3. Demonstrate competencies set forth in the TCFP Curriculum Manual for Hazardous Materials Awareness Level First Responder.

4. Demonstrate competencies set forth in the TCFP Curriculum Manual for Hazardous Materials Operations Level First Responders.

**Course Requirements:** The following standards and methods utilized in the Academy are consistent with the Texas Commission on Fire Protection Standards Manual, Curriculum Manual, and College of the Mainland Policies.

**TCFP Course Completion Requirements:** In order to be eligible to take the Basic Fire Suppression Certification examination, cadets must receive a Course Completion issued by the Director, which is based upon completion of course requirements and TCFP Standards. See the "Course Completion Requirements" document, available from of the Blackboard Course Menu.

**Course Content:** All Course Content will be covered during class. Lecture presentations, study aids, and chapter tests are available on the Blackboard course.

**Assignments:** Instructors may require cadets to complete additional assignments before, during, or after class at their discretion.

**Chapter Tests:** Cadets are required to complete the online chapter test by 0800 on the day that a chapter is due to be covered during class, i.e. prior to the lecture. Specific due dates and times are listed in the Course Schedule and on the test instructions.

Selected chapters have tests for both Firefighter I and II. Cadets are required to complete both tests. In addition, instructors may require additional tests or quizzes at any time at their discretion.

The only exception to the above rule are days on which major exams are administered. After the exam, instructors will introduce a new chapter or topic. On such days, chapter tests will be due the following day.

Chapter tests completed after the assigned due date will receive a maximum grade of 75%. An average of all Assignments and Chapter Test grades will account for 20% of the Course Grade.

**Major Examinations:** Examinations will be administered on dates listed in the Course Schedule, consisting of multiple-choice, true/false, and matching questions. Cadets will be given approximately one minute per questions to complete each exam. Exams cover all material presented between scheduled exam dates, however, material from previous exams may also be included for review purposes. Exam 10 is a comprehensive exam that covers material presented during the entire course. An average of Major Exams will account for 20% of the Course Grade.

**Retest Policy:** Cadets must pass all major exams with a minimum grade of 75% in order to continue the course. Cadets who fail to obtain 75% on an exam will be given one opportunity to retest. Cadets who obtain a passing score on the retest will receive a maximum grade of 75%. Cadets failing to pass the retest will be dismissed from the Academy. Cadets will only be allowed three retests during the Academy.

Skills, lectures or activities missed during a retest will be the responsibility of the cadet to make up and may include additional work assignment at the instructor's discretion.

Should a cadet be absent on a scheduled exam, the cadet will take a makeup exam on the next class day returning to the Academy. This exam will be a different version of the exam. The maximum grade that will be attained on a makeup exam is 75%.

**Course Notebooks:** Cadets are required to take handwritten notes during all classes and maintain a Course Notebook that includes lecture notes, handouts, chapter tests, exams, and any other material provided by the instructors. The Notebook Evaluation form lists the grading criteria relative to organization, quality and quantity of notes, and overall notebook composition. The form may be downloaded and printed from the Course Information folder on the course web site.

All notes must be developed by cadets. Cadets will not be allowed to "cut and paste" notes from the presentations from the Blackboard course. Cadets determined to have cut and pasted material will be given a "zero" grade for the current evaluation until correction are made and approved by the Instructor.

Notebooks must be kept up to date and available for grading at all times, i.e. cadets must bring the notebook to class daily. Random checks may be made at any time to ensure that Notebooks are being kept up to date. Failure to maintain Notebooks will result in disciplinary action at the Instructor's discretion.

Notebooks will be evaluated three times during the Academy. The final grade for the Notebook will be an average of these three grades. Cadets will be allowed to correct deficient areas after the initial and mid-term evaluations to improve their grade. An average of the Notebook Evaluation grades will account for 20% of the Course Grade.

**Performance Skills:** Cadets will be required to complete performance skills to the minimum standards required by the TCFP. Performance Skills are graded on a Pass/Fail basis, utilizing the TCFP's Skill Evaluation Sheets. In order to pass each skill, students must successfully complete each element of the Skills' Evaluation Sheet.

Cadets are required to pass all skills. If a cadet fails a skill, additional training and practice will be provided and the cadet will be allowed to attempt the skill again. Continued inability to complete a skill will result in dismissal from the Academy.

**Mandatory Training Evolutions:** Cadets will be required to complete and pass all skill evolutions involving physical proficiency, confined space, aerial ladder climbs, live burn and rescue evolutions in IDLH environments, and other evolutions designed to evaluate competency of firefighter proficiencies.

Failure to complete any skill evolution will result in re-evaluation. Continued inability to complete such skill evolutions satisfactorily will result in dismissal from the Academy.

**Burn Evolutions:** The Academy conducts live fire training and rescue evolutions in environments simulating fire conditions, i.e. heavy smoke, live fire, and significant heat. Cadets will be briefed on the required criteria prior to each evolution. Failure to complete a burn evolution will result in dismissal from the Academy.

Cadets will receive a numeric grade for each burn evolution. The final grade for burn evolutions will be an average of the individual grades. Burn grades will account for 20% of the Course Grade.

**Course Final Examination:** The Final Exam is a comprehensive exam, which covers all material presented throughout the course. The Exam consists of 200 multiple-choice, true/false, and matching questions. Cadets will be given three hours and twenty minutes to complete the exam. The Final Exam will account for 20% of the Course Grade

Cadets must pass the Final Exam with a grade of 75% or better in order to be eligible to take the TCFP's Designated Skills Test and subsequently the Basic Fire Suppression Certification Examination.

**Minimum Course/Grade Category Average:** Cadets must maintain a minimum course average of 75% during the Academy. After each major examination, cadets who do not have a 75% course average will be officially notified and will have until the next major exam to meet this standard. Cadets who fail to meet the standard will be dismissed from the Academy.

This policy also applies to the Grade Categories listed below. Cadets must maintain a minimum of 75% for each category. Cadets failing to maintain 75% on each category will not be eligible for a Course Completion and will be dismissed from the Academy.

**Assignment Failure Policy:** Failing grades will not be allowed to remain on a cadet's grade record for any assignment, e.g. Assignments, Chapters Tests, Major Exams, Notebook Evaluations, and Burn Grades. As previous noted, cadets must successfully complete all performance skills and training evolutions.

In all cases, cadets will be required to resubmit such assignments or retake tests and exams in order to obtain a passing grade. Regarding performance skills, cadets will be provided additional practice and re-evaluation. After additional attempts, cadets failing to successfully complete assignments or performance skills will be dismissed from the Academy.

**Note:** This policy also applies to burn grades or other evolutions for which cadets receive a grade. However, cadets are advised that attempts for live burns and other training evolutions are limited due to logistical reasons. As an example, there will be only one attempt for the Endurance Burn, which is considered the Final Exam for live burn evolutions.

**Fire Academy Rules and Regulations, Cadet Conduct:** College of the Mainland's Fire Academy is certified by the Texas Commission on Fire Protection (TCFP) to conduct Basic Fire Suppression Academies, as well as a variety of courses for certification.
