dates of future counseling sessions, etc.) as noted in the Record.
  - Refer to the Professional Behavior Evaluation tool for descriptions of each category:
    - **Integrity**-- Consistently honesty; trustworthy with the property of others; guards' confidential information; truthfully, documents.
    - **Empathy**-- Responds appropriately to emotions of others; demonstrates respect for others; demonstrates calm, compassionate, and helpful demeanor toward those in need, supports and reassures others.
    - **Self-motivation**--Takes initiative to complete assignments; improves/corrects own behavior; accepts and completes tasks; requires little to no supervision; strives for excellence in all aspects of professional activity; shows enthusiasm for learning.
    - **Appearance/Personal Hygiene**-- Presents self in professional manner; wears appropriate clothing/uniform; maintains uniform/boots/equipment in neat, clean, ready-status; keeps hair, facial hair, piercings, tattoos appropriate to COM EMS guidelines; no strong odors (body odor and/or synthetic fragrances).
    - **Self-confidence**-- Demonstrates ability to trust own judgment; aware of personal strengths and weaknesses; readily assumes leadership roles (classroom/field).
    - **Communication**-- Speaks clearly; writes legibly; actively listens; adjusts communication strategies to various situations; positively accepts constructive criticism and corrections; does not make excuses; completely and accurately documents patient care and learning activities.
    - **Time Management**-- Consistently punctual; completes tasks and assignments on time; manages scene times appropriately.
    - **Teamwork/Diplomacy**-- Places success of the team above self-interest; supports other team members; remains flexible and open to change; works with others to solve problems; does not try to force team leadership/direction when in team “member” role.
    - **Respect**-- Civil/respectful of others; avoids derogatory or demeaning terms; behaves in a manner that brings credit and credibility to the profession.
    - **Pt Advocacy**-- Keeps personal bias or feelings separate from patient care; places patient needs at highest priority over self-interest; protects patient confidentiality; demonstrates mindfulness of patient dignity.
    - **Careful delivery of service**-- heads and refreshes skills; performs complete equipment checks; demonstrates safe operations; accurately follows policies, procedures, and protocols; follows orders; carefully checks med “rights.”

- **DAV penalties measure a student's overall performance. DAVs are given *in addition to other program penalties which will continue to be enforced.***
- All faculty members should issue an appropriate DAV citation based on the infraction. The citation is "pending" confirmation by the Lead Instructor.
- The Lead Instructor and EMS Program Director may increase or decrease the number of DAVs per violation. Students with repetitive similar events will be given TWICE the prior number of DAVs for each subsequent occurrence.

### **Appeals:**

- There is no mechanism to "work off" DAVs.
- DAVs are given **in addition to** other stated penalties
- To properly request an appeal, follow the documentation instructions noted in the "EMS Chain of Command" section of this document.
- One to 5 DAVs per occurrence are appealable to the level of Lead Instructor. If administered by the Lead Instructor, not appealable.
- Greater than 5 DAVs per occurrence are appealable to the Program Director.
- Any appeals beyond Program Director can be made only for the Final Grade in the class and will follow the appropriate policy as noted in the College of the Mainland Student Handbook.
- Severe infractions may skip the DAV process altogether at the discretion of the Program Director.
- Students who have accumulated 10 DAVs will be put on notice of Disciplinary Probation.
- Students who have accumulated 15 DAVs will be put on Clinical Suspension (not allowed to attend clinicals) until satisfactory completion of corrective action as prescribed by Program Director.
- Students who have accumulated 20 DAVs will be considered for removal from the program.
- Students who incur a failing grade in any class are entitled to follow the Grade Appeals process as outlined in the College of the Mainland Student Handbook.

### **DAV Accrual\*\***

*\*\*Examples used for illustrative purposes only and are not all-inclusive.*

#### **One (1) to Five (5) DAVs**

- Late to class (Time Management)—1 DAV doubling with each occurrence (1, 2, 4, then 6 for each additional occurrence)
- Late to clinical – 3 DAVs if tardy for pre-clinical briefing, plus additional 1 DAV per minute up to 5 minutes late for clinical. At 5 minutes late, mandatory dismissal with 8 DAVs issued overall per occurrence
- Uniform irregularity (Appearance/Personal Hygiene) --1 DAV doubling with each occurrence, no maximum

## Texas DSHS Functional Position Description

### ECA / EMT / EMT-I / EMT-P / LP

#### Introduction

The following general position description for the ECA, EMT, EMT-I, EMT-P and LP is provided as a guide for advising those interested in understanding the qualifications, competencies and tasks required for emergency medical services certification. An employer is responsible for defining job descriptions within each Emergency Medical Services (EMS) entity.

#### Qualifications

To qualify for EMS certification or licensure an individual must successfully complete a Texas Department of State Health Services approved course and achieve competency in each of the psychomotor skills. In addition, the individual must achieve a passing score on the state written certification or licensure examination.

EMS personnel must be at least 18 years of age. The knowledge and skills required show the need for a high school education or equivalent. EMS personnel must have the ability to communicate verbally via telephone and radio equipment; ability to lift, carry and balance up to 125 pounds (250 pounds with assistance); ability to interpret written, oral and diagnostic form instructions; ability to use good judgment and remain calm in high-stress situations; ability to work effectively in an environment with loud noises and flashing lights; ability to function efficiently throughout an entire work shift; ability to calculate weight and volume ratios and read small print, both under life threatening time constraints; ability to read and understand English language manuals and road maps; ability to accurately discern street signs and address numbers; ability to interview patient, family members and bystanders; ability to document, in writing, all relevant information in prescribed format in light of legal ramifications of such; ability to converse in English with coworkers and hospital staff as to status of patient. EMS personnel should possess good manual dexterity, with the ability to perform all tasks related to highest quality patient care. The ability to bend, stoop and crawl on uneven terrain and the ability to withstand varied environmental conditions such as extreme heat, cold and moisture is vital. The ability to work in low light, confined spaces and other dangerous environments is required.

#### Description of Tasks:
