Required Textbook:

MyLab accounting with Pearson eText (Horngren's Accounting, 13th Edition by Tracie L. Miller-Nobles and Brenda L. Mattison)

Course Description:

This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity's accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation.

Course requirements:

1. The student will correctly respond in writing to the total of 13 objectives, and quantitative - problem exams given throughout the semester. The exams will be taken in class or online without the use of books or class notes unless otherwise specified. The student's response will demonstrate his/her proficiency in the course material. The exams will address **Core Objectives: Empirical and Quantitative Skills and Critical Thinking Skills.**
2. The student will complete 100% of the problem assignments from the Accounting text. These assignments are due at the beginning of the class on the date assigned.

3. MyLab Accounting: The student will complete several problems/labs/homework and cases utilizing Pearson's MyLab Accounting online platform. The student will analyze the case facts given and design an algorithm (or complete a template) to produce the information necessary to satisfy the accounting application. These can be completed in the Tutoring Center or at home. The instructor will issue these assignments on a weekly basis. The directions to complete the assignments will be provided by the instructor. Problems/Lab/homework assignments are 30% of your course grade.

NOTE: No passing grade can be awarded in the course if the student fails to complete the minimum number of problems/labs/homework assignments.

Determination of Course Grade/Detailed Grading Formula:

1. The final grade will be based on the exams given during the semester and completion of the minimum number of Lab and homework assignments.

(a) Chapter Exams (100 points each):	70% of grade
(b) Homework assignments:	30% of grade

Grading Scale:

The following grade scale will be used:

Letter Grade	Final Average in Percent
A	= 90 - 100
B	= 80 - 89
C	= 70 - 79
D	= 60 - 69
F	= 59 - below

Late work, Make-Up Policy:

1. Generally, no make-up exams will be given. If an exam is not taken during the scheduled period, the grade of zero will be recorded.
2. Any make-up exams may be allowed by the instructor **only under extenuating circumstances and at the specific request of the student.**

Attendance Policy:

Roll will be taken in each class period (only if this class is scheduled to be face to face) and 100% attendance is expected. If you are taking this class online, you are expected to log into Blackboard at least 4 times a week. Those students, who in the instructor's judgment miss enough class to prevent successful completion of this course, may be withdrawn from the course. Otherwise, as stated in the College catalog, it will be the responsibility of the students themselves to withdraw from the course prior to the W-Day April 24 deadline if they elect to do so, to assure a grade of "W" rather than a grade of "F".

Communicating with your instructor:

ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means. (Faculty may add additional statements requiring monitoring and communication expectations via Brightspace D2L or other LMS)

Student Learner Outcomes:

Upon successful completion of this course, students will:

1. Identify the role and scope of financial and managerial accounting and the use of accounting information in the decision-making process of managers.
2. Define operational and capital budgeting, and explain its role in planning, control, and decision-making.
3. Prepare an operating budget, identify its major components, and explain the interrelationships among its various components.
4. Explain methods of performance evaluation.
5. Use appropriate financial information to make operational decisions.
6. Demonstrate use of accounting data in the areas of product costing, cost behavior, cost control, and operational and capital budgeting for management decisions.
7. Discuss or review the accounting for stock and bond transactions; prepare the statement of cash flow and selected financial statement ratios.

Core Objectives: Students successfully completing this course will demonstrate competency in the following Core Objectives. The Core Objectives mandated for this course are:

1. Critical Thinking Skills: To include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.

Institutional Policies and Guidelines

Grade Appeal Process: Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook [Student Handbook 2022-2023 v4.pdf \(com.edu\)](#). *An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*

Academic Success & Support Services: College of the Mainland is committed to providing students the necessary support and tools for success in their college careers. Support is offered through our Tutoring

Services, Library, Counseling, and through Student Services. Please discuss any concerns with your faculty or an advisor.

ADA Statement: Any student with a documented disability needing academic accommodations is requested to contact Kimberly Lachney at 409-933-8919 or klachney@com.edu. The Office of Services for Students with Disabilities is located in the Student Success Center.

Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Withdrawal Policy: Students may withdraw from this course for any reason prior to the last eligible day for a “W” grade. Before withdrawing students should speak with the instructor and consult an advisor. Students are permitted to withdraw only six times during their college career by state law. The last date to withdraw from the 1st 8-week session is March 1. The last date to withdraw from the 16-week session is April 24. The last date to withdraw for the 2nd 8-week session is May 3.

FN Grading: The FN grade is issued in cases of *failure due to a lack of attendance*, as determined by the instructor. The FN grade may be issued for cases in which the student ceases or fails to attend class, submit assignments, or participate in required capacities, and for which the student has failed to withdraw. The issuing of the FN grade is at the discretion of the instructor. The last date of attendance should be documented for submission of an FN grade.

Early Alert Program: The Student Success Center at College of the Mainland has implemented an Early Alert Program because student success and retention are very important to us. I have been asked to refer students to the program throughout the semester if they are having difficulty completing assignments or have poor attendance. If you are referred to the Early Alert Program you will be contacted by someone in the Student Success Center who will schedule a meeting with you to see what assistance they can offer in order for you to meet your academic goals.
