#### 4. **Technology**

A graphing calculator is needed for this course. A Texas Instruments TI 83 Plus or TI 84 Plus is recommended. A TI 89 or higher cannot be used for this course.

#### 5. **Course Requirements**

##### **Homework Assignments**

There is an assigned homework for each section to be completed online using MyMathLab.

##### **Quizzes and Exams**

There are four quizzes, five-unit exams and a comprehensive final exam. All of the quizzes and exams are to be done online using MyMathlab. You can retake each quiz just once to improve your score; the higher score will be the one that counts. **There are no retakes on any of the exams. Please devote your time and yourself to learning the concepts. There are no extra credits. Also, no dropping a grade will be allowed.**

#### 6. **Determination of Course Grade**

**Grading Formula:** The course grade will be determined by the following formula:

$$\text{Final Average} = 64\% \text{Chapter Exams Average} + 16\% \text{Final Exam} \\ + 10\% \text{Homework Average} + 10\% \text{Quiz Average}$$

**The Final Exam score will replace the lowest Chapter Exam Score when it is larger.**

##### **Grading Scale:**

Grade A: Final Average in [89.5, 100]  
Grade C: Final Average in [69.5, 79.5)  
Grade F: Final Average in [0, 59.5)

Grade B: Final Average in [79.5, 89.5)  
Grade D: Final Average in [59.5, 69.5)

#### 7. **Makeup policy**

There will be no makeup test for any missed test. However, if a test is missed and you notify me ahead of time, I might arrange for an alternative. No makeup will be granted to be taken during the regular class time. This policy is only good for **ONE MISSED EXAM**. Missing more than one exam will count as ZERO.
