It is your responsibility to take each assessment quiz according to the Semester Schedule and the four exams during the scheduled time. It also is your responsibility to submit all any other assignment given by your instructor. Practice quizzes *are strongly recommended* as there exists a strong correlation exists between practice and grade attained in class.

Methods of evaluation employed to evaluate student performance are:

- CHAPTER EXAMINATIONS: Four examinations given throughout the semester over assigned textbook chapters 1-3, 5-8 and 10-14. Chapter quizzes must be completed in the allotted time noted in the Semester Schedule and before completing the corresponding chapter exam. The Final Exam is an *optional* exam which will replace the lowest scored Exam; if you do not take it then the Final Exam will not count against you.

No chapter quiz means no chapter exam grade

- QUIZZES: Twelve-chapter quizzes given throughout the semester over assigned textbook chapters 1-3, 5-8 and 10-14. Each quiz allows three attempts with the highest score being recorded. The lowest two quiz grades from each chapter will be dropped so you are encouraged to take it up to three times. At the end of semester Each chapter quiz is available for one week only.

No quiz or exam submissions allowed after the assigned due date elapses for quizzes.

- PRACTICE QUIZZES: Practice quizzes are available online and can be taken as many times as needed. These quizzes serve as preparation for the graded quizzes. Working the practice quizzes multiple times is *strongly* recommended.

Determination of Course Grade/Detailed Grading Formula:

5% Attendance

25% Graded Quiz

70% Exam

Students will be graded on "points-earned" criteria. A grade of C or above is considered acceptable. The instructor DOES NOT give a W. Anything below 70% earns an F grade. It is the student's responsibility to acquire and complete the withdrawal form when and if the student decides to drop the class

Late Work, Make-Up, and Extra-Credit Policy: No make-up work will be accepted except under extenuating circumstances with explicit written consent from the instructor.

Grading Scale:

90%-100% = A

80%-89% = B

70%-79% = C

Below 70% = F

Attendance Policy: As determined by the College of the Mainland

Communicating with your instructor: ALL electronic communication with instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any

information about performance in the class through other electronic means. Typically, emails are answered within a day or less, with weekends answered on the following Monday. Course assignments will be graded within a week.
