### **Course requirements:**

Students are expected to work through each course module including reading, journal assignments, discussions, quizzes, and module exams. In addition, students will do one paper (concert report) and a group project (groups to be assigned later in the semester).

**Important note:** You are not allowed to stop and restart the timed assessments. They **MUST** be completed in a single sitting.

You are allowed two attempts on each of the quizzes and the higher grade is the one you will receive.

### **All assessments are timed!**

- Quizzes are 45 minutes.
- Module exams are 90 minutes.

You are allowed only one attempt on module exams.

Be prepared for technical issues while taking assessments. If you have a problem with blackboard or your internet you need to contact support and/or myself right away. I will help as best I can. Don't start any timed quiz or exam unless you are certain of a good connection. You should never try to take them on your phone.

### **Writing in an academic fashion:**

When answering questions, journal prompts, or any other kind of writing assignment, you must write as if I do not know the question.

Do not begin any answers with yes or no. You must thoroughly explain your position and support it with examples or facts.

You must use one of two formats. You may number your answers and separate them with a space or you may indent and use paragraph format. Either is acceptable as long as you follow the previous instructions.

It is important to write in an "academic" fashion. Do not use text speak or any kind of short hand. You must use complete sentences, proper grammar, and punctuation. How you speak to your friends is not how you should write. Think of how something might be written in a text book for a college class.

## **Institutional Policies and Guidelines**

**Grade Appeal Process:** Concerns about the accuracy of grades should first be discussed with the instructor. A request for a change of grade is a formal request and must be made within six months of the grade assignment. Directions for filing an appeal can be found in the student handbook. <[https://build.com.edu/uploads/sitecontent/files/student-services/Student\\_Handbook\\_2019-2020v5.pdf](https://build.com.edu/uploads/sitecontent/files/student-services/Student_Handbook_2019-2020v5.pdf).

*An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not an admissible basis for a grade appeal.*
