Project assignments will consist of creating a course syllabus, course outline, lesson plan, skills rubric, and power point. The lesson plan and power point will be presented in class. 4 hours will be scheduled weekly for lab time.

Determination of Course Grade/Detailed Grading Formula: Students will be graded on professionalism, attendance, course assignments, tests, lab assignments, oral presentation of project, and final exam. A test average of 70% is required for course credit. All courses must be completed and passed with a C or better to advance to the next courses and to receive the certificate of completion. Students must retake the first failed exam (the two grades will be averaged) and will be referred to Student Support Services after the second failed exam.

Detailed Grading:

- 10% Professionalism:
- 10% Attendance
- 10% Assignments
- 10% Tests
- 10% Lab Assignments
- 10% Syllabus
- 20 % Lesson Plan, Skills Rubric, Power Point
- 20 % Final Exam

Grading Scale:

- A- 90 to 100
- B- 80 to 89
- C- 70 to 79
- D- 60 to 69
- E- 59 & below

Late Work, Make-Up Policy, and Extra-Credit Policy:

- Two points will be deducted for each day an assignment is late.
- Written assignments may be turned in on the first day back from an absence.
- Written tests may be made up by planning with the instructor on the first day back from an absence or by planning with the instructor to complete the missed test in lab.
- If the lesson plan presentation is not completed as scheduled during week 5 or 6, you must plan with the instructor for credit.
- If the final written exam is missed, planning with the course instructor is also required for credit.
- See D2L Brightspace for Extra-Credit opportunities.

ATTENDANCE POLICY

Students must maintain regular attendance to guarantee completion of hours by the end of the program. Every class is important to your success in school. A sign-in sheet will be provided in each class. Each student must sign themselves in and out daily.

Day time classes are Full Time Block scheduling. This means that all 3 classes are to be taken each semester. All classes must be passed with a grade of C or better to move to the next course.

Tardiness:

Entering the class after the time class begins **OR** leaving the class before it has ended will be counted as a tardy. Each tardy will result in a 5-point deduction from the attendance grade. Four (4) tardies are equal to one absence. *Please refer to your classes' syllabi for specific guidelines on your instructor's tardy policy.*

Absence:

Any time missed will affect the total number of hours needed for completion.

If a student misses 1 hour or more per session, the grade will reflect an absence. Each absence will result in a 10-point deduction from the Attendance grade.

If a student misses more than 10 percent of class time in any one course, they will be dismissed from that course. If prior to "W" day, the student may withdraw to receive a grade of **W**. Otherwise the grade will be **F**. It is the student's responsibility to withdraw through the admissions department.

COVID

In the event a student contracts or is exposed to COVID 19 the following steps can be utilized to avoid being withdrawn for excessive absences.

1. For COVID 19
 - a. self-report on the COM website. Follow the instructions given.
 - b. Email your instructors with a copy of the doctor's note or test result. These should be dated.
 - c. Make-up work will be assigned on a case-by-case basis.
2. For other contagious illnesses
 - a. These will be handled on a case-by-case basis. Communicate with your instructor and you may be referred to the department chair.

Prenatal appointments:

For doctor appointments due to maternity, the following steps can be utilized to avoid being withdrawn for excessive absences.

1. Communicate with your instructor prior to the appointment of the absence.
2. Bring a note from the doctor stating the appointment date and time upon returning to class. You are expected to attend class before or after your appointment.
3. Make up work will be assigned on a case-by-case basis.

No other absences will be excused.

**Any absence will affect your success in class. Do your best to attend every class. Communicate with your instructors when issues arise and know what assignments need to be made up. **

Attendance information for Student Instructors:

Students will be referred to Student Support Services after the second missed session.

Students may not miss more than 2 sessions during this 6-week course.

Arrangements must be made with the lab instructor to make up for any missed lab times. If labs are not made up, the absence will count as a part of the 2-session limit.

The assigned lab instructor and course instructor should be notified in advance (if possible) of an absence.

Any late arrival or counts toward the attendance limit. 4 late arrivals equal 1 absence.

If a student misses more than one hour of a morning or afternoon session, the time missed will reflect as an absence.

If a student misses more than 2 sessions, they will be dismissed from the course, according to College of the Mainland policies.

The student will not be allowed to complete the remaining cohort of classes offered in the current semester.

Attendance grades are calculated as follows: Each late arrival or early departure (more than 1 hour) scores 5 points off the attendance grade. Each absence is 10 points off the attendance grade.

It is the student's responsibility to ensure completion of the course requirements and maintain sufficient attendance and work completion.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf. An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.
