Course requirements:

1. Log into Brightspace/D2L at least twice a week to check for Announcements and e-mail, review the Learning Module content, and complete all graded activities.
2. Complete and submit all graded activities within the time limit prescribed by the instructor. Graded activities and their due dates are indicated in the Course Schedule toward the end of this document as well as on the menu bar but are subject to revision if circumstances (such as hurricanes) dictate.

4. The mid-term and final exam will be administered as indicated on the Course Schedule.

Determination of Course Grade/Detailed Grading Formula: Case studies, assignments, chapter quizzes, mid-term exam, and final exam. The Grading Rubric for graded activities is found on the course menu. Quizzes and exams are self-grading by Blackboard.

Grading Scale:

Review Questions	25%		A = 90 - 100.00
Case Studies	10%		B = 80 - 89.99
Quizzes	15%		C = 75 - 79.99*
Mid-Term	20%		D = 60 - 74.99
Final Exam	30%		
Total	100%		

* A minimum final grade of “C” is required to pass this course.

The Medical Assisting program use a competency-based evaluation process that provides the students with three attempts to pass. If the student completes a competency on their first attempt, the student will earn a grade of 100%. If the student completes on their second attempt, the student will earn a grade of 90%. If the student completes on their third attempt, the student will earn a grade of 80%. Should the competency not be passed with an 80% or higher, the student will be required to repeat the course. Competency evaluations are averaged at the end of term for the student's final grade. A student must receive a “C” (75%) or better.” If a student receives a grade of a “D”, or “F” for the same MDCA course on two occasions, the student will not be eligible to continue in the Medical Assistant Program

Quizzes cannot be made up. If you miss a quiz, you will not receive a grade and it might affect your average.

Mid-term and Exam make-ups will not be allowed unless there is an emergency, and I must be notified before the time of the exam.

Late Work: All class work is due on the day it is given– no exceptions! Homework assignments not turned in by the due date will be given a grade of zero. Determination of Course Grade/Detailed Grading Formula (methods of evaluation to be employed to include a variety of means to evaluate student performance): Once the chapter has closed for that week it will not be reopened.

Make-Up Policy: If a student misses a graded activity due to an emergency absence, or illness, of the student it's the student's responsibility to promptly arrange for make-up work. Parameters for make-up work will be made at the discretion of the instructor and may not be an option, depending on the circumstances. It is also at the instructor's discretion to deduct points on late submissions. Keep in mind, you must contact the instructor and make any arrangements for submission. Do not expect the instructor to remind you.

The College has a number of computer labs available for student use. Access to technology necessary for completion of graded activities should not be an issue. Public libraries are also a viable option. Should you choose to use your own personal technology, you assume the risk. Personal technology issues are not a valid excuse for not completing assignments. Tablets and cellular phones are highly discouraged when attempting quizzes and exams. Work on assignments early during the grading week

and contact the instructor if you have issues. Give the instructor a reasonable amount of time to respond – reasonable is 24 hours. **Mid-Term and Final Exams will not be re-opened.** Students will be given an alternate exam.

Attendance Policy: College of the Mainland recommends logging into courses at least 2 or 3 times per week to read content and complete graded activities. It is the responsibility of the student to maintain the pace of the course prescribed in the Course Schedule and to submit all graded activities before or by its due date. Students not logging into the course 2 to 3 times a week can be dropped at the instructor's discretion.

Tardiness Policy: Failure to interact with course content via Brightspace/D2L as indicated on the Course Schedule and module overview pages in Brightspace/D2L can likewise negatively impact a student's final course grade.

Communicating with your instructor: ALL electronic communication with the instructor must be through your COM email. Due to FERPA restrictions, faculty cannot share any information about performance in the class through other electronic means.
