Course Description:

General Psychology is a survey of the major psychological topics, theories and approaches to the scientific study of behavior and mental processes. Prerequisites: TSIA2 945-990 ELAR/CRC test AND 5 or higher on Essay OR 910-944 on CRC with 5-6 on Diagnostic Test + 5 or higher on Essay, or IRW 0320 with a grade of "C" or better. This is an academic transfer course.

Determination of Course Grade

Class Discussions and Attendance (15%):

Because class discussion and in-class exercises are critical to the learning process, they will count as a portion of your final grade. PLEASE BE ON TIME FOR CLASS. Attendance will be taken within the first 10 minutes of class, anyone showing up to class after attendance has been taken will be considered absent. This not only provides for an opportunity to participate in class discussion, but also provides a relatively easy way for students to earn points toward a higher grade.

Chapter Quizzes (15%):

There will be a total of **14 Chapter Quizzes** and **1 syllabus quiz**. Quizzes will be assigned for most chapters and will cover textbook, lecture, videos, class demonstrations, and handouts. All students must complete the quizzes on the scheduled date. **Quizzes will be completed in class or on D2L Brightspace** There are **NO Make-up Quizzes**.

I will **DROP YOUR LOWEST 2 Quiz Grades**. The grades of your **13 BEST** Chapter Quiz Scores will be used to calculate your final grade.

Writing Assignments (40%):

There will be a total of **13 Writing Assignments**, with each having a maximum of 100 points. Writing assignments will be completed in class or on D2LBrightspace and be assigned throughout the semester.

NOTE: The writing assignments will be posted at the start of the chapter with a due date. Please be sure to make time to complete the assignment before the due date.

All students must complete the assignments by the scheduled date. There are **NO Make-up assignments**. I will drop your two lowest Writing Assignment grades.

More information and detailed instructions about the writing assignments will be provided in class or through Brightspace.

Unapproved usage of AI

Any assignment containing any AI generated material will receive a **grade of zero**, be referred to the Office of Student Conduct for the appropriate discipline action, and **ALL** assignments in that category (e.g. writing assignments, homework, personal essays, etc.) will be reassessed and regraded. This may result in multiple assignments' grades being affected (e.g. lowered).

Research Project (30%):

Each student will be required to complete a research project. The project will include a written and an oral component. This assignment will help students examine some of the ethical issues within psychology and identify how these impact our society on the community, state and national level. Further, this presentation will allow students to examine the importance of being

knowledgeable of their own personal biases and/or stereotypes, and how they can be more informed in their future interactions.

Students **may choose their topic or one will be assigned.** Examples of research paper topics include, but are not limited to, Gender and Sexuality, Sexual Orientation: Nature vs. Nurture, Living with Psychological Disorders. Grading Rubric and more detailed information will be provided after according to the course schedule/calendar.

Extra Credit (Optional):

Extra Credit opportunities will be provided throughout the semester for students to earn points toward a higher grade. All extra credit must be approved by the instructor and turned in prior to Week 13.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook <https://www.com.edu/student-services/student-handbook.html>

An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.
