Course Description: This course is an introduction to the theory and practice of skin care. Students will learn to identify the terminology related to skin treatments, demonstrate proper application, and exhibit workplace competencies in skin care.

Course requirements: Students will complete skin-related chapters through CIMA, hands on practice of skills; client lab services, E-portfolio of work completed, chapter exams, final exams (written and a practical). Students must complete chapters 3, 4, 17, 18 & 19 on CIMA & complete notes during lecture. In this course we will also cover TDLR Laws & Rules 83.104, 83.105, 83.115. Students will be given the choice between a skin project or research paper & presentation on skin related disorders & diseases.

Determination of Course Grade/Detailed Grading Formula: Professionalism, attendance, CIMA online assignments, oral presentation, project, portfolio, lab assignments, chapter

exams, & final exams (written & practical). All written exams must be passed with a 70 or better. Students may retake **one** test per course.

Late Work, Make-Up, and Extra-Credit Policy: Late work is not accepted. Written online assignments may be turned in on the *first* day back from an absence. Written tests may be made up by making arrangements with the instructor on the first day back from an absence (this is the student's responsibility). Practical skills, oral reports, and final exams may not be made up.

Attendance Policy: Students must maintain regular attendance to guarantee completion of hours by the end of the program. Every class is important to your success in school. A sign-in sheet will be provided in each class. Each student must sign themselves in and out daily. Student must also clock in/out on The Salon at COM's software system, Meevo.

Day time classes are full time block scheduling. This means that all 3 classes are to be taken each semester. All classes must be passed with a grade of C or better to move to the next course. Due to this, schedule changing from daytime to evening or evening to daytime is not allowed. Only with special permission from the department chair and advisor can this be done; and it is limited to one switch per student. Plan your schedule accordingly throughout the program.

Tardiness: Entering the class after the time class begins OR leaving the class before it has ended will be counted as tardy. Each tardy will result in a 5-point deduction from the attendance grade. Four (4) tardies are equal to one absence. Please refer to your classes' syllabi for specific guidelines on your instructor's tardy policy.

Absence: Any time missed will affect the total number of hours needed for completion. If a student misses 1 hour or more per session, the grade will reflect an absence. Each absence will result in a 10-point deduction from the Attendance grade. If a student misses more than 4 classes in a 10-week time in this course, they will be dismissed from that course. If prior to "W" day, the student may withdraw to receive a grade of W. Otherwise the grade will be F. It is the student's responsibility to withdraw through the admissions department.

Prenatal appointments: For doctor appointments due to maternity, the following steps can be utilized to avoid being withdrawn for excessive absences.

1. Communicate with your instructor prior to the appointment of the absence.
2. Bring a note from the doctor stating the appointment date and time upon returning to class. You are expected to attend class before or after your appointment.
3. Make up work will be assigned on a case-by-case basis.

*Any absence will affect your success in class. Do your best to attend every class. Communicate with your instructors when issues arise and know what assignments need to be made up. *

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via Blackboard or other LMS)

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Nondiscrimination Statement: The College District prohibits discrimination, including harassment, against any individual on the basis of race, color, religion, national origin, age, veteran status, disability, sex, sexual orientation, gender (including gender identity and gender expression), or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of College District policy.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the course is July 17th.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program, you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.
