Academic Dishonesty: Any incident of academic dishonesty will be dealt with in accordance with college policy and the Student Handbook. Academic dishonesty – such as cheating on exams is an extremely serious offense and will result in a **grade of zero** on that exam and the student will be referred to the Office of Student Conduct for the appropriate disciplinary action.

Plagiarism: Plagiarism is a serious offense and is not acceptable in this course.

Copying or using someone else's words and claiming them as your own is plagiarism.

Paraphrasing, summarizing, or quoting someone else's words without proper citations is plagiarism.

Using someone else's images (still or moving), data, audio, interviews, etc. without proper citations is plagiarism. You may **not** use copyrighted or trademarked images even with citations.

All essays will be submitted to TurnItIn in D2L/Brightspace –a software that checks papers for plagiarism and Artificial Intelligence (AI).

Do not use AI without instructor permission and guidance.

- ❖ Do **not** use Grammarly to edit your work (Grammarly contains a generative AI tool that is flagged as plagiarism by TurnItIn).
- ❖ Do **not** use ChatGPT, Quillbot, Bing AI, or other AI generators, paraphrasing tools, or rephrasing tools for academic essays without instructor permission and guidance.
- ❖ Do **not** use the **Editor** tool in MS Word.
- ❖ Do **not** copy and paste text from the Internet.
- ❖ Do **not** use your own work from another course without express written permission from both instructors (or it is considered self-plagiarism).
- ❖ Do **not** write a paper with over 25% of sources used (this is a form of plagiarism). Most of the words in your paper should be *your own* thoughts, ideas, insights, and perspective. The sources are used to support *your* ideas, claims, points, and thesis.

*You may use the style, combo, and grammar tools in ProWritingAid to edit your work; however, do **not** use the Rephrase tool.

Claiming someone else's words as your own (copy/pasting or turning in a borrowed or bought paper) is *completely unacceptable*. Students who blatantly plagiarize will receive a grade of 0 and will be referred to the Office of Student Conduct for the appropriate disciplinary action.

Your instructor is well-versed in the linguistics of AI and can easily identify the style and cadence of the text as not student written. TurnItIn has a reliable AI detection. Use your own words. We want to hear your voice, not the dry and boring voice of AI. AI essays include misinformation, never meet the expectations of college-level work, and will result in a failing grade.

At the instructor's discretion, accidental plagiarism will be dealt with in the following manner: The instructor will counsel the student regarding improper or missing citations. At my discretion, the student might be given an opportunity to revise their work to include the proper citations. The corrected work will receive reduced credit. However, I reserve the right, at my discretion, to assign a zero to any written work with incorrect or missing citations without an opportunity to redo the work.

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [https://www.com.edu/student-services/docs/Student Handbook 2024-2025 v2.pdf](https://www.com.edu/student-services/docs/Student_Handbook_2024-2025_v2.pdf). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
