Textbook Purchasing Statement: A student attending College of the Mainland is not under any obligation to purchase a textbook from the college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Course Description: The study of analysis and writing of tonal melody and diatonic harmony, including fundamental music concepts, scales, intervals, chords, 7th chords, and early four-part writing. Analysis of small compositional forms. Optional correlated study at the keyboard. This course is required for music majors. Concurrent enrollment in [MUSI 1116](#) is required. Prerequisite: TSI Reading 342 or equivalent development course with a grade of "C" or better.

Course requirements: Students must purchase a textbook/software. Students are required to do all assignments assigned in the textbook or given as a handout and required to take all tests. Software assignments will be submitted as required.

Determination of Course Grade/Detailed Grading Formula (methods of evaluation to be employed to include a variety of means to evaluate student performance): The student must complete assignments as they are given online, in the text, and in the workbook. Tests will be taken at the end of each chapter or as often as the instructor feel they are needed. A mid-term and final exam may be given as well as ongoing quizzes. All points on homework, pop quiz, and exams are weighted the same and the follow percentage is used to determine the grade. The instructor reserves the right to make alternate formulas and materials available for students who want to do more work online and/or guided individual study during COVID.

Grading on all test use the following percentages

90 % accuracy = A
80 % accuracy = B
70 % accuracy = C
60 % accuracy = D

Grading Scale:

- A Superior achievement of course objectives
- B Outstanding achievement of course objectives
- C Achievement of minimum course objectives (Not recommended for music majors)
- D Marginal achievement of course objectives
- I A temporary grade given to indicate that, in the instructor's judgment, the student can complete the course objectives within a specified extension of time.
