Each student must sign themselves in and out daily. If a student misses more than half the class period, the grade will reflect an absence. Any time missed will affect the total number of days required for completion. Attendance grades are calculated as follows: Each tardy is 5 points off the attendance grade. Each absence is 10 points off the attendance grade. If a student misses more than 4 absences, they will be dismissed from the course, according to College of the Mainland policies. All courses must be completed and passed with a C or better to be able to advance to the next courses and to be able sit for the licenser exam. It is the student's responsibility to understand the course requirements and maintain sufficient attendance and work completion.

**Maternity appointments:**

For doctor appointments due to maternity, the following steps can be utilized to avoid being withdrawn for excessive absences.

1. Communicate with your instructor prior to the appointment of the absence.
2. Bring a note from the doctor stating the appointment date and time upon returning to class.
3. Make up work will be assigned on a case-by-case basis.

**Tardiness Policy:** Entering the classroom after the time class begins or leaving before class has ended is considered a tardy. If a student enters the class late and misses more than an hour of class time it will no longer be considered a tardy, it will be considered an absence. If a student leaves class early and misses more than an hour of class time the same rule would apply. Four tardies equal one absence.

**Academic Dishonesty:** Any incident of Academic Dishonesty will be dealt with in accordance with College of the Mainland Policy and Student Handbook. Academic dishonesty, such as cheating on an exam, plagiarism and collusion is a serious offense and will result with the grade of a zero on that exam. The student/ students involved will be referred to the Office of Student Conduct for the appropriate discipline.

**Plagiarism:** The practice of taking someone else's work or ideas and passing them off as one's own. Plagiarism is a very serious offense. Plagiarism includes paraphrasing someone else's words without giving proper citation, copying directly from a website and pasting it into your paper, using someone else's words without quotation marks. Any assignment containing any plagiarized material will receive a grade of zero and the student will be referred to the Office of Student Conduct for the appropriate discipline action.

**Late Work, Make-Up Policy:** Arrangements for written exams must be made up the next day of class. The student is responsible for scheduling the makeup test session with the course instructor. If a student misses classwork it must be turned in the following class period after the work was given. In general, late work is not excepted. All work must be turned in on time or the student will receive a zero.

Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
