

HITT 1341.00113 Coding and Classification System Spring 2025 ONLINE

Instructor Information: Dalona Griffin, MS, MBA, RHIA, CCS

Email: <u>Dgriffin7@com.edu</u> (713) 408-6746 (text only)

Student hours and location: Online by appointment

Required Textbook/Materials:

Basic ICD-10-CM and ICD-10-PCS Coding 2024; Publisher: AHIMA; ISBN: 9781584268390

ICD-10-CM International Classification of Diseases 2025, Clinical Modification; Publisher: AHIMA

ICD-10-PCS International Classification of Diseases 2025, Publisher: AHIMA

Course Description: Application of basic ICD-10-CM, ICD-10-PSC, coding rules, principles, guidelines and conventions. Awareness of the important role clinical documentation and HIT play in accurate and adequate coding. Understanding of Federal compliance and regulatory initiatives as they relate to ICD-10-CM, ICD-10-PCS and coding.

<u>Course Pre and Co-requisites: Pre-requisites; HITT - 1305 Medical Terminology and BIOL - 2401 Anatomy and Physiology. Co-requisites; HITT - 2330 Pathophysiology/Pharmacology</u>

Notice to Students Regarding Licensing

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requireseducation providers to notify potential or enrolled students that a criminal history may make them ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements (www.ahima.org).

Should you wish to request a review of the impact of criminal history on your potential (RHIT) prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation": (www.ahima.org).

This information is being provided to all persons who apply or enroll in the program, with notice of the requirements as described above, regardless of whether or not the person has been convicted of acriminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice. The following website provides links to information about the licensing process and requirements: www.tdlr.texas.gov.

Determination of Course Grade/Detailed Grading Formula:

Four exams (10% each)

24 Chapter Review Assignments (25%)

Final Exam (25%) The final exam is comprehensive.

Attendance/Participation (10%)

Grading Formula:

Your semester grade will be comprised of the following components and graded per the following grading scale: Furthermore, to pass this class, you must obtain 75 (C) or better.

Four (4) exams (10%) each	40%
24 Chapter Review Assignments	25%
Final Exam-Comprehensive	25%
Attendance/Participation	10%
Total	100%

Grading Scale:

- 90 100 A
- 80 − 89 B
- 75 79 C
- 70 74 D
- 69 Below F

Late Work, Make-Up, and Extra-Credit Policy:

Make-Up Policy: As a student you are required to complete all lessons, assignments and test as part of each course within the program. Tests may be submitted after the due date and receive a grade; however, grades for these assignments and exams submitted after the due date and time will receive a maximum grade of 75% unless prior arrangements have been made with the instructor. The percentage of each activity will weight in the final grade, regardless if the student participates in the activity or test.

Attendance Policy: Students are expected to log into D2L at least three (3) times a week.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via Blackboard or other LMS)

Student Learner Outcomes:

Stu	ident Learner Outcome	Maps to Core Objective	Assessed via this Assignment
1.	Students will be able to	Critical Thinking	Final
	apply nomenclature and	_	
	classification systems		
2.	Students will be able to	Critical Thinking	Final
	assign codes	_	
	_		

Academic Dishonesty: Any incident of academic policy will be dealt with in accordance with college policy and the Student Handbook (pg. 19). Academic dishonesty – such as cheating on exams is an extremely serious offense and will result in a **grade of zero** on that exam and the student will be referred to the Office of Student Conduct for the appropriate discipline action. https://www.com.edu/student-services/student-handbook

Student Concerns: If you have any questions or concerns about any aspect of this course, please contact me using the contact information previously provided. If, after discussing your concern with me, you continue to have questions, please contact Kay Carrier, Department Chair at 409-933-8414 or at kcarrier3@com.edu

Course outline:

Date	Week	Topics	Assignments	Lab
	#	Covered/Assigned	_	Assignments
		Reading		
01/13-01/19	1	Introduction	Chapter 1 Review	Complete
		Review of Syllabus and	Exercises	introduction
		Lesson Plan		discussion
			Chapter 2 Review	
		Chapter 1 –	Exercises	Due 1/19
		Characteristics of		
		ICD-10-CM	Due 1/19	
		• Characteristics of		
		ICD-10-CM		

		 Basic Steps in ICD-10-CM Chapter 2 – Procedures Volume 3 of ICD-10-CM Content and outline of the Alphabetic Index to Procedures and the Tabular List of Procedures ICD-10-CM conventions in Volume 3 Coding open, endoscopic, completed, canceled, incomplete, or failed procedures Selection of principal and secondary procedure codes 		
01/20 - 01/26	2	Chapter 3 – Introduction to the PPS and UHDDS UHDDS Uniform Bill-04 (UB-04) Selection of Principal Dx Reporting other or additional DX PPS QIO's RACs	Chapter 3 Review Exercises Chapter 5 Review Exercises Due 1/26	

