Course Description: Fundamentals of business mathematics including analytical and critical thinking skills.

Course requirements: All students enrolling in their first Internet or Hybrid section must complete the Online Learner Workshop to be able to navigate this course. Register for this free workshop which is listed in the Online Learner Workshop (WBCT 1003) section. You will be able to access the WBCT 1003 course at <https://de.com.edu>

It is your responsibility to take each assessment quiz according to the Semester Schedule and the four exams during the scheduled time. It also is your responsibility to submit all other assignments given by your instructor. Practice quizzes are *strongly recommended* as there exists a strong correlation between practice and the grades attained in this class.

Determination of Course Grade/Detailed Grading Formula:

- **CHAPTER EXAMINATIONS:** Four examinations given throughout the semester over assigned textbook chapters 1-3, 5-8 and 10-14. The Final Exam is an *optional* exam which will

replace the lowest-scored Exam; if you do not take it then the Final Exam will not count against you.

• **PRACTICE QUIZZES:** Practice quizzes are available online and can be taken as many times as needed. These quizzes serve as preparation for the graded quizzes. Working the practice quizzes multiple times is *strongly* recommended.

10% Attendance

90% Exams

Students will be graded on "points-earned" criteria. A grade of C or above is considered acceptable. The instructor DOES NOT give a W. Anything below 70% earns an F grade. It is the student's responsibility to acquire and complete the withdrawal form when and if the student decides to drop the class.

Late Work, Make-Up, and Extra-Credit Policy: No make-up work will be accepted except under extenuating circumstances with explicit written consent from the instructor.

Attendance Policy: As determined by the College of the Mainland. If you will be late or absent from class, please send an email to the instructor indicating such.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statement requiring monitoring and communication expectations via D2L or other LMS)

Directions for filing an appeal can be found in the student handbook https://www.com.edu/student-services/docs/Student_Handbook_2023-2024_v2.pdf. *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor’s professional judgment of the quality of the student’s work and performance is also not an admissible basis for a grade appeal.*
