- Email is the best way of getting ahold of me. My email address is indicated in the syllabus. Please email me using your official COM email address as I will not respond to personal email addresses. This policy is set up for two reasons. Firstly, mail from personal email addresses will usually end up in my spam folder and I might not see it. Secondly, in order to adhere to FERPA, using your official email address will ensure that I am actually communicating with you.
- I will do my best to respond to emails within 24 hours during the school week. Please be aware, that unless something is due, I do not check or respond to emails on nights and weekends.
- As it pertains to email netiquette, I expect all correspondences to be in a professional format and tone. All emails should have a descriptive subject, use of my proper title and last name in your

salutation, and be in a college level tone and format (make sure that they are proofread and without slang). Make sure to sign your emails with your name, class and section you are in, and return email address.

- As it pertains to discussion forum netiquette, please remember that an online classroom is still a classroom and we must all respect it as though this were a face to face class. Your posts need to stay on topic, demonstrate college level writing, and be well thought out. Your posts need to be well written and well thought out. If you use another source, make sure that you give that source credit. Above all else, make sure that you treat everyone on the discussion forum with respect, even if you disagree with them.

Plagiarism includes paraphrasing someone else’s words without giving proper citation, copying directly from a website and pasting it into your paper, using someone else’s words without quotation marks. When in doubt – cite!! Any assignment containing any plagiarized material will receive a **grade of zero** and the student will be referred to the Office of Student Conduct for the appropriate discipline action.

Disagreement with the instructor’s professional judgment of the quality of the student’s work and performance is also not an admissible basis for a grade appeal.*