Necessity Chapter 5 - Neoplasms

		nutritional disorders, and metabolic and immunity disorders Classifications of all types of diabetes, including the secondary complications of diabetes Coding of metabolic disorders		
02/03 - 02/9	4	Chapter 4 – Infectious and Parasitic Disease	Chapter 4 Review Exercises	Test 1 Weeks 1-3 Due 2/9
		Coding of	Chapter 6 Review	
		communicable,	Exercises	
		infectious and	D 2/0	
		parasitic diseases	Due 2/9	
		• Common diseases such as		
		tuberculosis and		
		septicemia		
		• Coding of late		
		effects of infectious		
		and parasitic		
		diseases Differentiating		
		• Differentiating between HIV		
		infection, HIV		
		disease and AIDS		
		for coding purposes		
		Chapter 6 – Disease of		
		the Blood and Blood-		
		Forming Organs		
		• Classification of the		
		various type of		
		diseases of blood		
		and blood-forming		
		organs including:		

	 Anemias Coagulation disorders Purpura and other hemorrhagic conditions Diseases of the WBC Other blood and blood-forming organ diseases 		
02/10 - 02/16	Chapter 16 – Diseases of the Musculoskeletal System and Connective Tissue • Disorders of joints and connective tissue including various forms of arthritis • Back disorders including spondylosis and herniated intervertebral disc • Disorders of muscles, tendons, and their attachments, and other soft tissue • Other diseases of bone and cartilage, including infections and acquired deformities	Chapter 16 Review Exercises Due 2/16	

02/17- 02/23	6	Chapter 8 – Mental Disorders	Chapter 8 Review Exercises	
		• Coding of behavioral health	Chapter 9 Review Exercises 2	
		or psychiatric disorders, including psychoses, neurotic disorders, personality	Due 2/23	
		disorders, and other nonpsychotic mental disorders		
		• The use of multiple codes to identify		
		both psychiatric and neurological disorders that exist		
		 in the same patient The distinction between substance abuse and substance 		
		dependence and the correct coding of these conditions		
		• Classification of mental retardation diagnoses		
		Chapter 9 – Diseases of the Nervous System and Sense Organs		
		Differentiate the coding of hemiplegia and		
		hemiparesisDistinguish the coding of epilepsy,		

02/24 - 03/2	7	seizures, and convulsions • Different types of headaches Chapter 21 – Symptoms, Signs, and abnormal Clinical and Laboratory finding,	Chapter 21 Review Exercises Chapter 10	
		Subjective physical symptoms reported by patients as reasons for healthcare visits Objective signs, abnormal physical findings, abnormal diagnostic test results and ill – defined conditions reported by the healthcare provider/physic ian for a patient Determining the appropriate coding of signs and symptoms according to coding rules and the outpatient coding guidelines	Review Exercises Chapter 11 Review Exercises Due 3/2	
		Chapter 10 – Diseases of the Eye and Adnexa		

Describe the organization of the condition Identify and describe the various types of eye disorders How does glaucoma stage relates to the coding of glaucoma Chapter – 11 Diseases of the Ear and Mastoid Describe the organization of the conditions and codes Identify and describe the various types of ear infections Identify and describe the various types of hearing loss	
03/3 – 03/9 8 Test 2 Du	e 3/9
03/10 - 3/16 9 Chapter 18 - Chapter 18	
Complications of Review Exercises Pregnancy, Childbirth	
and the Puerperium Chapter 19	
Review Exercises	
Ectopic and	
molar Chapter 15	
pregnancy Review Exercises	
• Pregnancy with	
abortive outcome Due 3/16	

Complications related to pregnancy, labor and deliver Complications of the puerperium Chapter 19 – Certain Conditions Originating in the Perinatal Period Define the newborn and perinatal period Newborn Affected by Maternal Factors and by Complications of Pregnancy Disorders of Newborn Respiratory and Cardiovascular Discorders
Chapter 15 – Diseases of the Skin and Subcutaneous Tissue • Infections of the skin and subcutaneous tissue • Other inflammatory conditions of the skin and subcutaneous tissue

