Required Textbook: No textbook will be required for this course. Books and magazines in an extensive ceramics/sculpture office library will be available as a resource during class and office hours. For this class you will keep a sketch book that gathers the written and verbal information given in class as well as your drawings and research to develop ideas for each for each assignment. Please use a 3 ringed binder for your sketchbook. You have the ability to organize your sketchbook more easily with that format. Your sketchbook should be clearly organized and grouped by projects. If you submit a sketchbook in which the pages are loose and unorganized it will not be graded. **You should think of your sketchbook as a textbook you write for the course and needs to be complete to satisfy the 10% it counts towards your grade.**

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.