		 Other diseases of skin, nails, hair follicles, sweat glands and sebaceous glands Chronic ulcers of skin, urticaria, and other disorders 		
3/17 – 3/23	10	Spring Break	CI 12	
03/24 - 3/30	11	Chapter 12 – Diseases	Chapter 12 Review Exercise	
		of the Circulatory system	Neview Exercise	
		3,200==	Chapter 13	
		• Common	Review Exercise	
		conditions of the heart and	Due 3/30	
		circulatory	Duc 3/30	
		system		
		 Diseases of the 		
		cerebrovascular		
		system • Diseases of		
		arteries, veins		
		and lymphatic		
		structure		
		Chapter 13 – Diseases		
		of the Respiratory		
		System		
		• Acute		
		respiratory and		
		other upper		
		respiratory tract infections		
		and diseases		
		Pneumonia,		
		influenza,		
		chronic		

		obstructive pulmonary diseases • Respiratory failure and respiratory procedures		
3/31-04/6	12	Chapter 20 - Congenital Malformations, Deformations and Chromosomal Abnormalities Congenital anomalies or conditions present since birth Coding for newborns and neonatal conditions	Chapter 20 Review Exercises Due 4/6	Test 3- Due 4/6
4/7 – 04/13	13	Chapter 14 – Diseases of the Digestive System • Disorders of the upper and lower GI • Infections of the GI tract • Other diseases of the GI tract, including hernia and ulcer Chapter 17 – Diseases of the Genitourinary System	Chapter 14 Review Exercises Chapter 17 Review Exercises Due 4/13	

		 Urinary System disorders Diseases of the male genital system Disorders of the Breast Inflammatory disease of female pelvic organs and other disorders of the female 		
04/14 - 04/20	14	genital tract Chapter 22 A – Injury Traumatic Injuries Chapter 22 B – Poisoning and Certain other Consequences of External Poisoning and adverse effects of drugs Complications or surgical or medical care, Not classified	Chapter 22 A Review Exercises Chapter 22 B Review Exercises Due 4/20	
04/21 - 4/27	15	elsewhere Chapter 23 – External Causes of Morbidity • External cause of injury and poisoning code (V00 -V99) Chapter 24 – Factors Influencing Health Status and Contact with Health Service (Z00-Z99)	Chapter 23 Review Exercises Chapter 24 Review Exercises Due 4/27	

04/28 - 05/4	16		Test 4
			Due 5/4
05/5 - 05/8	17		Final Exam Due
			5/6

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student Handbook 2024-

2025 v2.pdf. An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact:

Kimberly Lachney, Student Accessibility Services Coordinator

Phone: 409-933-8919

Email: AccessibilityServices@com.edu

Location: COM Doyle Family Administration Building, Student Success Center

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a "W" grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is February 26. The last date to withdraw from the 16-week session is April 21. The last date to withdraw for the 2nd 8-week session is April 30.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.

Resources to Help with Stress:

If you are experiencing stress or anxiety about your daily living needs including food, housing or just feel you could benefit from free resources to help you through a difficult time, please click here https://www.com.edu/community-resource-center/. College of the Mainland has partnered with free community resources to help you stay on track with your schoolwork, by addressing life issues that get in the way of doing your best in school. All services are private and confidential. You may also contact the Dean of Students office at <a href="maintenance-deanoft-de

Nondiscrimination Statement:

The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.

Success Tips for Students

Three Prior to Me: The HIM faculty encourages students to problem-solve, work as a team as well as utilize available resources. In order to develop these skills, we will employ the "Three Prior to Me" process. This means that before you contact the instructor with a course-related question, you must have attempted to find the information in three other places. For instance, if you are unsure about the meaning of a term used in the course, you would attempt to locate this information in three places prior to asking the instructor. Hence, you might do a Google search for the term, ask a classmate, and refer to your text book. Instructors will question you regarding what research methods you utilized to locate information on your own. This process is not meant to be a barrier to you, but instead to provide the following benefits:

- -preparation for the workforce
- -increased research skills
- -instructors will have more time to provide feedback and interact with students

If you have a question that **ONLY** the instructor would know the answer to (grade-related, assessments, etc.), then of course you would go to the instructor directly. This process will require practice and patience from the student as well as the instruct

Professionalism: Success in one's career is almost as dependent on professional behavior as on one's academic knowledge and abilities. Therefore, students are expected to exhibit professional behavior online as well as all activities with this course. Professional behavior includes:

- Attendance Students are expected to log into blackboard at least twice a week
- **Dependable** The student meets assignment deadlines and follows through to completion of responsibilities.

Effective interpersonal and team skills – The student relates well to people, shows respect to others, deals tactfully and effectively with others, influences as opposed to directs, provides constructive criticism without altering others, negotiates or mediates when appropriate, exhibits openness to new ideas, and demonstrates a positive attitude.

- Effective communication skills The student listens, speaks using correct grammar and without excess fillers, e.g. um, you know, like
- **Ethical conduct** The student maintains honesty, integrity, and confidentiality of patient provider, fellow student and college information.

AHIMA Domains and Sub-domains specify the HIM body of knowledge and practice that is taught within this course.

Domain I. Data Content, Structure and Information Governance

1.5 Explain the use of classification systems, clinical vocabularies, and nomenclatures.

Domain IV. Revenue Cycle Management

IV.1 Validate assignment of diagnostic and procedural codes and groupings in accordance with official guidelines.
